## **Legal Status Pupils:**

**The Legal Status of Pupils in Europe** Jan De Groof, Hilde Penneman, 1998-03-26 In the centre of the whole educational cosmos stands the pupil the student He or she has rights sanctioned by a national and international judicial apparatus The freedoms of parents teachers and education establishments are functional in the service of the rights of the user of education as is the government's assignment They hold a joint responsibility with regard to the right of a young person to be educated and a fortiori of the school age young person The context in which education takes place is nevertheless undergoing major change In recent times schools have been presenting themselves more as brittle social institutions sensitive to internal and external conflicts If every education establishment is a crossroads of legal relationships this does not leave the pupil or student untouched He or she can seek recourse to fundamental rights but against these can be set certain obligations and in the first place the obligation to take account of the rights of fellow pupils and students Educational sociologists have for some time been interested in the relationship between the behaviour of pupils and the quality and effectiveness of the school I Practitioners of law in general and education law in particular could not ignore the legal status of the education user It immediately became apparent how interwoven education is with a diversity of disciplines within the legal domain as well as with other scientific disciplines

**Children's Rights and the Law** Hilaire Barnett, 2021-11-14 This book identifies the definition of a child within the law the rights of children and discusses the extent to which primarily English law gives adequate recognition to and protection of these rights To what extent does English law give adequate recognition to and protection of the rights of children Historically the idea of and protection of rights has focused on parental rights rather than the rights of the child The rights of children have remained far less recognised and certain until recently Using case studies from the United Kingdom and beyond this book takes a thematic approach to children's rights and considers topics including underlying concepts such as the welfare of the child and safeguarding the right to education and to medical treatment the right to freedom from abuse and or sexual and commercial exploitation including contemporary challenges from forced marriage FGM modern slavery and trafficking the role of the State in relation to children in need of care and protection children's rights in the criminal justice system the right to contract and employment In addition the book provides an introduction to key aspects of domestic and international law including the Children Act 1989 the UN Convention on the Rights of the Child the European Convention on Human Rights and the Human Rights Act 1998 The book will be of great interest to law and social science students in the areas of Child Development and Protection Human Rights Law Family Law Child Law and Child Studies as well as to social workers police officers magistrates probation officers and other related professions
