Translated ... by Gregory Macdonald** Ferdynand Antoni OSSENDOWSKI,Gregory MacDonald,1931 Lenin, God of the Godless Ferdinand Antoni Ossendowski,1931 The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Lenin** Victor Sebestyen,2017-11-07 Victor Sebestyen s riveting biography of Vladimir Ilyich Lenin the first major biography in English in nearly two decades is not only a political examination of one of the most important historical figures of the twentieth century but also a fascinating portrait of Lenin the man Brought up in comfort and with a passion for hunting and fishing chess and the English classics Lenin was radicalized after the execution of his brother in 1887 Sebestyen traces the story from Lenin s early years to his long exile in Europe and return to Petrograd in 1917 to lead the first Communist revolution in history Uniquely Sebestyen has discovered that throughout Lenin s life his closest relationships were with his mother his sisters his wife and his mistress The long suppressed story told here of the love triangle that Lenin had with his wife Nadezhda Krupskaya and his beautiful married mistress and comrade Inessa Armand reveals a more complicated character than that of the coldly one dimensional leader of the Bolshevik Revolution With Lenin s personal papers and those of other leading political figures now available Sebestyen gives is new details that bring to life the dramatic and gripping story of how Lenin seized power in a coup and ran his revolutionary state The product of a violent tyrannical and corrupt Russia he chillingly authorized the deaths of thousands of people and created a system based on the idea that political terror against opponents was justified for a greater ideal An old comrade what had once admired him said that Lenin desired the good but created evil This included his invention of Stalin who would take Lenin s system of the gulag and the secret police to horrifying new heights In Lenin Victor Sebestyen has written a brilliant portrait of this dictator as a complex and ruthless figure and he also brings to light important new revelations about the Russian Revolution a pivotal point in modern history With 16 pages of black and white photographs And God Created Lenin Paul Gabel,2010-10-04

This book examines in depth the conflict between Lenin's logic driven efforts to stamp out religion and the churches' passionate attempts to save themselves from obliteration. It looks at both sides objectively and admits that they both presented strong cases. In this thoroughly researched yet accessible study, historian Paul Gabel offers a new understanding of the only effort in world history to upset the universality of religion. Besides the main conflict between the Russian Orthodox Church and the atheist state, Gabel also considers the tensions that this campaign against religion caused within the Communist Party. In addition, he discusses the bitter hatred dividing the Orthodox factions that refused cooperation with the government from those that tried to adapt the church to communism. Was the failure of Soviet communism to eradicate religion simply a matter of practical miscalculation, or was this effort in light of the persistence of religion throughout history ultimately unrealistic and doomed from the start? This is the key question that Gabel's fascinating, insightful narrative attempts to answer. *The Century Collegiate Handbook*, Garland Greever, Easley Stephen Jones, 1924 **Lenin's**

Swastika, Hitler's socialism, Swastika Year 2022 Micky Barnetti, Lin Xun, Harrison Bergeron, Dead Writers Club, Lenin's swastika is exposed for the first time herein. The impact of Vladimir Lenin's swastikas was reinforced at that time with additional swastikas on ruble money paper currency. The swastika became a symbol of socialism under Lenin. Its influence upon Adolf Hitler is explained in this book. Lenin predated Hitler, but Lenin's *raison d'être* was that other German Karl Marx. Hitler and Marx are always trending on the internet, and that is not the case for Lenin. Ideas from the Deutschland duo are adored and repeated often on social media and by the mainstream media. MSM Marx was glorified in the 2018 video. Chinese President Xi Jinping delivers speech on anniversary of Marx's birth. In the embarrassing homage, Xi openly drooled over the western male racist socialist. It is reminiscent of Lenin's reverence for Marx. A larger than life portrait of Marx hangs next to the outdated hammer and sickle symbol that China parroted from Lenin's Soviet socialism. How humiliating China is led around by its nose tied to the same old German who influenced Hitler. Of course, China has the largest population, billions who self-identify the same as Hitler. SOCIALIST that is also the same way that Marx and Lenin self-identified. Is there any other country of that size that openly worships a foreigner as their great white savior? The books of Marx and Hitler were once considered too dangerous for the general public. But *Mein Kampf* was a bestseller as recently as 2017. Its popularity grows worldwide. It has always been one of Amazon's better selling book titles. America's love affair with German philosophy stretches back to the mid 1800s and farther. Many Americans struggle to bring Germany's past into the present at every election. MSM polling reports that 70 percent of millennials say they would vote for a candidate who self-identifies the same as Hitler. 2019 YouGov poll. Two politicians in the USA, Alexandria Ocasio-Cortez, AOC, Bernie Sanders, BS, boastfully self-identify the same as Hitler. SOCIALIST. They also admire Lenin and Marx. Other politicians gladly adopt and repeat the same ideas, even if they are too dishonest to admit that they are socialist. According to another report, 60 percent of Millennials age 24-39 support a complete change of our economic system. Lenin, Marx, and Hitler were anti-bourgeois and advocated

revolution Many Americans long for the same revolutions The ideas of the beloved Deutschland duo Marx and Hitler continue to grow in popularity Germany's two top white male racist political philosophers stay in vogue even though their policies remain a mystery For example the following facts with credit to the archives of the historian Dr Rex Curry will come as news to most readers 1 Hitler and Marx were popular in the USA Two famous American socialists the cousins Edward Bellamy and Francis Bellamy were heavily influenced by Marx The American socialists returned the favor Francis Bellamy created the Pledge of Allegiance to the Flag that produced Nazi salutes and Nazi behavior The Bellamys were American national socialists For more on that advance to chapter 6 on Bellamy salutes 2 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 3 The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy 4 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 5 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 6 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 7 The term Nazi isn't in Mein Kampf nor in Triumph of the Will 8 The term Fascist never appears in Mein Kampf as a self description by Hitler 9 The term swastika never appears in the original Mein Kampf 10 There is no evidence that Hitler ever used the word swastika 11 The symbol that Hitler did use was intended to represent S letter shapes for socialist NEW DISCOVERY That is why Hitler changed the name of his party It was imperative that the party's name include the word socialist so that it would coordinate with Hitler's party emblem 12 Hitler altered his own signature to reflect his S shapes for socialism logo branding 13 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 14 Fascism came from a socialist e.g. Mussolini Communism came from a socialist e.g. Marx Fascism and Communism came from socialists 15 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed on for Hitler's Holocaust 16 After Hitler's death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler's Holocaust never ended Stalin replaced Hitler Hitler Stalin Mao Mussolini and other tyrants were influenced by propaganda in the USA including the childish American socialists Francis Bellamy and Edward Bellamy Both Bellamy cousins wanted government to take over all schools to teach socialism to all youngsters worldwide
