Exiles Traveling, 2015-06-29 This volume presents for the first time a study of the interface between exile and travel within the context of exile from Nazi Germany. The nineteen essays share the overarching aim to compare the tropes of travel and exile as generators of a critical discourse and as central categories within German exile in particular literature, music, and film. The essays are guided by powerful questions: How does travel compare to exile and how much overlap is there between these two categories? How do exiles travel as practitioners of displacement? Or rather to what extent does the concept of travel apply to the exilic predicament? Do the terms exile and travel still have validity in our postmodern era of cosmopolitanism, ever-increasing mobility, the embrace of otherness, and tourism? How does exile literature, in which travel is thematized, compare to the traditions of travel writing? And how are the critical moments of leaving, remembering home, and return imagined and narrated? The essays feature numerous German and Austrian authors, musicians, and filmmakers and lend fresh insights into German Exile and the field of Exile Studies at large.

Exiles Melanie Rawn, 1995-11-01 The first in a trilogy full of action and romance, politics, subterfuge, and magic as family secrets and intrigue threaten an entire nation. Locus. A thousand years ago, Mageborns fled prejudice and persecution to colonize the planet Lenfell, a pristine, untouched, perfect refuge for those whose powers were perceived as a threat by people not gifted with magic. But the greater the magic, the greater the peril, and Lenfell was soon devastated by a war between rival Mageborn factions that polluted land, sea, and air with Wild Magic and unleashed the hideous specters known as Wraithenbeasts. Generations after that terrible war, with the land recovered from crippling wounds and the people no longer threatened by genetic damage, Mageborns still practice their craft but under strict constraints. Yet so long as the rivalry between the Mage Guardians and the Lords of Malerris continues, the threat of another war is ever present. And someone has been planning just such a war for many long years: the final strike in a generations-old bid for total power.

The Exiles Daria Santini, 2019-09-05 London 1934 Austrian actress Elisabeth Bergner dominated the British theatre scene, poet and director Berthold Viertel shot two successful films for Gaumont-British, two great actors from the Weimar era, Conrad Veidt and Fritz Kortner, became well-known faces in English-speaking cinema, and the Hungarian journalist Stefan Lorant launched the first ever continental-style illustrated magazine for the British newspaper market. Exploring a phase in the history of Anglo-German relations during which the migrants from Hitler's Germany were making their influence felt in

Britain Daria Santini traces their presence in London from around 1933 to 1935 when these characters made their presence truly felt all while the Nazi threat loomed on the horizon

The Faceless Moon Ashley Capes, 2024-03-01 Luminous spawn of the Moon Father creep across kingdoms Yet neither Mei nor Iggy still separated realise the depth of the threat nor their role in stopping it One however is aware Thorn the imposter seated upon Nasaru's throne moves his pieces to manipulate them Thankfully not all who take an interest in the siblings harbour such dark intent and as their paths start to converge welcome allies appear Mei is joined by a merchant Coral Sorcerer and Greyshield on a voyage to the Raging Isle seeking a precious commodity to locate her brother And while across the land Rokura still protects Iggy from old and new threats alike the trail of his ever elusive quarry continues to fade Worse a betrayal will soon cast doubt upon everything the Greyshield once held sacred In desperation Anyo has turned to Binya the corpse singer Despite her promise to divine the Sothalic's location there is a cost a pact with the unknown Even so the Beggar Prince now knows that if he fails to discover the legendary blade his lands and those beyond will be smothered in darkness at the hands of the Moon Father

Literary Exiles from Nazi Germany Johannes Franciscus Evelein, 2014 Captures the learning process of Nazi era literary exiles following in the footsteps of legendary literary exemplars of exile Exile is as old as humanity itself but a radically new fate for the novice exile who falls into a world about which personal experience can tell him nothing He does however know a great number of stories myths legends allegories biblical or historical accounts about exile The novice's search for a foothold initiates a learning process in which the exilic tradition assumes a major role The present book captures this learning process it is a cultural history of exile as it was experienced by thousands of German and Austrian writers and intellectuals who opposed National Socialism among them Brecht Canetti Seghers Remarque the Manns and Ludwig Marcuse It shows how slowly exile becomes a reality through the growing awareness of and reference to the exemplary figures of a shared fate Scores of fellow travelers from the mythic figures Odysseus and Ahasverus The Eternal Jew to writers such as Heinrich Heine and Victor Hugo frame the experience of exile imbuing it with meaning giving it depth and even elevating it to a High Moral Office They frequently make appearances in the narratives of the Nazi era exiles The Russian American exile poet Joseph Brodsky called writers in exile retrospective and retroactive beings What their retrospective gazes yield as they search for meaning in banishment is at the heart of this book Johannes F Evelein is Professor of Language and Culture Studies at Trinity College Hartford Connecticut

official versions imposed by authoritarian regimes but also tests the limits of much cultural criticism *Theater of War and Exile* Domnica Radulescu, 2015-06-26 In what ways does political trauma influence the art arising from it Is there an aesthetic of war and exile in theatrical works that emerge from such experiences Are there cultural markers defining such works from areas like Eastern Europe and Israel This book considers these questions in an examination of plays performances and theater artists that speak from a place of political violence and displacement The author's critical inquiry covers a variety of theatrical experimentations including Brechtian distancing black humor pastiche surreal and hyper real imagery reversed chronologies and disrupted narratives Drawing on postmodern theories and performance studies as well as interviews and personal statements from the artists discussed this study explores the transformative power of the theater arts and their function as catalysts for social change healing and remembrance *Israel in Exile* Ranen Omer-Sherman, 2010-10-01 Israel in Exile is a bold exploration of how the ancient desert of Exodus and Numbers as archetypal site of human liberation forms a template for modern political identities radical skepticism and questioning of official narratives of the nation that appear in the works of contemporary Israeli authors including David Grossman Shulamith Hareven and Amos Oz as well as diasporic writers such as Edmund Jab s and Simone Zelitch In contrast to other ethnic and national representations Jewish writers since antiquity have not constructed a neat antithesis between the desert and the city or nation rather the desert becomes a symbol against which the values of the city or nation can be tested measured and sometimes found wanting This book examines how the ethical tension between the clashing Mosaic and Davidic paradigms of the desert still reverberate in secular Jewish literature and produce fascinating literary rewards Omer Sherman ultimately argues that the ancient encounter with the desert acquires a renewed urgency in response to the crisis brought about by national identities and territorial conflicts **The Prosecutor** Augusto Roa Bastos, 2018-02-20 The Prosecutor is the third novel of a trilogy written by the internationally famous Paraguayan author Augusto Roa Bastos It was preceded by the novels *Son of Man* and *I the Supreme* Together these three works contemplate what the author has termed the monotheism of power The Prosecutor explores the atrocities of the Alfredo Stroessner dictatorship in Paraguay which lasted from 1954 to 1989 Through connections with important Paraguayan historical figures such as Francisco Solano Lopez the novel links the protagonist to Paraguay's past as he struggles to give meaning to his life by assassinating the dictator and freeing the Paraguayan people Combining autobiography detective fiction historical novel and philosophy the novel examines the question of whether one man has the right to judge another A provocative introduction and comprehensive notes by Helene Carol Weldt Basson illuminate this translation of one of Roa Bastos's most important works **Exile and Nation-State Formation in Argentina and Chile, 1810-1862** Edward Blumenthal, 2019-10-23 This book traces the impact of exile in the formation of independent republics in Chile and the R o de la Plata in the decades after independence Exile was central to state and nation formation playing a role in the emergence of territorial borders and Romantic notions of national difference while

creating a transnational political culture that spanned the new independent nations Analyzing the mobility of a large cohort of largely elite political migrants from Chile and the Río de la Plata across much of South America before 1862 Edward Blumenthal reinterprets the political thought of well known figures in a transnational context of exile As Blumenthal shows exile was part of a reflexive process in which elites imagined the nation from abroad while gaining experience building the same state and civil society institutions they considered integral to their republican nation building projects

Weimar in Exile Jean-Michel Palmier, 2017-01-31 In 1933 thousands of intellectuals artists writers militants and other opponents of the Nazi regime fled Germany They were in the words of Heinrich Mann the best of Germany refusing to remain citizens in this new state that legalized terror and brutality Exiled across the world they continued the fight against Nazism in prose poetry painting architecture film and theater Weimar in Exile follows these lives from the rise of national socialism to their return to a ruined homeland retracing their stories struggles setbacks and rare victories The dignity in exile of Walter Benjamin Ernst Bloch Bertolt Brecht Alfred Döblin Hanns Eisler Heinrich Mann Thomas Mann Anna Seghers Ernst Toller Stefan Zweig and many others provides a counterpoint to the story of Germany under the Nazis

Realms of Exile Domnica Radulescu, 2002-01-01 Realms of Exile brings together authors writing on diverse themes of Eastern European exile The book defines the experiential and linguistic peculiarities of exiled people who share similar cultural geographical and mythological backgrounds and who have suffered under totalitarian rule The contributions discuss a variety of media from the soulful melodies of the Russian gypsies to the delicate sensuousness of Kieslowski's films as the authors treat some of the most crucial issues of our times such as political dissent and resistance the fractured self alienation and migrant consciousness Realms of Exile is interdisciplinary and cross cultural scholarship at its best casting new light on the many nuances and variations of many of the cultures and ethnic groups of Eastern Europeans
