Krishnamurtilove And Freedom Approaching A Mystery:

Krishnamurti-love and Freedom Peter Michel,1995 A biography inspired by the author s meeting Krishnamurti before he died Michel tries to follow K s own wishes no one is sure what exactly K meant by a certain statement Therefore you can never say This is what K meant All you can say is Probably this is what K meant **Krishnamurti** Peter Michel,1996-01-01 Taking his cue from the teacher himself Peter Michel in this first independent analysis of the most elusive spiritual teacher ever known has taken an investigative and exploratory stance rather than the usual pronounciatory one A must for any philosophical or theosophical collection PARUL GUPTA **J. Krishnamurti: A Life of Compassion beyond Boundaries** Roshen Dalal,2020-06-25 Among the most famous visionaries of our times J Krishnamurti 1895 1986 continues to transform thought lifestyles and education across continents more than three decades after his death In this new biography tracing the nine long decades of his life from his growing up years his relationships to his writings and talks Roshen Dalal provides a much needed corrective an objective and balanced view of his legacy Adopted by Theosophists at the age of fourteen and proclaimed a world teacher and messiah in 1929 Krishnamurti dissolved the Order of the Star created for him and went on to develop his own philosophy What is it about his ideas that draws the following of generations of people Delivered to a divided world then what makes his message so relevant now While his ideas on education are idealistic why do they continue to be everlasting in their contribution and appeal Krishnamurti s vision is of a world without boundaries or wars a world where compassion and goodness predominate and his message is that such a world can be arrived at only through individual transformation B24 There is no direct path to transformation yet through intense perception and understanding it is possible to achieve this goal Carefully reconstructing the events and extracting the essence of his talks Dalal dispels several myths explains his teachings and reveals the underlying theosophical and occult influence in Krishnamurti s life Here is the most complete biography yet of one of the greatest thinkers of the twentieth century **The Inner Life of Krishnamurti** Aryel Sanat,2013-11-01 Aryel Sanat s meticulously researched and cogently argued exploration of Krishnamurti s inner life and experiences explodes a number of popular myths about Krishnamurti particularly that he denied the existence of the Theosophical Masters and disdained the esoteric side of the spiritual path Rather Sanat persuasively demonstrates Krishnamurti had a rich and intense esoteric life Moreover the truths of the Ancient Wisdom as revealed through the Masters were a reality to Krishnamurti every day of his life from his boyhood until his death The real story of Krishnamurti s inner life is shown to have critical implications for our understanding of Krishnamurti s life and ideas and for our views of Theosophy Buddhism the teachings of Gurdjieff indeed the entirety of contemporary spiritual thought *The Quest* ,1995

Understanding J. Krishnamurti Kalidas Joshi,2002 Wisdom love freedom intelligence austerity innocence these are words which are perfectly intelligible to a reader in a general context Not so when they occur in the teachings of Jiddu Krishnamurti for the teacher used them in a special sense based on his own perception of life The nuances in meaning often elude the

reader and it is this problem that the book attempts to address The book includes nearly three hundred passages culled from original writings of the seer broadly grouped into fifteen major themes Explanatory notes follow the passages on the keywords The book makes no claim to being a substitute for J Krishnamurti s writings It facilitates a clearer understanding of his words

Psychosis and Spirituality Isabel Clarke,2001 Spirituality and psychosis both inhabit the region where ordinary reason ceases to function and barriers break down The connection between them is evident what is remarkable is how conventional thinking obscures the connection This book challenges conventional understandings with a radical new perspective The interface between psychosis and spirituality is explored drawing on key research and latest developments from a wide spread of disciplines Gordon Claridge on schizotypy Peter Fenwick on the neuropsychological perspective Neil Douglas Klotz on a new understanding of spirituality Peter Chadwick on the mystical side of psychosis David Kingdon on CBT for psychosis and religious delusions are just five of the 12 distinguished contributors to this book This new perspective will be important for those professionally interested in both psychosis and spirituality therapists priests etc people seeking a well grounded framework for their own direct experience in this area and everyone interested in the latest thinking and research on this topic
