Expanse Of Green Translated By David L Martin:

The Expanse of Green Suhrāb Sipihrī, 1988 **The Eight Books** Sohrab Sepehri, 2021-12-06 The Eight Books A Complete English Translation is the first complete translation of the collected poems of Sohrab Sepehri 1928 1980 a major Iranian modernist poet and painter and yet under translated into English The introduction takes up Sepehri s famously difficult if languidly beautiful style to explain it as a series of appropriations of global modernisms in poetry and painting It offers close readings of how Sepehri s modernism follows and breaks with the jagged rhythms of Nima Yushij d 1960 Iran s inaugural modernist poet In keeping with this modernist framing the translations replicate Sepehri s rhymes where possible his fluctuations between formal and colloquial registers his syntactic distortions and his embeddings of governmental and other jargons It also includes Sepehri s autobiography *Persian Classical and Modern Poetry* ,2004 **Shi'i Islam in Iranian Cinema** Nacim Pak-Shiraz, 1999-07-01 In recent years there has been a remarkable surge in Iranian films expressing contentious issues which would otherwise be very difficult to discuss publicly inside the Islamic Republic of Iran such as the role of clergy in Iranian society Nacim Pak Shiraz here highlights how many Iranian film directors concern themselves with the content of the religious and historical narratives of culture and society sparking debate about the medium s compatibility or incongruity with religion and spirituality She explores the various ways that Shi i discourse emerges on screen and offers groundbreaking insights into both the role of film in Iranian culture and society and how it has become a medium for exploring what it means to be Iranian and Muslim after thirty years of Islamic rule This is invaluable reading students and scholars of Film Studies and contemporary Iranian cinema but also of the culture and identity of Iran more widely *The Oxford Guide to Literature in English Translation* Peter France, 2000 The Guide offers both an essential reference work for students of English and comparative literature and a stimulating overview of literary translation in English BOOK JACKET **Routledge Handbook of Post Classical and Contemporary Persian Literature** Kamran Talattof, 2023-06-05 Routledge Handbook of Post Classical and Contemporary Persian Literature contains scholarly essays and sample texts related to Persian literature from the 17th century to the present day It includes analyses of free verse poetry short stories novels prison writings memoirs and plays The chapters apply a disciplinary or interdisciplinary approach to the many movements genres and works of the long and evolving body of Persian literature produced in the Persianate World These collections of scholarly essays and samples of Persian literary texts provide facts general information instructions ways to understand analyze and appreciate this body of works and the field s state of the art research the problematics of the topics regarding one of the most important and oldest literary traditions in the world Thus the Handbook s chapters and related texts provide scholars students and admirers of Persian poetry and prose with practical and direct access to the intricacies of the Persian literary world through a chronological account of key moments in the formation of this enduring literary tradition The related Handbook also edited by Kamran Talattof Routledge Handbook of Ancient Classical

and Late Classical Persian Literature covers Persian literary works from the ancient or pre Islamic era to roughly the end of the 16th century
