of the Year Award 2015 James Beard Foundation Best International Cookbook Award 2015 The Art of Eating Prize for Best Food Book of the Year 2015 The Yucatán Peninsula is home to one of the world's great regional cuisines. With a foundation of native Maya dishes made from fresh local ingredients, it shares much of the same pantry of ingredients and many culinary practices with the rest of Mexico. Yet due to its isolated peninsular location, it was also in a unique position to absorb the foods and flavors of such far-flung regions as Spain and Portugal, France, Holland, Lebanon, and the Levant, Cuba, and the Caribbean, and Africa. In recent years, gourmet magazines and celebrity chefs have popularized certain Yucatecan dishes and ingredients such as *Sopa de lima* and *achiote*, and global gastronomes have made the pilgrimage to Yucatán to tantalize their taste buds with smoky pit barbecues, citrus-based pickles, and fiery chiles. But until now, the full depth and richness of this cuisine has remained little understood beyond Yucatán's borders. An internationally recognized authority on Yucatecan cuisine, chef David Sterling takes you on a gastronomic tour of the peninsula in this unique cookbook, *Yucatán Recipes from a Culinary Expedition*. Presenting the food in the places where it's savored, Sterling begins in jungle towns where Mayas concoct age-old recipes with a few simple ingredients they grow themselves. He travels over a thousand miles along the broad Yucatán coast to sample a bounty of seafood, shares the people's food at bakeries, *chicharronerías*, street vendors, home restaurants, and cantinas, and highlights the cooking of the peninsula's three largest cities: Campeche, Mérida, and Valladolid, as well as a variety of pueblos noted for signature dishes. Throughout the journey, Sterling serves up over 275 authentic, thoroughly tested recipes that will appeal to both novice and professional cooks. He also discusses pantry staples and basic cooking techniques and offers substitutions for local ingredients that may be hard to find elsewhere. Profusely illustrated and spiced with lively stories of the region's people and places, *Yucatán Recipes from a Culinary Expedition* is the long-awaited definitive work on this distinctive cuisine.

The Antarctic Book of Cooking and Cleaning Wendy Trusler, Carol Devine, 2015-05-05 A visually captivating novelistic travelogue that chronicles the first civilian environmental cleanup expedition in Antarctica, an engaging true story told through anecdotes, journal entries, vignettes, recipes, and archival and contemporary photography. The first thing that comes to mind about Antarctica is not likely the food. But if you are going there, it is the second. Wendy Trusler and Carol Devine. **The Antarctic Book of Cooking and Cleaning** is a unique journey through an austral summer when a group of dedicated individuals, fifty-four people from five countries, picked up nearly three decades worth of garbage during a three-month period in Antarctica. In this visually captivating polar journal, Wendy Trusler and Carol Devine transport readers back twenty years and thousands of miles to Bellinghousen, the Russian research station that became their temporary home. Devine, a humanitarian who piloted the project, and Trusler, a visual artist and cook, use journal entries, letters, provision lists, recipes, and menus to document their voyage. They share pithy, insightful observations on life, food, science, politics, and the environment. Showcased throughout are modern and vintage photos and vignettes from Antarctica's short history, all of which add delightful color and warm detail to this unique book. Trusler reveals the challenges of cooking in a makeshift kitchen during long white nights at the bottom of the world. While the dozens of eco-tourists strive to help preserve the continent, she must figure out how to cook for all of them in the small camp kitchen using limited ingredients. **The Antarctic Book of Cooking and Cleaning** includes forty-two eclectic, tasty, and hearty recipes tinged with Russian, Chinese, and South American influences, such as Honey Oatmeal Bread, Cheese Fondue, Great Wall Dumplings, Roasted Pepper Goulash with Smoked Paprika, Roast Leg of Pork, and Frozen Chocolate Cream. All beautifully photographed, these dishes reflect the expedition's colorful cultural fabric and the astonishing raw beauty of their surroundings, a continent uniquely devoted to peace, cooperation, and science.

The Astronaut's Cookbook Charles T. Bourland, Gregory L. Vogt, 2009-10-31 Astronauts, cosmonauts, and a very limited number of people have experienced eating space food due to the unique processing and packaging required for space travel. This book allows anyone with a normal kitchen to prepare space food. Since some of the processing, such as freeze dehydration and packaging, cannot be accomplished in the normal kitchen, many of the recipes will not produce the food that would be launched in space but will prepare food similar to what the astronauts would eat after they had added the water to the food in space. Many of the space foods are prepared to the point of ready to eat and then frozen and freeze-dried. Food preparation in this book stops at the point of ready to eat before the freezing and dehydrating takes place. Recipes in this book are extracted from the NASA food specifications and modified for preparation in a normal kitchen. The book will contain the following chapters: Introduction, Appetizers, Beverages, Bread and Tortillas, Cookies, Sandwiches, Desserts, Main Dishes, Soups and Salads, Vegetables, and
