Last Summer:

Method Acting and Its Discontents Shonni Enelow, 2015-07-09 Method Acting and Its Discontents On American Psycho Drama provides a new understanding of a crucial chapter in American theater history Enelow s consideration of the broader cultural climate of the late 1950s and early 1960s specifically the debates within psychology and psychoanalysis the period s racial and sexual politics and the rise of mass media gives us a nuanced complex picture of Lee Strasberg and the Actors Studio and contemporaneous works of drama Combining cultural analysis dramaturgical criticism and performance theory Enelow shows how Method acting s contradictions reveal powerful tensions inside mid century notions of individual and collective identity

The Philosophy of Horror Thomas Richard Fahy, 2010-04-16 Sitting on pins and needles anxiously waiting to see what will happen next horror audiences crave the fear and exhilaration generated by a terrifying story their anticipation is palpable But they also breathe a sigh of relief when the action is over when they are able to close their books or leave the movie theater Whether serious kitschy frightening or ridiculous horror not only arouses the senses but also raises profound questions about fear safety justice and suffering From literature and urban legends to film and television horror s ability to thrill has made it an integral part of modern entertainment Thomas Fahy and twelve other scholars reveal the underlying themes of the genre in The Philosophy of Horror Examining the evolving role of horror the contributing authors investigate works such as Mary Shelley s Frankenstein 1818 horror films of the 1930s Stephen King s novels Stanley Kubrick s adaptation of The Shining 1980 and Alfred Hitchcock s Psycho 1960 Also examined are works that have largely been ignored in philosophical circles including Truman Capote s In Cold Blood 1965 Patrick S skind s Perfume 1985 and James Purdy s Narrow Rooms 2005 The analysis also extends to contemporary forms of popular horror and torture horror films of the last decade including Saw 2004 Hostel 2005 The Devil s Rejects 2005 and The Hills Have Eyes 2006 as well as the ongoing popularity of horror on the small screen The Philosophy of Horror celebrates the strange compelling and disturbing elements of horror drawing on interpretive approaches such as feminist postcolonial Marxist and psychoanalytic criticism The book invites readers to consider horror s various manifestations and transformations since the late 1700s probing its social cultural and political functions in today s media hungry society

Hearings, Reports and Prints of the House Committee on Education and Labor United States. Congress. House. Committee on Education and Labor, 1971

Demand and Price Situation United States. Dept. of Agriculture. Economic Research Service, 1961 Short-term Energy Outlook ,1995 **Farm Index** ,1964 *Commercial Vegetables for Fresh Market* United States. Crop Reporting Board, 1951 *Need for and Operation of a Strategic Defense Initiative Institute* United States. Congress. Senate. Committee on Governmental Affairs. Subcommittee on Oversight of Government Management, 1987 **Vegetable Situation** United States. Department of Agriculture. Economic Research Service, 1957 **The Demand and Price Situation** ,1949 **Naskapi Law** Julius E. Lips, 1947 This is a print on demand edition of an important hard to find

publication Illustrations **Congressional Record** United States. Congress,1995 **Hearings** United States. Congress. House. Committee on Interstate and Foreign Commerce,1971 Using Online Dictionaries Carolin Müller-Spitzer,2014-02-27 Until now there has been very little research into the use of online dictionaries In contrast the market for online dictionaries is increasing both for academic lexicography and for commercial lexicography with sales figures for printed reference works in continual decline This has led to a demand for reliable empirical information on how online dictionaries are actually being used and how they could be made more user friendly The volume Using Online Dictionaries makes a substantial contribution to closing this research gap It is divided into four parts The first part contains articles on fundamental issues a research review of the empirical studies on digital dictionaries which have already been carried out and a brief methodological guideline for lexicographical researchers who are interested in conducting their own empirical research The second part contains the results of two studies that focus on general questions about the use of online dictionaries It presents empirical data on contexts of dictionary use on expectations and demands regarding online dictionaries Furthermore innovative features such as the use of multimedia elements or the option of a user adaptive interface and questions of design were assessed empirically The third part of this volume comprises more specific studies of online dictionaries an eye tracking study evaluating the new web design of the dictionary portal OWID and a log file study which tries to get to the bottom of the following question Do dictionary users look up frequent words or put differently is there a connection between how often a word is looked up and how often it appears in a corpus In the last chapter of this thematic section the question of how users judge the combination of a written paraphrase and an additional illustration in illustrated online dictionaries is addressed The last part focuses on the use of monolingual dictionaries in particular the German online dictionary *elexico* In this context two online questionnaire based studies were carried out The empirical studies were conducted in the form of online surveys combining questionnaires and experimental elements and in the form of laboratory studies using eye tracking technology as well as using observational methods such as log file analyses Regarding the comprehensive research framework this volume can be relevant to lexicographers metalexicographers and linguists who are interested in the use of online dictionaries and in the development and exploration of lexicographical data for the internet as well as linguists interested in empirical methods It addresses a broad expert audience by presenting an academic subject which is currently the focus of much discussion **Reorganization of the Army** United States. Congress. Senate. Committee on Military Affairs,1919 *Everything to Nothing* Geert Buelens,2016-02-16 The poets Great War violence revolution and modernism The First World War changed the map of Europe forever Empires collapsed new countries were born revolutions shocked and inspired the world This tumult sometimes referred to as the literary war saw an extraordinary outpouring of writing The conflict opened up a vista of possibilities and tragedies for poetic exploration and at the same time poetry was a tool for manipulating the sentiments of the combatant peoples In Germany alone during the first few months

there were over a million poems of propaganda published We think of war poets as pacifistic protestors but that view has been created retrospectively The verse of the time particularly in the early years of the conflict in Fernando Pessoa or Filippo Tommaso Marinetti for example could find in the violence and technology of modern warfare an awful and exhilarating epiphany In this cultural history of the First World War the conflict is seen from the point of view of poets and writers from all over Europe including Rupert Brooke Anna Akhmatova Guillaume Apollinaire Gabriele D Annunzio Vladimir Mayakovsky Rainer Maria Rilke and Siegfried Sassoon Everything to Nothing is the award winning panoramic history of how nationalism and internationalism defined both the war itself and its aftermath revolutionary movements wars for independence civil wars the treaty of Versailles It reveals how poets played a vital role in defining the stakes ambitions and disappointments of postwar Europe

National Food Situation ,1960 *A Brief History of Islam* Mohammad A. Rauf,Muhammad Abdul-Rauf,1914 **Occupational Outlook Quarterly** ,1969 **Hearings** United States. Congress. Senate. Select Committee on Nutrition and Human Needs,1972
