Large Animals In Everyday Life:

Large Animals in Everyday Life Wendy Brenner, 2011-08-15 The eleven stories in Wendy Brenner's debut story collection concern people who are alone or feel themselves to be alone survivors negotiating between logic and faith who look for mysterious messages and connections in everyday life those sudden transformations and small miracles that occur in mundane even absurd settings Brenner's stories range in setting from the rural and southern a rotating country music bar a dog track jai alai compound a grocery store a natural cold springs sinkhole to the urban and high tech absurdly bureaucratic companies and academic departments and a food irradiation plant Often young and tough women seeking to hone their survival sensibilities Brenner's characters are a mix of the everyday and the fantastic frustrated secretaries and scientists a young supermodel precocious children fierce plumbers and mechanics a psychic grandmother an unhappy lottery winner a desperate grocery store mascot in an animal suit And then there are the animals real ones of all kinds who turn up at unlikely moments and often seem to be trying to help

Short Story Index, 1999 **Technical Large Animal Emergency Rescue** Rebecca Gimenez, Tomas Gimenez, Kimberly A. May, 2009-03-16 The recognition of the importance of safe large animal rescue is quickly growing The prevailing attitude of large animal owners whose animals are often pets or a large financial investment is to demand the safe rescue and treatment of their large animals in emergency situations *Technical Large Animal Emergency Rescue* is a guide for equine large animal and mixed animal veterinarians zoo and wildlife veterinarians vet techs and emergency responders on how to rescue and treat large animals in critical situations while maintaining the safety of both the animal and the rescuer This book is a must have reference for any individual who deals with large animals in emergency situations

Big Bend Bill Roorbach, 2013-05 Through quirky plots one of kind characters and more than a few twists the stories in *Big Bend* examine gentle hearted men and their relationships From made in heaven meetings to troublesome liaisons Roorbach's characters experience romance in unexpected sometimes disastrous ways In *Fog* a teenage boy learns hard lessons about canoes the Gulf of Maine sex and love A struggling young artist goes home for the holidays in search of succor for the stomach and heart with poor results in Thanksgiving Other stories recount the ultimately disastrous reunion of estranged friends an unemployed architect's foolish courting with bad company and a middle aged rock star's struggle with the urge to settle down In the title story *Big Bend* a grieving widower troubled by his own waning years is tempted by a seductively attentive birdwatcher no older than his daughter Poignant tales of hauntingly familiar situations Bill Roorbach's stories are full of heart romance edgy humor and the frequently concealed vulnerability of men

The Naked Scientist: Everyday Life Under the Microscope Chris Smith, 2012-11-01 Why use expensive beauty products when you can moisturise with jellyfish Have you ever suspected pollution was to blame for your children's plummeting IQ Ready to take a sea change on Mars And how about chopping an onion that doesn't make you cry This is the perfect present for enquiring minds Compelling quirky and packed fully of curious facts *The Naked Scientist Life Under the*

Microscope is a treasure trove of cutting edge research far flung factoids and the ability to see into our scientific future answering those fascinating questions you never thought to ask **The Big Day** Barry Unsworth,2002 Donald Cuthbertson prided himself on being a model for his students and teachers but he had lately begun to lose his focus Degree Day is approaching along with a birthday party for his wife Lavinia who is not going quietly into middle age Her lavish costume party provides the revelers with a darkly comic resolution to romantic dalliance and political intrigue Enacted Relations Franca Tamisari,2024-01-05 The Yolngu Indigenous people in the Northeast Arnhem Land of Australia respond to neo colonial challenges by continuing to affirm their political autonomy and transmit Yolngu Law which are ways of knowing and being with the younger generation They deal with non Indigenous institutions through participation of bodies language things images of movement and notions of mutual care feelings and accountability This book explores the Yolngu relational ontology and epistemology in the context of everyday practices ritual ceremonies bicultural education vernacular Christianity and the production of popular music **Large Animals in Everyday Life** Wendy Brenner,1997 Winner of the Flannery O Connor Award for short fiction these stories present quirky takes on contemporary life in which animals not always large lurk around the edges Ms Brenner s achievement in these ironic understanding tales is making sure that even the small losses her characters suffer do not fail to move us New York Times Book Review **Hold That Knowledge** Ethan Laughman,2019-03-01 Love in some of the infinite ways we may know it is the shared concern of these stories which have been chosen from among the hundreds that have appeared in the prestigious Flannery O Connor Award for Short Fiction series More than seventy volumes which include approximately eight hundred stories have won the Flannery O Connor Award This stunning trove of always engaging often groundbreaking short fiction is the common source for this anthology on love and for planned anthologies on such topics as work family animals children and more Emerging love or love on its way out the door Love that transcends or love that just stubbornly hangs on These fourteen stories give us at least that many new ways of looking at a state of mind that can send us either soaring or plummeting all in a heartbeat *Nature Notes* ,1906

The Selborne Magazine and "Nature Notes," the Organ of the Selborne Society ,1906 *Loving and Studying Nature* Malcolm Skilbeck,2022-01-05 This volume investigates crucial ways in which nature has been apprehended understood and valued in different cultures and over time It is grounded in current global concerns about growing threats to the natural environment Through a critical appraisal of specific examples it ranges widely over historical and contemporary attitudes and behaviours It presents a wide ranging analysis of selected ideas and attitudes in the evolution mainly of western civilisation from the time of the cave artists to the present day It argues for preservation and conservation of the natural resources and beauty of the earth in the face of religious supernatural arguments and the rise of consumer capitalism and consumerism *Human Creatures* Fred Howard,2001-11-13 A broad but easy reading world view of realities behind the anciently permanent traits of human behavior which cause simple societies to grow to flourish in great civilizations

throughout the world and to collapse repeatedly usually with much loss of the expanded populations Both democracies and tyrannies follow that universal pattern into autocratic decay of civilized empires This view leads to a search for critical factors that determine the beginning and course of the typical decays which have already begun in modern democracies Invariably all those great nations had strong religious and moral practices during their early growth to large numbers of vigorous people up to the points of beginning the slide into collapse All had strong leaders who escaped reasonable limits beyond their necessary uses This book was written before the authors previously published *Headlong Into Quicksand* and *The Tale of Today in America* and provided its basis and starting point Viewing human natures overall adaptations for life survival necessities in a real world also includes Family love play arts psychology dominances politics governments imperial disasters death philosophy world history science knowledges religion morality and balanced democracy An alternative evolutionary sociobiology

The Company of Strangers Paul Seabright, 2010-04-12 *The Company of Strangers* shows us the remarkable strangeness and fragility of our everyday lives This completely revised and updated edition includes a new chapter analyzing how the rise and fall of social trust explain the unsustainable boom in the global economy over the past decade and the financial crisis that succeeded it Drawing on insights from biology anthropology history psychology and literature Paul Seabright explores how our evolved ability of abstract reasoning has allowed institutions like money markets cities and the banking system to provide the foundations of social trust that we need in our everyday lives Even the simple acts of buying food and clothing depend on an astonishing web of interaction that spans the globe How did humans develop the ability to trust total strangers with providing our most basic needs

Essentials of Ecology Michael Begon, Robert W. Howarth, Colin R. Townsend, 2014-08-18 *Essentials of Ecology* 4th Edition presents introductory ecology in an accessible state of the art format designed to cultivate the novice student's understanding of and fascination with the natural world In a concise engaging style this text outlines the essential principles of ecology from the theoretical fundamentals to their practical applications Full color artwork simple pedagogical features and a wide range of carefully chosen examples make this book an ideal introduction to ecology for students at all levels

The Cult of the Market Lee Boldeman, 2007-10-01 *The Cult of the Market* Economic Fundamentalism and its Discontents disputes the practical value of the shallow all encompassing dogmatic economic fundamentalism espoused by policy elites in recent public policy debates along with their gross simplifications and sacred rules Economics cannot provide a convincing overarching theory of government action or of social action more generally Furthermore mainstream economics fails to get to grips with the economic system as it actually operates It advocates a more overtly experimental eclectic and pragmatic approach to policy development which takes more seriously the complex interdependent evolving nature of society and the economy Importantly it is an outlook that recognises the pervasive influence of asymmetries of wealth power and information on bargaining power and prospects throughout society The book advocates a major reform of the teaching of economics Provided by publisher
