1945-1996

AN ANGLO-AMERICAN
PERSPECTIVE

MERIAN JOYCE

Kuwait 1945 1996

Miriam Joyce

Kuwait 1945 1996:

Kuwait, 1945-1996 Miriam Joyce, 2014-03-05 Based on extensive research of British documents from the Public Records Office and American documents from the National Archives and several Presidential Libraries this book surveys events in Kuwait from the beginning of the twentieth century until the Second World War and explains Britain's initial interest in the ruling al Sabah family before focusing on the post 1945 period

Kuwait Amid War, Peace and Revolution Lori Plotkin Boghardt, 2006-10-31 This book explores Kuwaiti internal security challenges of terrorism sabotage and subversion and using untapped Kuwaiti government sources examines policy responses such as mass deportations and special security trials The study details how turmoil in neighbouring states and religious tensions threaten Kuwait's environment

Ruling Shaikhs and Her Majesty's Government, 1960-1969 Miriam Joyce, 2003 This volume discusses the evolution of the British protected Gulf states during the 1960s and explains how these small Shaikhdoms moved towards independence Based on extensive research using British documents from the Public Records Office and selected American documents from the National Archives this book investigates the relationship between British officials and Arab Gulf Shaikhs At the beginning of what was to be their final years as guardians of the Gulf British officials pressed for political progress co operation among the Shaikhdoms and improvements in education and health care At the same time Foreign Office officials continued to safeguard specific British economic interests and the political interests of the Western Alliance

British Policy in the Persian Gulf, 1961-1968 Helene von Bismarck, 2013-03-25 An in depth analysis of Great Britain's policy in the oil rich Persian Gulf region during the last years of British imperialism in the area covering the period from the independence of Kuwait to the decision of the Wilson Government to withdraw from the Gulf

The Politics and Security of the Gulf Jeffrey R. Macris, 2010-01-21 Since the 19th century the Gulf region has been an area of intense interest having been influenced first by the British and more recently by the Americans This book charts the changing security and political priorities of these two powers and how they have shaped the region Adopting a narrative approach the author provides background history on British involvement from the 19th century and a detailed analysis of the years after the Second World War when oil supply became more critical He covers the growth of US influence and the British withdrawal and follows more recent changes as the US built up its military presence following Desert Storm and the invasion of Iraq Looking at the three enduring missions fulfilled by the British maintaining interstate order protecting the free flow of commerce which later included petroleum and keeping out other Great Powers the book demonstrates how these had by 1991 been assumed almost entirely by the American leaders A comprehensive and thorough look at the history of the Gulf and the contemporary issues affecting the region this will be essential reading for students of Middle East history military history and diplomatic history Visit the author's website at www.thepoliticsandsecurityofthegulf.com

Monarchies and Nations Paul Dresch, James P. Piscatori, 2005-05-27 Despite their small populations the Arab states of the Gulf exercise an enormous and global influence

But all too often these states are treated as if their only importance were as pawns in a global strategic board game and are simply dealt with as mere models of the intersection of oil wealth and power Here Dresch and Piscatori bring together a more nuanced picture exploring how the citizen populations of these states define themselves in a wider context The Gulf provides extreme examples of the nexus of identities not only because these polities are so dependent on transnational flows of wealth and imagery but because at home the citizen workforce is often outnumbered by migrant labour Examining the issues such as Gulf owned transnational media the role of women in the Kuwaiti state and the way Saudi Arabia manages the yearly influx of pilgrims for the Hajj Monarchies and Nations is essential reading for all those interested in the society politics and the future security of the Gulf

Monsoon Revolution Abdel Razzaq Takriti, 2016-08-25 The Dhufar revolution in Oman 1965 1976 was the longest running major armed struggle in the history of the Arabian Peninsula Britain's last classic colonial war in the region and one of the highlights of the Cold War in the Middle East Monsoon Revolution retrieves the political social and cultural history of that remarkable process Relying upon a wide range of untapped Arab and British archival and oral sources it revises the modern history of Oman by revealing the centrality of popular movements in shaping events and outcomes The ties that bound transnational anti colonial networks are explored and Dhufar is revealed to be an ideal vantage point from which to demonstrate the centrality of South South connections in modern Arab history

Britain and the Arab Gulf after Empire Simon C. Smith, 2019-03-08 Although Britain's formal imperial role in the smaller oil rich sheikdoms of the Arab Gulf Kuwait Bahrain Qatar and the United Arab Emirates ended in 1971 Britain continued to have a strong interest and continuing presence in the region This book explores the nature of Britain's role after the formal end of empire It traces the historical events of the post imperial years including the 1973 oil shock the fall of the Shah in Iran and the beginnings of the Iran Iraq War considers the changing positions towards the region of other major world powers including the United States and engages with debates on the nature of empire and the end of empire The book is a sequel to the authors highly acclaimed previous books Britain's Revival and Fall in the Gulf Kuwait Bahrain Qatar and the Trucial States 1950 71 Routledge 2004 and Ending Empire in the Middle East Britain the United States and Post war Decolonization 1945 1973 Routledge 2012

Decline of the Anglo-American Middle East, 1961-1969, 2014-12-01 Discusses Anglo American policy in the Middle East under Kennedy and Johnson as well as under British Conservative and Labour governments This title provides a historical background on the Anglo American Middle East for the 1950s It analyses Western policy toward Egyptian President Gamal Abdul Nasser and toward the Arabian Peninsula

Encyclopedia of the United Nations and International Agreements: G to M Edmund Jan Osmańczyk, 2003 This thoroughly revised and updated edition is the most comprehensive and detailed reference ever published on United Nations The book demystifies the complex workings of the world's most important and influential international body

A Companion to American Foreign Relations Robert Schulzinger, 2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic

history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history

Historical Dictionary of the Gulf Arab States Malcolm C. Peck, 2007-12-20 The second edition of the Historical Dictionary of the Gulf Arab States comes at a time when the world's attention is riveted on the Middle East The small states covered in this volume Bahrain Kuwait Oman Qatar and the United Arab Emirates UAE possess about 20 percent of the world's total oil reserves Beyond the strategic and economic importance conferred upon them by their vast oil reserves the Gulf Arab states are worthy of attention for the inherent interest of their history and culture No area of the world has yielded more revealing and exciting archaeological finds in the past few decades than these states Investigations have brought to light extensive evidence of an important culture as old as Egypt of the Pharaohs or ancient Babylon which was virtually unknown previously except through rare references in the records of other civilizations This expanded second edition covers the history of the five countries through a chronology broken down by country a list of acronyms and abbreviations an introductory essay a bibliography and several hundred cross referenced dictionary entries on important persons places and events of each country Everything from the Abbasids to Zubarah is covered in this essential reference on this increasingly important region of the world

British Missions around the Gulf, 1575-2005 Hugh Arbuthnott, Terence Clark, Richard Muir, 2008-07-17 Recent events have once again focused international attention on the volatile politics of the Gulf region This new book by three former British ambassadors all with long service in the region demonstrates the importance of the Gulf for Britain from the days of Elizabeth I to the present It tells the story through the life and works of the British diplomats and consuls and the missions in which they worked of Britain's involvement first for trade and later for strategic purposes in the four key regional states of Iran Iraq Kuwait and Oman With wit and insight the book traces the origins of today's problems from the Ottoman and Persian empires to the 1991 Gulf War and its aftermath Those who know the region will find this a refreshing new slant on an old story while those new to the subject will enjoy the mixture of politics and personalities ably described and analysed

The United Arab Emirates Kristian Coates Ulrichsen, 2016-12-01 Led by Dubai and Abu Dhabi the UAE has become deeply embedded in the contemporary system of international power politics and policy making Only an independent state since 1971 the seven emirates that constitute the UAE represent not only the most successful Arab federal experiment but also the most durable However the 2008 financial crisis and its aftermath underscored the continuing imbalance between Abu Dhabi and Dubai and the five northern emirates Meanwhile the post 2011 security crackdown revealed the acute sensitivity of officials in Abu Dhabi to social inequalities and economic disparities across the federation The United Arab Emirates Power Politics and Policymaking charts the various processes of state formation and political and economic development that have enabled the UAE to emerge as a significant regional power and major player in the post Arab Spring reordering of Middle East and North

African Politics as well as the closest partner of the US in military and security affairs in the region It also explores the seamier underside of that growth in terms of the condition of migrant workers recent interventions in Libya and Yemen and latterly one of the highest rates of political prisoners per capita in the world The book concludes with a discussion of the likely policy challenges that the UAE will face in coming years especially as it moves towards its fiftieth anniversary in 2021 Providing a comprehensive and accessible assessment of the UAE this book will be a vital resource for students and scholars of International Relations and Middle East Studies as well as non specialists with an interest in the United Arab Emirates and its global position

The Oil Crisis Fiona Venn, 2016-07-01 In October 1973 two crises one economic one political intersected with dramatic and long term consequences for international relations On 6 October Egypt and Syria launched an attack on Israel and within a few days the major Arab oil producers announced their support by use of the oil weapon including a boycott of supplies for countries friendly to Israel and a programme of production cuts This was followed by the unilateral declaration of a steep increase in the price of oil by the Organization of Petroleum Exporting Countries OPEC The result was international panic and world recession Crude oil prices soared by a massive fourfold in just three months The West's vulnerability had been exposed it was being held hostage to oil Yet despite efforts to address this dependence on oil imports in following years the 1979 Iranian Revolution triggered a further upward surge in prices Today the importance of oil remains at the forefront of the West's foreign policy calculations in the Middle East In this fascinating and timely new look at the oil crisis Fiona Venn examines these issues and the more unexpected effects of the crisis She asks just how much really changed in the economic balance of power Most importantly she argues that OPEC was used as a scapegoat for the world recession which had been already underway when the crisis detonated

Historical Dictionary of United States-Middle East Relations Peter L. Hahn, 2007-02-06 The current state of affairs between the United States and the Middle East is probably the most volatile and absorbing relationship the U S is involved in today Prior to 1941 however the U S preferred to limit its involvement with the Middle East to launching ministries of evangelism and social welfare across the region and investing in the pumping refining and transportation of oil to Western markets It was not until World War II and the Cold War when the threat of losing control of the region and therefore losing its natural resources military bases and lines of communication arose that U S officials were motivated to take a greater interest Since then the increasing level of violence in the area has led to an increase in U S involvement which in most cases has been far from positive the Iran hostage crisis of 1979 1981 the Persian Gulf War of 1990 1991 and the U S invasion and occupation of Iraq in 2003 The Historical Dictionary of United States Middle East Relations is an essential tool to understanding how diplomatic relations deteriorated to this point This volume concentrates on the history of diplomatic relations between the U S and the Middle East from the onset of the Cold War up to the present This is accomplished through a chronology an introduction a bibliography an appendix and hundreds of cross referenced dictionary entries on the countries involved significant events major crises important figures

controversial issues and doctrines and policies For scholars historians and students interested in the diplomacy of these two regions this is an essential reference **China's Relations with Arabia and the Gulf 1949-1999** Mohamed Mousa

Mohamed Ali Bin Huwaidin,2003-09-02 This book provides a detailed analysis of China s foreign policy towards the Gulf and Arabian peninsula region from the establishment of the People s Republic of China in 1949 to the end of the 20th century Based on extensive original research it looks at the relations between China and each of the countries of the region over the entire period It demonstrates that two key factors have shaped China s foreign policy with the region China s relations with the United States and the Soviet Union and China s drive to increase its economic ties with the countries of the region especially after becoming a net importer of oil in the early 1990s **The Arabian Frontier of the British Raj** James

Onley,2007-11-22 The Arabian Frontier of the British Raj is a study of one of the most forbidding frontier zones of Britain s Indian Empire The Gulf Residency responsible for Britain s relationship with Eastern Arabia and Southern Persia was part of an extensive network of political residencies that surrounded and protected British India Based on extensive archival research in both the Gulf and Britain this book examines how Britain s Political Resident in the Gulf and his very small cadre of British officers maintained the Pax Britannica on the waters of the Gulf protected British interests throughout the region and managed political relations with the dozens of Arab rulers and governors on both shores of the Gulf James Onley looks at the secret to the Gulf Residency s effectiveness the extent to which the British worked within the indigenous political systems of the Gulf He examines the way in which Arab rulers in need of protection collaborated with the Resident to maintain the Pax Britannica while influential men from affluent Arab Persian and Indian merchant families served as the Resident s native agents compradors in over half of the political posts within the Gulf Residency *American Ascendancy and British Retreat in the Persian Gulf Region* W. Fain,2008-07-07 This book critically examines the origins of American diplomacy in the greater Persian Gulf region arguing that it was the inability of the United States to contend effectively with the disintegration of British imperial authority in the Gulf that eventually led it to assume its current role in the region Unexceptional Marc J.

O'Reilly,2008-01-01 Unexceptional America s Empire in the Persian Gulf 1941 2007 examines U S policy vis vis the Persian Gulf since the Second World War It asserts that the American experience in this strategic yet volatile region known for its plentiful oil and gas can be best understood as an unexceptional imperial endeavor similar in kind to that of the British Ottoman and other empires in previous centuries Since 1941 the U S empire in the Gulf has achieved successes such as Operation Desert Storm and the invasion of Iraq Setbacks have included the Iranian Revolution and the ongoing occupation of Iraq Given these and many other events which this book spotlights America s Gulf empire has undergone repeated expansion and contraction a typical imperial pattern The result has been a cycle of waxing and waning U S influence in a critical region of the world Until its occupation of Iraq the United States practiced informal empire in the Gulf rather than colonialism Currently however the formal empire established by the United States in Iraq jeopardizes the overall American

position in the Gulf which seemed unassailable in early 2003

Ignite the flame of optimism with is motivational masterpiece, Fuel Your Spirit with **Kuwait 1945 1996** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
