Invisible Intimacy

Daniel M. Gross

Invisible Intimacy:

Invisible Intimacy Jayne Ann Saporito, 2005-03-01 Carol Harrison a stunningly beautiful suburban homemaker and mother married to dynamic attorney Greg Harrison seemingly has it all Unexpectedly her life is changed by a single keystroke online late one night beginning a process that quickly unravels her world Enter seductively handsome Brandon Casey Kent Their steamy rendezvous sizzles Amid the spectacular rugged foothills of Southern California their story unfolds Carol precipitated into the unknown territories of infidelity guilt and unbridled passion faces the wrath of Greg and embarks on a twisting journey with her Internet lover Shocking secrets are revealed and unforeseen events unfold challenging every fiber of Carol's being Can one keystroke on a computer determine the fate of many lives What is Carol's destiny **Living Name** Mark Halliday, 2025-03-20 Living Name is a collection of essays on American poetry written by an expert practitioner of that art Poet and critic Mark Halliday turns his attention to the work of poets who interest him because they create convincing voices of people dealing with the everyday Instead of trying to survey the vast variety of modern poetry Halliday considers an idiosyncratic selection of poets he finds compelling for their originality of style and exploration of human possibilities including Walt Whitman Kenneth Fearing Kenneth Koch Robert Pinsky Rachel Wetzsteon Tony Hoagland Claire Bateman and Dean Young Each essay includes thorough close readings of individual poems reflecting a commitment to the idea that a poem as a work of art needs to be appreciated as a unified whole Halliday's writing is judicious and meditative but not overly scholarly or academic A long piece at the beginning of the book Poetry and the Rescue of Particulars argues that poems often attempt to reclaim the details of our usual routines from the chaotic confusion and noise of daily existence The impulse to write a poem Halliday believes often stems from the notion that representing in poetry a sliver of human life keeps it in the world as a trace of the vanishing moment is retained and endowed with some form of lasting reality Throughout Living Name Halliday enacts the allegiances that have driven his criticism for many years to listen for genuine voices in poetry to study whole poems not merely passages and to look for intelligent efforts to illuminate truths of human experience

Being-Moved Daniel M. Gross, 2020-03-03 If rhetoric is the art of speaking who is listening In Being Moved Daniel M Gross provides an answer showing when and where the art of speaking parted ways with the art of listening and what happens when they intersect once again Much in the history of rhetoric must be rethought along the way And much of this rethinking pivots around Martin Heidegger's early lectures on Aristotle's Rhetoric where his famous topic Being gives way to being moved The results Gross goes on to show are profound Listening to the gods listening to the world around us and even listening to one another in the classroom all of these experiences become different when rhetoric is reoriented from the voice to the ear *The Eroticization of Distance* Joseph D. Kuzma, 2016-07-26 In *The Eroticization of Distance* Nietzsche Blanchot and the Legacy of Courtly Love Joseph D Kuzma explores the significance of courtly erotic themes in Friedrich Nietzsche's mature philosophy and in Maurice Blanchot's writings of the 1940s and early 1950s Rather than offering an account of erotic

relationality that prioritizes reconciliation fulfillment or release Nietzsche attempts to formulate a nonteleological eroticism that aims at nothing but the perpetual intensification of desire Kuzma suggests that it is Blanchot who carries Nietzsche's courtly erotic tendencies to their most provocative point by highlighting potentials for intimate relationality that might be established through a shared experience of dispossession and loss This first monograph to engage specifically with the theme of eroticism in Blanchot's writings will be of interest not only to students and scholars of Nietzsche Blanchot or French philosophy but also anyone interested in the philosophy of sexuality the history of love theories of the emotions or nineteenth and twentieth century European thought more generally

Invisible Relations Elizabeth Susan Wahl, 1999 This book explores how representations of intimacy between women included both a sexualized model of the lesbian tribade and an idealized model that portrayed female friendship as devoid of sexual expression

Opera for Everyone Megan Steigerwald Ille, 2024-04-15 Opera for Everyone The Industry's Experiments with American Opera in the Digital Age draws on seven years of multi-sited ethnography to examine the acclaimed experimental productions of Los Angeles based opera company The Industry Steigerwald Ille understands The Industry's productions as part of an emerging wave of U.S. operas that integrate new media and interactive performance through means such as site specificity and simulcast video and then traces the company's path from Crescent City 2012 the company's first production to Sweet Land 2020 the company's final production before switching to a new production model Steigerwald Ille argues that by moving opera outside of the opera house The Industry's productions expose the economic and aesthetic structures key to the circulation of operatic performance at the same time that they deploy opera as a tool for digital listening community engagement popular entertainment and commentary on systemic racism and settler colonialism Through ethnographic work with The Industry's creators and performers and close examination of the company's first decade of work this book reveals how The Industry paradoxically provides both a roadmap and boundary line for experimental and traditional companies trying to find new ways to approach operatic performance in the twenty-first century United States

Connexions Jennifer Brier, Jim Downs, Jennifer L Morgan, 2016-09-08 Connexions investigates the ways in which race and sex intersect overlap and inform each other in United States history An expert team of editors curates thought-provoking articles that explore how to view the American past through the lens of race and sexuality studies Chapters range from the prerevolutionary era to today to grapple with an array of captivating issues how descriptions of bodies shaped colonial Americans' understandings of race and sex same-sex sexual desire and violence within slavery whiteness in gay and lesbian history college women's agitation against heterosexual norms in the 1940s and 1950s the ways society used sexualized bodies to sculpt ideas of race and racial beauty how Mexican silent film icon Ramon Navarro masked his homosexuality with his racial identity and sexual representation in mid-twentieth century black print pop culture The result is both an enlightening foray into ignored areas and an elucidation of new perspectives that challenge us to reevaluate what we know of our own history Contributors Sharon Block Susan K Cahn
