Dwayne Fuselier, 1981 *The Resolution of Conflict* Morton Deutsch, 1973-01-01 The basic question to which this book is addressed is not how to eliminate or prevent conflict but rather how to make it productive or minimally how to prevent it from being destructive I shall not deal with situations of pure conflict in which inevitably one side loses what the other gains My interest is in conflict where there is a mixture of cooperative and competitive interests where a variety of outcomes is possible mutual loss gain for one and loss of the other and mutual gain Thus my query can be restated as an investigation of the conditions under which the participants will evolve a cooperative relationship or a competitive relationship in a situation which permits either from the introduction
