The Legacy of Soviet Dissent Robert Horvath, 2013-05-13 During the 1970s dissidents like Sakharov and Solzhenitsyn dominated Western perceptions of the USSR but were then quickly forgotten as Gorbachev's reformers monopolised the spotlight This book restores the dissidents to their rightful place in Russian history Using a vast array of samizdat and published sources it shows how ideas formulated in the dissident milieu clashed with the original programme of perestroika and shaped the course of democratisation in post Soviet Russia Some of these ideas such the dissidents preoccupation with glasnost and legality and their critique of revolutionary violence became part of the agenda of Russia's democratic movement But this book also demonstrates that dissidents played a crucial role in the rise of the new Russian radical nationalism Both the friends and foes of Russian

democracy have a dissident lineage *The Legacy of the International Criminal Tribunal for the Former Yugoslavia* the late Bert Swart, Alexander Zahar, Göran Sluiter, 2011-05-19 The International Criminal Tribunal for the Former Yugoslavia ICTY was established in 1993 and is due to complete its trials by 2011 Easily the most credible and prodigious of the international tribunals established in this period the ICTY is by far the most important source of case law on international criminal law This is reflected in the citations it receives by other courts and by learned commentators Long after its dissolution the ICTY will most likely serve as an important frame of reference for the International Criminal Court and other courts dealing with international crimes including national courts The publication of this book coincides with the year of cessation of trial activity at the ICTY Its purpose is to mark this significant milestone in international law with a series of in depth critical reflections on the institution s legacy by eminent scholars and practitioners In the course of seventeen chapters the contributing authors analyse the main features of the ICTY s work in an unprecedented examination of the institution s legitimacy core principles methodologies unstated assumptions political circumstances and impact and indeed its legacy *The Totalitarian Legacy of the Bolshevik Revolution* Paul Hollander, 2019-06-18 This book analyzes the human costs of the Bolshevik Revolution The contributors provide sober depictions of the nature of Bolshevism and detail the dangers of utopian politics and ideologies based in the cosmetic aesthetics of moral perfectionism **The Legacy of Jihad** Andrew G. Bostom, M.D., 2010-12-29 This book reveals how for well over a millennium and across three continents Asia Africa and Europe non Muslims who were vanquished by jihad wars became forced tributaries called dhimmi in Arabic in lieu of being slain Under the dhimmi religious caste system non Muslims were subjected to legal and financial oppression as well as social isolation Extensive primary and secondary source materials many translated here for the first time into English are presented making clear that jihad conquests were brutal imperialist advances which spurred waves of Muslims to expropriate a vast expanse of lands and subdue millions of indigenous peoples Finally the book examines how jihad war as a permanent and uniquely Islamic institution ultimately regulates the relations of Muslims with non Muslims to this day Scholars educators and interested lay readers will find this collection an invaluable resource **Legacy of the Ripper** Brian L. Porter, 2021-12-09 Eighteen years after the events of A Study in Red young Jack Reid nephew of Robert Cavendish discovers the journal that previously belonged to his uncle A troubled child with psychological issues Jack s recent years have been relatively problem free But after discovering the mysterious journal his personality changes overnight and he soon leaves his home Soon a series of gruesome murders similar to the Whitechapel Murders of 1888 start taking place in the seaside resort of Brighton Detective Inspector Mike Holland and Sergeant George Wright are pulled into a case that will tax their investigative skills to the limit Who is the man in the strange old house on Abbotsford Road and does he have a connection to the young Jack Reid And what is the truth behind the riddle in the Legacy of The Ripper *Kill Boxes: Facing the Legacy of US-Sponsored Torture, Indefinite Detention, and Drone Warfare* Richard Falk, Elisabeth Weber, 2017 Kill Boxes addresses the legacy of US sponsored

torture indefinite detention and drone warfare by deciphering the shocks of recognition that humanistic and artistic responses to violence bring to consciousness if readers and viewers have eyes to face them Beginning with an analysis of the ways in which the hooded man from Abu Ghraib became iconic subsequent chapters take up less culturally visible scenes of massive violations of human rights to bring us face to face with these shocks and the forms of recognition that they enable and disavow We are addressed in the photo of the hooded man all the more so as he was brutally prevented in our name from returning the camera s and thus our gaze We are addressed in the screams that turn a person tortured in our name into howling flesh We are addressed in poems written in the Guant namo Prison camp however much American authorities try to censor them in our name We are addressed by the victims of the US drone wars however little American citizens may have heard the names of the places obliterated by the bombs for which their taxes pay And we know that we are addressed in spite of a number of strategies of brutal refusal of heeding those calls Providing intensive readings of philosophical texts by Jean Am ry Jacques Derrida and Christian Thomasius with poetic texts by Franz Kafka Paul Muldoon and the poet detainees of Guant namo Bay Prison Camp and with artistic creations by Sallah Edine Sallat the American artist collective Forkscrew and an international artist collective from Pakistan France and the US Kill Boxes demonstrates the complexity of humanistic responses to crimes committed in the name of national security The conscious or unconscious knowledge that we are addressed by the victims of these crimes is a critical factor in discussions on torture on indefinite detention without trial as practiced in Guant namo and in debates on the strategies to circumvent the latter altogether as practiced in drone warfare and its extrajudicial assassination program The volume concludes with an Afterword by Richard Falk

The Life and Legacy of Maximilien Robespierre Charles River Editors, 2025-05-14 In many ways it is fitting that Maximilien Robespierre 1758 1794 is one of the best known figures of the French Revolution if not its most famous The early

years of the Revolution were fueled by Enlightenment ideals seeking the social overthrow of the caste system that gave the royalty and aristocracy decisive advantages over the lower classes Few were as vocal in their support of Enlightenment ideals as Robespierre who was heavily versed in Rousseau and Montesquieu a champion of the bourgeoisie and an advocate of human rights who opposed both slavery and the death penalty But history remembers the French Revolution in a starkly different way as the same leaders who sought a more democratic system while out of power devolved into establishing an incredibly repressive tyranny of their own once they acquired it For that reason the Reign of Terror became the most memorable aspect of the Revolution and at the head of it all was Robespierre whose position on the Committee of Public Safety made him the Reign of Terror s instrumental figure until he himself became a victim of the Revolution s extremism Robespierre has remained one of the Revolution s most controversial figures an enigma in both life and death Known as The Incorruptible to supporters and a bloodthirsty dictator to his opponents what all could agree on was that he was a vital figure during one of history s most momentous events French Legends The Life and Legacy of Maximilien Robespierre looks at the life and legacy of one of history s most famous revolutionaries explaining his role in the French Revolution and analyzing his legacy Along with pictures of important people places and events you will learn about Robespierre like you never have before in no time at all

The Legacy of 9/11 Andrea Charron,Alexander Moens,Stéphane Roussel,2023-07-15 While 9 11 was understood at the time as a world changing event in international relations its uneven aftermath and the long term effects for North America could not have been predicted Twenty years later The Legacy of 9 11 explores the political economic security and defence and trade and border implications of the event Written by a team of North American experts across many fields the book foregrounds the fallout of 9 11 in Mexico and Canada as opposed to the more commonly discussed impact on the United States Looking at the event and its aftermath through four lenses ideas about North America border trade and economics security and society and defence contributors analyze the complex legacy of 9 11 Rather than serving as a catalyst to create an integrated trilateral continent 9 11 entrenched the North America we have today three separate states with emphasis on two very different borders From a reconsideration of internationalism a rise in populism and a shift in migration patterns to the interventions in Afghanistan and Iraq The Legacy of 9 11 uncovers how successive North American governments reacted in surprising ways to the world altering attack

Legacy of Blood: Chronicles of a Noble Renegade 8 Wesley Wang, **Legacy of Iraq** Benjamin Isakhan,2015-07-12 The Legacy of Iraq critically reflects on the abject failure of the 2003 intervention to turn Iraq into a liberal democracy underpinned by free market capitalism its citizens free to live in peace and prosperity It argues that mistakes made by the coalition and the Iraqi political elite set a sequence of events in motion that have had devastating consequences for Iraq the Middle East and for the rest of the world Today as the nation faces perhaps its greatest challenge in the wake of the devastating advance of the Islamic State of Iraq and Syria ISIS and another US led coalition undertakes renewed military action in Iraq understanding the complex and difficult legacies of the

The Life and Legacy of Jean-Paul Marat Charles River Editors, 2025-05-15 People give thanks to the gods Your most redoubtable enemy has fallen beneath the scythe of Fate Jean Paul Marat A lot of ink has been spilled covering the lives of history's most influential figures but how much of the forest is lost for the trees In Charles River Editors French series readers can get caught up to speed on the lives of France's most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known King Louis XVI gave the French Revolution a scapegoat Robespierre gave the French Revolution a leader And Jean Paul Marat 1743 1793 gave the French Revolution a voice One of the most memorable and notorious revolutionaries Marat became one of the Revolution's best known figures through his speeches writings and scathing attacks on everyone he perceived as enemies of the revolution It's possible that the Jacobins might not have come to power in 1793 without Marat's fiery work championing the lower classes and branding his political foes with the harshest demagoguery No revolutionary was more passionate determined and willing to die for the cause Marat's work during the French Revolution and his notorious death at the height of it remain the best known details of his life Indeed the image of the Death of Marat by Jacques Louis David is one of the most commonly associated with the Revolution But those facts have obscured what the man himself was really like A trained scientist who served as a doctor before the Revolution Marat counted among his acquaintances luminaries like Goethe and

Benjamin Franklin At the same time Marat was an Enlightened political philosopher who advocated for basic human rights and reforms such as fair trials by jury Of course all of his work took a backseat to his writing as Friend of the People at the beginning of the Revolution setting Marat down his fateful path Perhaps no revolutionary has a more controversial legacy Marat has long been praised by those who appreciate his work on behalf of the masses and reviled by those who point out his violence and the course of the Jacobin led Reign of Terror French Legends The Life and Legacy of Jean Paul Marat looks at the life and work of one of history s most famous revolutionaries explaining his role in the French Revolution and analyzing his legacy Along with pictures of important people places and events you will learn about Marat like you never have before in no time at all

The Sandy Knoll Murder, Legacy of the Sheepshooters Melany Tupper,2010-12-23 The Sandy Knoll Murder Legacy of the Sheepshooters is the true story of the high profile 1904 murder of John Creed Conn who disappeared in the midst of central Oregon s bloody range war period That circumstance has always been believed to have precipitated his death Sensational and intriguing the details of the murder held the reading public in rapt attention with articles appearing on the front page of the Oregonian for nine months after Conn s mysterious disappearance It is not very often that a prominent man a celebrity vanishes from the main street of an Oregon town in broad daylight And even less often does a missing man s body reappear on a small sandy knoll outside of that same town seven weeks later This work is the result of six years of painstaking research that encompassed eighty other homicides and suspicious deaths of the period Conn s life and relationships the circumstances of his death and all that was ever written by and about the sheepshooters All of the planning that the killer put into making Conn vanish showed a high level of control and organization on his part But he did unwittingly leave some clues to his identity and they could be traced like fingerprints through the ink of the newspapers of the day Other clues were left like footprints in the soil surrounding the Sandy Knoll and in the behaviors that he exhibited there Conn was the brother of a district attorney and a member of a politically prominent and well connected family He was a local celebrity and a respected figure and there could be no doubt that a massive man hunt and investigation would ensue Every effort has been made to adhere to the facts of the case long held as the legacy of the sheepshooters The Creed Conn murder was then and remains today one of the most sensational in the history of the state of Oregon
