

# EXODUS and REVOLUTION

MICHAEL WALZER

# Exodus And Revolution

**Roland Boer**

## **Exodus And Revolution:**

**Exodus And Revolution** Michael Walzer, 1986-10-09 A noted political philosopher offers a moving meditation on the political meanings of the biblical story of Exodus from oppression to deliverance and the promised land Exodus and Revolution Michael Walzer, 1986-09-01 Examines the political ramifications of Exodus and interprets the biblical story in terms of a framework for modern political radicalism *Exodus und Revolution* Michael Walzer, 1988 **Blaming the Victims** Christopher Hitchens, Edward W. Said, 2020-05-05 Since the 1948 war which drove them from their heartland the Palestinian people have consistently been denied the most basic democratic rights *Blaming the Victims* shows how the historical fate of the Palestinians has been justified by spurious academic attempts to dismiss their claim to a home within the boundaries of historical Palestine and even to deny their very existence Beginning with a thorough exposé of the fraudulent assertions of Joan Peters concerning the indigenous inhabitants of Palestine prior to 1948 the book then turns to similar instances in Middle East research where the truth about the Palestinians has been systematically suppressed from the bogus though still widely believed explanations of why so many Palestinians fled their homes in 1948 to today's distorted propaganda about PLO terrorism The volume also includes sharp critiques of the wide consensus in the USA which supports Israel and its territorial ambitions while maintaining total silence about the competing reality of the Palestinians **Marxist Criticism of the Bible** Roland Boer, 2003-10-01 This is the first large scale critical introduction for biblical criticism of a significant area of contemporary cultural and literary theory namely Marxist literary criticism The book comprises studies of major figures in the tradition specifically Althusser Gramsci Eagleton Adorno Benjamin Bloch Lefebvre Lukács and Jameson At the same time through careful choice of critics the book will function as a general introduction to Marxist literary theory as a whole in relation to biblical studies Throughout the aim is to show how this material is relevant to biblical criticism in terms of both particular approaches to the Bible and the use of those approaches for interpreting selected texts from Genesis Exodus Ruth 1 Samuel 1 2 Kings Jeremiah Ezekiel Psalms and Daniel Biblical Seminar Series Volume 87 **Unsettling the World** Jeanne Morefield, 2022-04-29 *Unsettling the World* is the first book length treatment of Edward Said's influential cultural criticism from the perspective of a political theorist Arguing that the generative power of Said's thought extends well beyond *Orientalism* the book explores Said's writings on the experience of exile the practice of contrapuntal criticism and the illuminating potential of worldly humanism Said's critical vision Morefield argues provides a fresh perspective on debates in political theory about subjectivity global justice identity and the history of political thought Most importantly she maintains Said's approach offers theorists a model of how to bring the insights developed through historical analyses of imperialism and anti colonialism to bear on critiques of contemporary global crises and the politics of American foreign policy *Exodus and Liberation* John Coffey, 2014 Tracing a series of political crises in Anglo American history from the 16th century Reformation to the civil rights movement Coffey excavates the history of deliverance politics testifying to the powerful

political appeal of the Exodus the Jubilee and the biblical language of liberty      **The Joshua Generation** Rachel Havrelock,2022-03-29 The Joshua Generation examines the book of Joshua s many lives from its relationship to ancient political forms to the present Israeli Occupation Its scope encompasses the nationalist celebrations and the stringent critiques of the biblical volume along with their impacts on political discourse and lived space      **The New Jewish Canon** Yehuda Kurtzer,Claire E. Sufrin,2020-08-04 Extraordinarily rich lively and illuminating The editors have succeeded magnificently in achieving their goal Jewish Journal The late twentieth and early twenty first centuries have been a period of mass production and proliferation of Jewish ideas and have witnessed major changes in Jewish life and stimulated major debates The New Jewish Canon offers a conceptual roadmap to make sense of such rapid change With over eighty excerpts from key primary source texts and insightful corresponding essays by leading scholars on topics of history and memory Jewish politics and the public square religion and religiosity and identities and communities The New Jewish Canon promises to start conversations from the seminar room to the dinner table The New Jewish Canon is both text and textbook of the Jewish intellectual and communal zeitgeist for the contemporary period and the recent past canonizing our most important ideas and debates of the past two generations and just as importantly stimulating debate and scholarship about what is yet to come      **The Testimony of Two Nations** Michael Austin,2024-01-02 Understanding the Book of Mormon on its own terms and through its two way connection with the Bible Like the Hebrew Bible and the Christian Bible the Book of Mormon uses narratives to develop ideas and present instruction Michael Austin reveals how the Book of Mormon connects itself to narratives in the Christian Bible with many of the same tools that the New Testament used to connect itself to the Hebrew Bible to create the Christian Bible As Austin shows the canonical context for interpreting the Book of Mormon includes the Christian Bible the Book of Mormon itself and other writings and revelations that hold scriptural status in most Restoration denominations Austin pays particular attention to how the Book of Mormon connects itself to the Christian Bible both to form a new canon and to use the canonical relationship to reframe and reinterpret biblical narratives This canonical context provides an important and fruitful method for interpreting the Book of Mormon      **Culture and Legacy of the Russian Revolution** Christopher Balme,Burcu Dogramaci,Christoph Hilgert,Riccardo Nicolosi,Andreas Renner,2020-12-11 The Russian Revolution of October 1917 was an event of global significance Despite this fact public attention and even research mostly focused on Russia and the other states that became part of USSR for many decades The impact of these dramatic events on other parts of the world was neglected or not systematically explored until recently And in analyzing the events political history still dominates the field This volume which is largely based on papers presented at the third annual conference of the Graduate School for East and Southeast European Studies adds to this image some valuable perspectives by exploring the culture as well as the political and cultural legacy of the Russian Revolution Three focal points are taken here the revolution s rhetoric and performance its religious semantics and its impact on Asia      Edward Said and the

Religious Effects of Culture William D. Hart, William David Hart, 2000-04-13 This book provides a distinctive account of Edward Said's critique of modern culture by highlighting the religion secularism distinction on which it is predicated. It refers to religious and secular traditions and to tropes that extend the meaning and reference of religion and secularism in indeterminate ways. It covers Said's heterogeneous corpus from Joseph Conrad and the Fiction of Autobiography, his first book, to Orientalism, his most influential book, to his recent writings on the Palestinian question. The religion secularism distinction lies behind Said's cultural criticism and his notion of intellectual responsibility. **The Curse of Cain** Regina M. Schwartz, 1998-10 The Curse of Cain confronts the inherent ambiguities of biblical stories on many levels and in the end offers an alternative inspiring reading of the Bible that is attentive to visions of plenitude rather than scarcity and to an ethics based on generosity rather than violence. A provocative and timely examination of the interrelationship of monotheism and violence. This is a refreshing alternative to criticism biblical and otherwise that so often confuses interpretation with closure. It is an invitation to an ethic of possibility, plenitude and generosity, a welcome antidote to violence as important for its insights into memory, identity and place as for its criticism of monotheism's violent legacy. Booklist Brilliant and provocative, this is a work demanding close attention from critics, theologians and all those interested in the imaginative roots of common life. Rowan Williams, Bishop of Monmouth A stunningly important book. Walter Brueggemann, Theology Today Artfully rendered, endlessly provocative. Lawrence Weschler, New Yorker **To Heal the World?** Jonathan Neumann, 2018-06-26 A devastating critique of the presumed theological basis of the Jewish social justice movement, the concept of healing the world. What is tikkun olam? This obscure Hebrew phrase means literally healing the world and according to Jonathan Neumann it is the master concept that rests at the core of Jewish left wing activism and its agenda of transformative change. Believers in this notion claim that the Bible asks for more than piety and moral behavior; Jews must also endeavor to make the world a better place. In a remarkably short time, this seemingly benign and wholesome notion has permeated Jewish teaching, preaching, scholarship and political engagement. There is no corner of modern Jewish life that has not been touched by it. This idea has led to overwhelming Jewish participation in the social justice movement as such actions are believed to be biblically mandated. There's only one problem: the Bible says no such thing. In this lively theological polemic, Neumann shows how tikkun olam, an invention of the Jewish left, has diluted millennia of Jewish practice and belief into a vague feel good religion of social justice. Neumann uses religious and political history to debunk this pernicious idea and shows how the Bible was twisted by Jewish liberals to support a radical left wing agenda. In *To Heal the World*, Neumann explains how the Jewish Renewal movement aligned itself with the New Left of the 1960s and redirected the perspective of the Jewish community toward liberalism and social justice. He exposes the key figures responsible for this effort, shows that it lacks any real biblical basis and outlines the debilitating effect it has had on Judaism itself. **Intellectual Resistance and the Struggle for Palestine** M. Abraham, 2014-08-07 By positioning the late Edward Said's political interventions as a public

intellectual on behalf of Palestinian populations living under Israeli occupation as a form of intellectual resistance Abraham moves to consider forms of physical resistance seeking to better understand the motivations of those who choose to turn their bodies into weapons      The Bible After Babel John Joseph Collins,2005-11-15 In *The Bible after Babel* John J Collins considers the effect of the postmodern situation on biblical primarily Old Testament criticism over the last three decades Collins examines the quest of historical criticism to objectively establish a text's basic meaning Accepting that the Bible may no longer provide secure foundations for faith Collins still highlights its ethical challenge to be concerned for the other A challenge central both to Old Testament ethics and to the teaching of Jesus from publisher description      »*Faith in the World*« Rafael Zawisza,Ludger Hagedorn,2021-11-24 Dieses Buch greift ein zentrales aber wenig beachtetes Thema im Werk Hannah Arendts auf ihr ambivalentes Verhältnis zum jüdisch christlichen Erbe Schon in ihrer Dissertation über den Liebesbegriff bei Augustinus entwickelte sie die Hauptmomente ihrer Lesart Arendts starkes Konzept der Weltlichkeit könnte gerade heute hilfreich sein für einen Ausgleich zwischen Skularismus und dem offenkundigen Fortwirken religiöser Überzeugungen Obschon Arendt sich explizit als skulare Denkerin verstand öffnet ihr Werk Perspektiven einer neuen vielleicht sogar messianischen Haltung zur Weltlichkeit und Endlichkeit des Lebens In einer bemerkenswerten Formulierung der *Vita activa* charakterisiert sie diese mit den Worten Vertrauen und Hoffnung      **Pilgrimage, Politics, and International Relations** M. Barbato,2012-12-28 A standout contribution to post secular IR theory this book addresses issues of global politics from cooperation to conflict and shows how a religious metaphor the pilgrim can help us to rethink our concepts of self agency and community in a time of changing world order      Nature and Time, Volume II Dong In Baek,2025-02-20 Unlock a transformative perspective on peace and reconciliation with *Nature and Time Volume II* Paths to Justice and Transformation In this compelling work Baek Dong In invites the reader to reimagine the intricate interplay between nature time and history transcending traditional boundaries to offer fresh insights into unity on the Korean Peninsula Drawing from the profound ideas of philosophers like Heidegger Kant and Nietzsche this book challenges the notion of Korea as a static entity mired in past conflicts Instead it portrays the peninsula as a dynamic evolving space shaped by diverse historical cultural and ideological currents By weaving together theology philosophy and socio political analysis Baek reveals how the rhythms of nature and the cycles of time can illuminate new paths toward reconciliation This isn't just a theoretical exploration it's a call to action *Nature and Time Volume II* encourages readers to engage deeply with the forces that shape the world offering a holistic approach to healing divisions and fostering peace not only in Korea but wherever conflict persists Join this enlightening journey and discover how the convergence of nature and time can inspire justice and transformation in the shared human experience      The Degradation of American History David Harlan,2009-02-15 American historical writing has traditionally been one of our primary forms of moral reflection However David Harlan argues that in the disillusionment following the 1960s history abandoned its redemptive potential and took up the methodology of the social

sciences In this provocative new book Harlan describes the reasons for this turn to objectivity and professionalism explains why it failed and examines the emergence of a New Traditionalism in American historical writing Part One The Legacy of the Sixties describes the impact of literary theory in the 1970s and beyond the rise of women s history the various forms of ideological analysis developed by historians on the left and the crippling obsession with professionalism in the 1980s Part Two The Renewal of American Historical Writing focuses on the contributions of John Patrick Diggins Hayden White Richard Rorty Elaine Showalter Henry Louis Gates Jr and others Harlan argues that at the end of the twentieth century American historical writing is perfectly poised to become what it once was not one of the social sciences in historical costume but a form of moral reflection that speaks to all Americans A wholly admirable work This book will be talked about for years

Library Journal

Right here, we have countless books **Exodus And Revolution** and collections to check out. We additionally meet the expense of variant types and in addition to type of the books to browse. The normal book, fiction, history, novel, scientific research, as capably as various further sorts of books are readily manageable here.
