Public Relations in Global Cultural Contexts Nilanjana Bardhan, C. Kay Weaver, 2011-01-31 While public relations practice has become increasingly globalized scholars are still behind in theorizing about the intersections of culture communication and power at this level of practice This volume emphasizes theories and concepts that highlight global interconnectedness through a range of interpretative and critical approaches to understanding the global significance and impacts of public relations Providing a critical examination of public relations contribution to globalization and international power relations the chapters included here explore alternative paradigms most notably interpretive and critical perspectives informed by qualitative research The volume encourages alternative ways of knowing that overcome the shortcomings of positivist epistemologies The editors include multiple paradigmatic approaches for a more complex understanding of the subject matter making a valuable contribution toward widening the philosophical scope of public relations scholarship This book will serve well as a core text in classes in international public relations global public relations and advanced strategic public relations Students as well as practitioners of public relations will benefit from reading the perspectives included here

Public Relations as Activism Derina R. Holtzhausen, 2013-06-17 This volume applies postmodern theory to public relations providing an alternative lens to public relations theory and practice and developing public relations theory within the context of postmodernism Author Derina R Holtzhausen focuses on two key issues and their application to public relations theory and practice the postmodernization of society and the possibilities postmodern theories offer to explain and understand public relations practice in today's changing society Holtzhausen's argument is that existing theory should be evaluated from a postmodern perspective to determine its applicability to postmodernity Utilizing practitioner perspectives throughout the volume she explores the practice of public relations as a form of activism The volume is intended for scholars and students in public relations It may be used as a supplemental text in advanced courses on public relations theory PR management organizational communication and related areas

Anti-racism and Multiculturalism Mark Alleyne, 2017-09-08 All scholarly books are engagements with the existing literature often the published scholarly work of one established discipline This book originated with modest objectives to produce a work that would be in conversation with the literature of international relations even though not of relevance only to that field The professed goal of international relations is international peace The ethical lens of pondering the best means to achieve world peace is used to filter media content in the field of multiculturalism and anti racism Although there has been little work on the impact of racial difference on the contours of contemporary international order there has been a sizeable body of research intended to abolish the credibility of pseudo scientific racism Such racism has provided the ideological foundation and justification for imperialism colonialism the

holocaust and apartheid Race has been debunked as a myth Because of this racism the ideology bred of human classification according to racial difference has been found to be intellectually and morally barren But the need to communicate egalitarian and scientific sentiments remains The contributors to this volume consider five questions How does the literature on antiracism improve our understanding of conflict resolution How does the analysis of the media s role in racist and anti racist discourses improve the process of theorizing on hate and war propaganda How can research on anti racist discourse improve UN peacekeeping What implications does this subject have for theory building and cultural diversity How and why should the literature on anti racism expand research in international relations This is a unique worthwhile framework for cross disciplinary research in race and intellectual consensus and conflict International Media Communication in a Global Age Guy Golan, Thomas Johnson, Wayne Wanta, 2009-09-10 This volume provides a comprehensive examination of key issues regarding global communication focusing particularly on international news and strategic communication It addresses those news factors that influence the newsworthiness of international events providing a synthesis of both theoretical and practical studies that highlight the complicated nature of the international news selection process It also deals with international news coverage presenting research on the cross national and cross cultural nature of media coverage of global events in the interdisciplinary context of research on political communication war coverage new technologies and online communication The work concludes with a focus on global strategic communications in the age of globalization global economies and cross national media ownership chapters here provide readers with some of the most up to date research on international advertising public relations and other key issues in international communications With contributions from many of the leading scholars in the field of international media communication research this collection presents a valuable resource for advancing knowledge and understanding of the complicated international communication phenomenon It will be of value to upper level undergraduates and graduate students in mass media and communication programs and to scholars whose research focuses on global communication research
