Lenin The Compulsive Revolutionary:

Lenin Stefan T. Possony, 2017-04-21 Originally published in the UK in 1966 this was the first biography of Lenin which tied together extensive material unearthed in WWII and it illuminates the complex personality and explains the riddle of Lenin's seemingly impossible rise to power Using primary sources such as previously inaccessible documents from the German Austrian and Japanese foreign offices and the vast holdings of the Hoover Institution the book cuts through many contemporaneous myths in Communist sources The volume is a landmark in the study of the birth of Soviet Communism and its revolutionary enterprise Lenin Stefan Thomas Possony, 1966 Lenin Stefan T. Possony, 1964 Lenin and the Revolutionary Party Paul Le Blanc, 2016-02-01 For generations historians of the right left and center have all debated the best way to understand V I Lenin's role in shaping the Bolshevik party in the years leading up to the Russian Revolution At their worst these studies locate his influence in the forcefulness of his personality At their best they show how Lenin moved other Bolsheviks through patient argument and political debate Yet remarkably few have attempted to document the ways his ideas changed or how they were in turn shaped by the party he played such a central role in building In this thorough concise and accessible introduction to Lenin's theory and practice of revolutionary politics Paul Le Blanc gives a vibrant sense of the historical context of the socialist movement in Russia and abroad from which Lenin's ideas about revolutionary organization spring What emerges from Le Blanc's partisan yet measured account is an image of a collaborative ever adaptive and dynamically engaged network of revolutionary activists who formed the core of the Bolshevik party *Marx, Lenin, and the Revolutionary Experience* Paul LeBlanc, 2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de-spiritualization the book shows how the revolutionaries of the past are still relevant to today's struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements Lenin's Political Thought Neil Harding, 2009 Caricatured as a superhuman idol in the former Communist states the Russian revolutionary socialist V I Lenin has long been reversely caricatured in the West as an authoritarian elitist In this brilliant carefully researched analysis Neil Harding upends these traditional Cold War interpretations of Lenin's thought and activity Harding shows how Lenin's flexible and continuously changing theoretical strategic and tactical insights were firmly grounded in the emancipatory potential for working class revolution in Russia and around the world Neil Harding is an internationally renowned scholar of Soviet history **Lenin, Dedicated Marxist Or Revolutionary Pragmatist** Stanley W. Page, 1977 Lenin's Legacy Robert Wesson, 1978-03-01

This concise monograph traces Russian Marxism from its beginnings to mid 1977 shows how and why the party achieved power how it has strengthened its position and how it has undertaken to remold the country and to solve its internal problems Wesson s study is the only up to date party history currently available The book opens with background material on Russian discontent and endeavors to analyze the fundamental nature of Communist Party rule taking into account new perspectives in Lenin s revolution the Stalinist period and the Khrushchev years as well as the latest period not covered in earlier accounts It treats the rise of Lenin the struggle for power after Lenin and after Stalin and the consolidation of Brezhnev s authority As the most recent history of communism in the Soviet Union it has great topical interest and is clearly written for the benefit of the student and general reader as well as the professional

The Revolutionary Ascetic Bruce Mazlish,2017-07-05 Why have the great revolutionary leaders of modern times from Robespierre to Lenin and Mao Tse tung so often been ascetics austere puritans with few emotional ties What functions political as well as personal do these ascetic traits perform for the modern revolutionary leader and for his followers Noted historian and author Bruce Mazlish is convinced that beginning in the nineteenth century the needs of modernizing revolutions have produced a distinct new type of political leader the revolutionary ascetic This individual s denial of personal pleasures and commitments both enables him to perform politically necessary if personally repulsive revolutionary acts and to command the allegiance of his more worldly followers Starting with Cromwell and the religious ascetics of the Puritan Revolution Mazlish shows in a series of fascinating personality sketches how this asceticism first became secularized with the French Revolution and then in the nineteenth and twentieth centuries was put to the

service of a new kind of total modernizing revolution in Russia China and elsewhere In two remarkably vivid portraits of Lenin and Mao Tse tung Mazlish shows us precisely how two of the century s best known revolutionaries consciously and unconsciously used their personal asceticism to induce revolutionary change **The Non-Geometric Lenin** Carter Elwood,2011-04-01 This book is a collection of eleven essays dealing with important but little studied episodes in Lenin s attempt to build a Bolshevik Party before 1914 It also deals with his defence of Roman Malinovsky who turned out to be a police spy and his romantic involvement with a fellow Bolshevik Inessa Armand The last three essays paint a picture of a non geometric Lenin and his little known interests in food holidaying and sports **Lenin: A Political Life** Robert Service,1985-06-24 Lenin s politics still reverberate around the world even after the death of the USSR His name elicits revulsion and reverence Yet Lenin the man remains largely a mystery This biography reveals Lenin in his full complexity as a revolutionary political leader thinker and private person 50 halftones 3 maps How Haig Saved Lenin B.
