The

Crisis ,1953-03 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens Topic-Driven Environmental Rhetoric Derek G. Ross,2017-02-24 The chapters in this collection address four overarching areas of common topics in technical communication and environmental rhetoric framing place risk and uncertainty and sustainability

Surveillance Society David Lyon,2001-02-16 In what ways does contemporary surveillance reinforce social divisions How are police and consumer surveillance becoming more similar as they are automated Are we forced to choose between classical and poststructuralist approaches in explaining surveillance Why is surveillance both expanding globally and focusing more on the human body Surveillance Society takes a post privacy approach to surveillance with a fresh look at the relations between technology and society Personal data is collected from us all the time whether we know it or not through identity numbers camera images or increasingly by other means such as fingerprint and retinal scans This book examines the constant computer based scrutiny of ordinary daily life for citizens and consumers as they participate in contemporary societies It argues that to understand what is happening we have to go beyond Orwellian alarms and cries for more privacy to see how such surveillance also reinforces divisions by sorting people into social categories The issues spill over narrow policy and legal boundaries to generate responses at several levels including local consumer groups internet activism and international social movements In this fascinating study sociologies of new technology and social theories of surveillance are illustrated with examples from North America Europe and Pacific Asia David Lyon provides an invaluable text for undergraduate and postgraduate sociology courses both in social theory and in science technology and society It will also appeal much more widely for example to those with an interest in politics social control human geography and public administration **Virtual Geographies** Mike Crang,Phil Crang,Jon May,2013-04-15 This book examines the

interrelationship between telecommunications and tourism in shaping the nature of space place and the urban at the end of the twentieth century They discuss how these agents are instrumental in the production of homogenous world spaces and how these in turn presuppose new kinds of political and cultural identity Virtual Geographies explores how new communication technologies are being used to produce new geographies and new types of space Leading contributors from a wide range of disciplines including geography sociology philosophy and literature investigate how visions of cyberspace have been constructed offer a critical assessment of the status of virtual environments and geographies explore how virtual environments reshape the way we think and write about the world This book sets recent technological developments in a historical and geographical perspective to offer a clearer view of the new vistas ahead *Invisible Crises* George

Gerbner, Hamid Mowlana, 1996-07-05 Hidden from public sight and mind today are invisible crises that threaten our democracy and existence more than the crises we know about or think we know about These invisible crises include the promotion of practices that drug hurt poison and kill thousands every day cults of violence that desensitize terrorize and brutalize the growing siege mentality of our cities widening resource gaps and the most glaring inequalities in the industrial world the costly neglect of vital institutions such as public education and the arts and media assisted make believe image politics corrupting the electoral process Deprived of sustained attention but bombarded by eruptions of surface consequences often presented as unique events stripped of historical context people are bewildered fearful angry and cynical The contributors to this volume exploring such unattended crises analyzing why they are hidden and focusing on the increasing concentration of culture power that keeps them from view maintain that a profound general crisis of social vision public communication and representative government underlies all of the invisible crises Splintering Urbanism Steve Graham, Simon Marvin, 2002-09-11 Splintering Urbanism makes an international and interdisciplinary analysis of the complex interactions between infrastructure networks and urban spaces It delivers a new and powerful way of understanding contemporary urban change bringing together discussions about globalization and the city technology and society urban space and urban networks infrastructure and the built environment developed developing and post communist worlds With a range of case studies illustrations and boxed examples from New York to Jakarta Johannesburg to Manila and Sao Paolo to Melbourne Splintering Urbanism demonstrates the latest social urban and technological theories which give us an understanding of our contemporary metropolis **Youth Crisis** Nanette J. Davis, 1999-04-30 What is the social condition of youth in modern society This is the question taken up by this passionate and substantive book The author argues that youth are at a crisis state The crisis has been brought about by the general state of social crisis violence questions of political legitimacy educational decline as well as the decline of compassion as a core principle of culture The author draws on a variety of trends and scholarly research to examine the problems of growing up in a high risk society and offers pathways to spiritual renewal and cultural renewal essential for salvaging the next generation The study takes on the youth crisis as a compelling public issue exploring various manifestations of the crisis endangered youth gang participation youth addictions unworkable schools violence in the home and on the streets homelessness and the near genocidal conditions that plague African American and urban youth Students educators and policy makers as well as anyone interested in the plight of youth and the steps necessary to successfully overcome the crisis will find this book invaluable and memorable *Fearless Editing* Tim Pilgrim, Carolyn Dale, 2017-09-29 Fearless Editing clearly articulates the basic concepts underlying editing techniques and demonstrates their application for newspapers public relations magazines and Web pages This text takes a conceptual approach that integrates verbal skills with visual elements Unlike other texts that are clearly designed for print this book includes multi media applications in every chapter *A Companion to Media Studies* Angharad N. Valdivia, 2008-04-15 A

Companion to Media Studies is a comprehensive collection that brings together new writings by an international team to provide an overview of the theories and methodologies that have produced this most interdisciplinary of fields Tackles a variety of central concepts and controversies organized into six areas of study foundations production media content media audiences effects and futures Provides an accessible point of entry into this expansive and interdisciplinary field Includes the writings of renowned media scholars including McQuail Schiller Gallagher Wartella and Bryant Now available in paperback for the course market
