## **Existentialism With Or Without God:**

*Existentialism: with Or Without God* Francis J. Lescoe, 1974      **Religion Without God** Ray Billington, 2012-11-12 This criticism of theism especially monotheism questions the assumption that rejecting God means rejecting religion Drawing on Western philosophical critiques of religion and non theistic Eastern religions Ray Billington shows how a religion without God could work The concept of religion without God has informed not only the theories of Nietzsche Kant and Spinoza but also expressions of belief in Indian and Chinese religions Hinduism Theravada Buddhism Zen and Taoism Concluding with a look at the the future of faith this is a wide ranging and lucidly written look at what it means to have faith and how this is distinct from religious belief Ray Billington is an experienced and respected author on Eastern religion and philosophy His books include *Understanding Eastern Philosophy* *Living Philosophy* and *East of Existentialism* all published by Routledge He also writes occasional journalism most notably as a contributor to *The Guardian's* Face to Faith column An ex Methodist minister and onetime chaplain with the SAS he has now retired from his post as Principal Lecturer in Philosophy at the University of the West of England      **The Cambridge History of Atheism** Michael Ruse, 2021-09-16 The two volume Cambridge History of Atheism offers an authoritative and up to date account of a subject of contemporary interest Comprised of sixty essays by an international team of scholars this History is comprehensive in scope The essays are written from a variety of disciplinary perspectives including religious studies philosophy sociology and classics Offering a global overview of the subject from antiquity to the present the volumes examine the phenomenon of unbelief in the context of Christian Islamic Buddhist Hindu and Jewish societies They explore atheism and the early modern Scientific Revolution as well as the development of Charles Darwin's theory of evolution and its continuing implications The History also includes general survey essays on the impact of scepticism agnosticism and atheism as well as contemporary assessments of thinking Providing essential information on the nature and history of atheism The Cambridge History of Atheism will be indispensable for both scholarship and teaching at all levels      **Living without God: A Multicultural Spectrum of Atheism** Sanjit Chakraborty, Anway Mukhopadhyay, 2022-11-16 This book deals with the intricate issue of approaching atheism methodologically as well as conceptually from the perspective of cultural pluralism What does atheism mean in different cultural contexts Can this term be applied appropriately to different religious discourses which conceptualize God gods Goddess goddesses and also godlessness in hugely divergent ways Is my God the same as yours If not then how can your atheism be the same as mine In other words this volume raises the question Is it not high time that we proposed a comparative study of atheism's alongside that of religions rather than believing that atheism is centered in the Western experience Apart from answering these questions the book highlights the much needed focus on the philosophical negotiations between atheism theism and agnosticism The fine chapters collected here present pluralist negotiations with the notion of atheism and its ethical theological literary and scientific corollaries Previously published in *Sophia* Volume 60 issue 3 September 2021 Chapters

**"Truth and Proof for the Christian Worldview" A Comprehensive Summary of Christian Apologetics** Kelly J. Walters, 2022-11-22 Why is there something rather than nothing? That is the quintessential philosophical question in mankind's search not only for the existence of the universe but also for the existence, meaning and purpose of life. That question forms the essence for this informative and enlightening book in which author Dr. Kelly J. Walters reveals both the answer, Jesus Christ, and the abundant evidential proof. Everyone longs to know the answers to universally profound questions like: Is God real? or What is the true creation story of the universe and of humankind? or Is there an afterlife? These questions are vast, extreme and complex. While there are many theories, the ultimate empirical and factual answers are impossible to definitively prove for both theist and naturalistic/scientism alike. Both sides require faith. In *Truth and Proof for the Christian Worldview*, Dr. Walters offers evidence and rational proof defending the one position that provides the best logical, experiential and noncontradictory answer for all the above questions: Christianity. Atheist turned Christian, Dr. Walters delves into this convincing evidence, providing an organized and scholarly summary and presentation of the detailed research available for Christian apologetics. He teaches on a plethora of topics including comparative religion, worldviews, key logical arguments and formal proofs for God, the origins of the universe and life, evolution and creationism theories, who is Jesus Christ, what is true Christianity and more. The evidence related to these theological and scientific topics rationally serve to defend, clarify and prove the truth for the reality of the one true God of the Bible as creator of the universe and life.

**Existentialist Patterns in Edwardian Plays** Dr. Manoj Kumar Singh, 2021-11-20 The introduction gives the background of Modern American Drama, which is a kind of slow evolution and has taken place in the form of an amalgamation of various schools. It presents the gradual growth of the American dramatic literature right from Eugene O'Neill up to Edward Albee. This chapter includes the dramatists like Eugene O'Neill, Maxwell Anderson, Robert Sherwood, Lillian Hellman, Clifford Odets, Philip Barry, Tennessee Williams, Arthur Miller and Edward Albee in order to have an understanding of the overall development of the American dramatic literature. In February 1915, an enthusiastic group of young amateurs calling themselves the Washington Square Players, waved a solemn manifesto in the face of New York Drama critics. They opened the Band Box Theatre near the corner of 57th street and Third Avenue. Just a year and a half later, another group, equally young and enthusiastic, took possession of a stable in MacDougal Street to be known thereafter as the Provincetown Theatre. The dramatists of the Washington Square Players were more influenced by Ibsen, Shaw and Maeterlinck, whereas that of the Provincetown group happened to accept Eugene O'Neill as their torch bearer.

**Trajectory of the 21st Century** Lawrence J. Terlizese, 2009-01-10 *Trajectory of the Twenty-first Century* explores what many prophets of the twentieth century such as Oswald Spengler, Paul Tillich, Aldous Huxley, Jacques Ellul and others have predicted would transpire in the current century. Their vision included an out-of-control technological system and

a return to religious sentiment that will ultimately undermine the system to which it is reacting This book aims to accurately present their positions and draw certain logical conclusions from them that pertain to the course of history in our time The book s theme argues that modernity is a secularized version of millennial Christianity which reaches its fullest development in the twenty first century and will regress into what Russian philosopher Nicholas Berdyaev called the new Middle Ages or a new religious period This will mean the twilight of modern technological society as its values of rationalism give way to a postrationalist society Ironically decline will come through further technological advance Omnicide threatens through religious world war driven by transcendent values and modern weaponry Jihadist thinking and posthumanist technology both establish the omnicidal mentality New technologies such as genetic engineering and artificial intelligence created under millennial inspiration to reach for immortality could potentially bring an end to the human species either through a slow steady obsolescence or through environmental catastrophe The titanic forces of technological progress and regress are on a direct collision course in the twenty first century

The Christian, the Atheist and the Freedom Joseph A. Magno, Ph.D., Victor S. La Motte, 1973-01-01      **Theism or Atheism** F.F. Centore, 2017-11-22 From the time of the thinkers of ancient Greece the question of what can be said about the existence and nature of God has been debated by many philosophers and theologians In Theism and Atheism The Eternal Debate F F Centore presents a broad analysis of the major positions that address the question and the thinkers who have contributed to the debate This is an admirably lucid and thorough examination of the history of natural theology Covering the material in a thematic rather than in a strictly chronological way Centore draws out the key positions on topics such as the relationship of science and religion the problem of evil Naturalistic and Supernaturalistic theism and the dispute between essence and existence The proponents of the various positions are considered alongside their most explicit critics Important thinkers dealt with in this work include Plato Aristotle Aquinas Descartes Pascal Kant Hume Hegel Nietzsche Freud and Darwin The diversity of exploration also goes beyond the Judeo Christian tradition to look at Hinduism Buddhism Stoicism Zoroastrianism Confucianism and Classical Paganism This work however is much more than a survey of the major historical arguments and rebuttals concerning God s existence and nature Overall it is a work by a well established Catholic philosopher who concludes that God s existence and nature are indeed compatible with modern science human freedom and the existence of evil in the world

Exile and Restoration in Jewish Thought Ralph Keen, 2011-10-20 Exile and Restoration in Jewish Thought presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers

understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation *The False Dialectic Between Christians and Atheists* Tom Donovan, 2016 Could it be that atheism and belief in God are both forms of avoidance behavior It s easier to focus on belief than it is to take up a new practice of living Perhaps both are ideological distractions that mystify the nature of reality and what knowledge is What if we admit that we are neither believers nor atheists Does that mean we re nothing Philosophy aims to help us understand the world without appealing to something beyond It s considered to be rooted in the search for eternal truths and when the truth is unclear philosophy is expected to embrace modesty and have a willingness to say I don t know Rejecting the false dialectic of God atheism will help us recognize that the world is our construction and our responsibility so long as we are here Drawing on Georg Luk cs and Max Horkheimer the author argues that belief in God and atheism are both ideological distractions They are both forms of immaturity that can only be transcended through action The real good news is that we can do away with belief in the supernatural but it will take more than non belief it will take philosophical action He takes us on a journey through our philosophical practices to purge ourselves of mystified notions The journey is long but at least the path is strewn with the charm of Socrates Descartes Marx and Sartre In short Prof Donovan says Nothing exists but this world our world Nothing is beyond God and atheism Why not become nothing Make yourself and those who matter proud **The Cambridge Companion to Kierkegaard** Alastair Hannay, Gordon Daniel Marino, 1998 Accessible guide to Kierkegaard available serving as a reference to students and non specialists *The Religion of Existence* Noreen Khawaja, 2016-12-02 Keen insight reveals existentialism as one more chapter in Christianity s history Journal of the American Academy of Religion The Religion of Existence reopens an old debate on an important question What was existentialism At the heart of existentialism Noreen Khawaja argues is a story about secular thought experimenting with the traditions of European Christianity This book explores how a distinctly Protestant asceticism formed the basis for the chief existentialist ideal personal authenticity which is reflected in approaches ranging from Kierkegaard s religious theory of the self to Heidegger s phenomenology of everyday life to Sartre s global mission of atheistic humanism Through these three philosophers she argues we observe how ascetic norms have shaped one of the twentieth century s most powerful ways of thinking about identity and difference the idea that the true self is not simply given but something that each of us is responsible for producing Engaging with many central figures in modern European thought this book is of value to philosophers and historians of European philosophy scholars of modern Christianity and those working on problems at the intersection of religion and modernity **Jean Améry and Existentialism's Limits** John Reed

Spiers, **No Apology Necessary Atheism Refuted Eternal Causal Intelligence Affirmed A Comprehensive Compendium of Intelligent Refutations to Atheism** Gregory Lessing Garrett, 2018-11-15 This book contains my writings other apologetics writers top scientists thinkers and scholars on the topics of Ontology Evolutionary Theory Theology Biogenesis Quantum Physics Philosophy Science Physics Scientism and Epistemology pertaining to the core topic of Refutations to Atheistic Materialism Crucial to consider is the idea that it is not any one refutation or data point of evidence pointing to the plausibility of there being an Eternal Causal Intelligence that creates a case for the strong possibility of such an Eternal Causal Intelligence a Creator Rather it is the summation of ALL such robust data points and proofs that culminates in an over arching and inescapable conclusion that such a Creator is not only highly plausible and therefore worthy of serious scientific philosophic and theological consideration but moreover to reject such a conclusion based upon the cumulative data is tantamount to an overt confession of scientific malpractice and a glaring Naturalism biases The Bloomsbury Companion to Continental Philosophy John Ó Maoilearca, Beth Lord, 2013-02-14 Originally published as the Continuum Companion to Continental Philosophy this book offers the definitive guide to contemporary Continental thought It covers all the most pressing and important themes and categories in the field areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research Twelve specially commissioned essays from an international team of experts reveal where important work continues to be done in the field and valuably how the various topics intersect Featuring a series of indispensable research tools including an A to Z of key terms and concepts a chronology and a guide to practical research in the field this is the essential reference tool for anyone working in and studying Continental Philosophy *Kierkegaard and Nietzsche* J. Kellenberger, 1997-03-24 This book examines the thinking of two nineteenth century existentialist thinkers Soren Kierkegaard and Friedrich Nietzsche Its focus is on the radically different ways they envisioned a joyful acceptance of life a concern they shared For Kierkegaard in Fear and Trembling joyful acceptance flows from the certitude of faith For Nietzsche in Thus Spoke Zarathustra joyful acceptance is an acceptance of the eternal recurrence of life and is ultimately a matter of will This book explores the relationship between these opposed visions **Finding Meaning** Steven DeLay, 2023-10-13 The word nihilism today is everywhere A staple of common speech ever since its coinage by Friedrich Heinrich Jacobi in the eighteenth century is there any other term of philosophical provenance more descriptive of our times Finding Meaning Essays on Philosophy Nihilism and the Death of God deepens the longstanding and ongoing debate about the problem of nihilism Drawing upon a wide range of philosophical and theological schools traditions and figures the eleven specially commissioned essays by international scholars enrich the discussion of how to meet the challenge of nihilism Fundamental problems and topics include the existence of God the origins and status of morality the nature and meaning of history the relation between reason and faith the status and role of philosophical knowledge the place of art and religion in society the future of modernity the nature of postmodernity the perils of

technology the specter of transhumanism and the history of philosophy from Augustine to Kant and Hegel Nietzsche to Kierkegaard and Dostoevsky and Heidegger to Sartre and Camus Based on a popular series of online essays published at London artist and philosopher Richard Marshall's 3 16 AM Finding Meaning is essential reading for students and scholars of philosophy and theology and for anyone with a genuine interest in making sense of what it means to be human in an age of nihilism

**The God Conspiracy** Osho, 2010-02-01 Not believing but only experiencing says Osho in this inspiring book is a way of finding truth and meaning While Nietzsche's declaration that God is dead therefore man is free was an incredible step in understanding he argues it is in itself a negative solution and does not bring freedom Simply removing God is not enough In *The God Conspiracy* Osho offers a solution beyond Nietzsche meditation a direct connection with existence itself Here he shows how Zen and meditation allow us to find meaning and significance creativity receptivity and a path to freedom Zen has no God but it has a tremendous power to transform our consciousness to bring so much awareness that committing evil becomes inconceivable This book argues persuasively that transformation cannot be imposed but must come from one's innermost being and understanding

*God is Dead, Now Zen is the Only Living Truth* Osho, 2024-05-04 God is the greatest dictator if you accept the fiction that he created the world and also created mankind If God is a reality then man is a slave a puppet All the strings are in his hands even your life Then there is no question of any enlightenment Then there is no question of there being any Gautam the Buddha because there is no freedom at all He pulls the strings you dance he pulls the strings you cry he pulls the strings you start murders suicide war You are just a puppet and he is the puppeteer
