need to help people animals or nature These spiritual souls are very much like angels on Earth doing whatever they can big or small to serve in some way Nearly all Lightworkers have faced more than their share of heartache abuse illness and injury They re very aware that they have a shadow side even if they haven t worked on making peace with this part of themselves This wounded darker side is often what leads them to their true calling in life even if they aren t exactly sure how or where to help Whether their role in life is modest or huge every Lightworker is a bridge between this world and the hereafter And whether they lead a throng of people or one at a time the goal is to bring others to a higher state of living and loving So what kind of Lightworker are you Are you a newly awakened Lightworker who wants to be of service somehow Or are you a long time Lightworker who came into this life knowing who you are and what you need to do Are you ready and eager to jump into your role Have you been a helper and healer for some time Or have you hidden this very important part of yourself from the world out of fear or uncertainty Wherever you re at on your journey I m so glad that you ve made the decision to explore and embrace your true calling in life The world needs you      *Finding Your Life Purpose - Uncover Your Soul's True Goals* Kelly Wallace,2020-08-13 How many times have you wondered Is this all there is Am I merely here to exist Or do I truly have a life purpose Everyone has a life purpose but finding it on your own isn t always easy and that s why I wrote this book I want to help you uncover your soul s true goals so you can live a fulfilling life of meaning success and happiness And it s easier than you think which is probably why it always seems out of reach We thoroughly believe that discovering our life purpose has to be more difficult than trying to decipher Egyptian hieroglyphs It doesn t have to be this way In this book I cover everything from what a life purpose is and why we should all strive to find ours to easy ways of discovering what your unique purpose truly is I m so happy to be here with you on this exciting journey      **The Overwhelmed Empath - A Guide For Sensitive Souls** Kelly Wallace,2020-11-19 Being an empath is a double edged sword On the one hand most of us like having such deep emotions We can feel a sunset clear through to our soul and love more deeply than any normal person could imagine We also tend to have intuitive knowledge about people and places that can be truly helpful if we listen On the other hand we usually absorb far too much energy from those around us and can easily feel overwhelmed to say the least With sensitive souls our brains are hardwired differently When people ask me what it feels like to be an empath I can only explain it as being wide open all the time I know that being a highly sensitive person can often feel like a curse and more stress than it s worth Once you learn to protect and strengthen yourself inside and out I m hoping that you ll see what a wonderful gift it is to be an empath Sensitives make some of the best psychics artists musicians writers counselors friends and parents as well as other roles where compassion and deep feeling are helpful We see the world in ways others can t and we experience life at an unmatched level In this book I want to show you that you re unique not crazy or neurotic and that with practice you can feel far less overwhelmed In my practice I ve seen clients who spent years as anxiety ridden introverts come to understand and work with their empathy In doing so they ve become stronger calmer more outgoing and far happier I want this for you too

*DreamWork: Using The Wisdom Of Your Sleeping Mind To Change Your Waking Life* Kelly Wallace, 2020-09-15 Many people say they never remember their dreams while others don't pay much attention to them feeling they're just nonsense because they don't understand their significance. Even if you do believe that dreams are important they can seem like random situations with strange things happening and out of place objects you'd never see in the real world. It's hard to see how many of our dreams make sense and how they could ever be helpful in our waking lives. The reason it's so hard to understand our dreams is because so much of the dream world revolves around symbolism. If you look at dream symbols as metaphors to things in your waking life things on your mind in your past problems worries goals hopes and fears these symbols become much less confusing. In this book we'll cover the types of dreams how dreams can help you and several dreamwork exercises. Through dreamwork you'll find that your subconscious starts revealing more about your mind body and soul. This internal guidance system will let you know if you're moving in the right direction or need to make some changes. They can offer information and help on how to be successful and happy physically mentally emotionally and spiritually. Soul's Brain Catherine Wilkins, 2019-02-05 Break through old patterns of boredom and lack of fulfilment to discover your most brilliant life. Your intuition holds the key to a truly inspired life. It can however bring with it an increased sensitivity so overwhelming that some find it hard to operate in day to day life. Others feel foolish or weird when acknowledging their intuition. In a world focussed on science we have amazing technology and vast physical abundance. However ignoring our intuition has deprived us of untold benefits in our careers well being and relationships. The Soul's Brain reveals the principles of conscious intuition. These principles are part of the structure of our universe forming patterns in our lives which are as fundamental as breathing. Knowing these patterns allows you to translate between intuition and science. Understanding the neurology and logic of your intuition will allow you live a truly brilliant and inspired life. Catherine Wilkins guides you through the nine step process to conscious intuition. You will learn how tuning into your intuition is a skill like any other all it takes is knowledge and practice. Science and spirituality have a common language. You don't need to choose between science and intuition you can use both together to achieve your full potential. Working With Your Angels Kelly Wallace, 2021-03-10 Angels Can Change Your Life. Life here on Earth can be difficult at times and almost unbearable at others. Yes we have many wonderful and happy experiences too but once you begin to regularly work with your angels you'll find that the hard times don't last as long and you can get through them much easier. It's nice to know that you don't have to carry the burden of your troubles alone. Angels can also offer encouragement bring you inner peace healing and even send you wealth in various forms. Your life will change in amazing ways once you follow the guidance of your loving guardians. The main problem you've probably encountered though is how to contact your angels how to hear them and how to use their guidance. I cover this in depth throughout the book and will show you several ways you can communicate with them. No matter where you are in life or where you've been your angels are waiting to connect with you and want to help you. All you need to do is let them in. They won't crash through

that closed door and rescue you though you've got to open the door and embrace their love. Only then will you experience the deep connection you can have with your angels and the many ways they can help you.

**Shadow Work Book 2: Facing & Embracing the Dark Side of Your Soul** Kelly Wallace, 2021-10-20 Where there's light there are shadows. Turning your back on your shadow doesn't make it disappear. It's still there and always will be because it's part of you. It's far better to face it and embrace it. In doing so you'll find the happiness, power, and success you've been searching for. This is my second book on shadow work and within these pages we'll dig in deeper, cover more ground, and do more work that leads to ultimate healing and freedom. I'll show you how to view your shadow traits differently, integrate them, and use them as a powerful force that can help you in life rather than holding you back. It's not about fixing what's broken but shedding light on those dark parts and understanding every aspect of who you truly are. Eventually, by accepting those less-than-perfect aspects of your personality, you'll be living life as your authentic self. And let me tell you, it feels amazing. I'll be honest, shadow work is not easy, nor is it an overnight fix. Many people give up far too soon. After all, it can be overwhelming when faced with all of your demons and dirty laundry, so to speak. That's why I wrote these books. I don't want you to go down this road alone. I've been doing my own shadow work for a long time now and have helped many clients through their journey as well. Let me walk with you as you face and embrace your shadows.

**Transforming Your Money Mindset** Kelly Wallace, 2020-03-04 With so many multi-millionaires in the world, it seems like attracting money for the things you want and need and dream about should be such an easy thing to pursue. And yet, not many people accomplish it. So, what's the secret? Actually, there's really no big secret at all. It's just a matter of transforming your money mindset so you can take your life from just okay or struggling every day and turning it into something amazing. The problem is, up to this point, you've been attracting negative people or events or being stagnant or riding a roller coaster of highs and lows. In this book, I'll show you how to finally take control of your financial energy so you can manifest a happier life. It doesn't take a lot of time or effort to do it either. Honestly, it's as easy as changing a few habits and your current way of thinking. It's like switching a light from Off to On. Soon, you'll see life and everything in it more clearly. Goals will be easier to pursue. Relationships will transform or fall away as needed. Abundance and success will flow steadily in your life.

**Reclaiming Your Soul - Healing Your Spirit, Building Confidence, Finding Your Voice** Kelly Wallace, 2022-11-15 Depending on your experiences in life, your soul can become totally lost. It's as if a part of you has faded over the years or completely disappeared. Although it's true that the soul isn't a physical thing and is made up of pure energy, it can still become fragmented. When it does, you might experience depression, anger, anxiety, hopelessness, or feelings of loss, even if you aren't sure why. Too many of us struggle with self-confidence, are unable to speak up for ourselves, or know how to create healthy boundaries. What ends up happening is we face health problems, relationship issues, and financial difficulties. No matter how badly we want things to be different, life is an uphill battle that we keep losing. All of this because part of your soul is lost, fragmented, or torn. Yes, there's rarely a person who can say they're absolutely
