History Of The Old Testament:

Bible History-Old Testament Edersheim, Alfred, In this book Alfred Edersheim looks at a large array of different aspects of Old Testament history He states that In writing this book I have primarily had in view those who teach and those who learn whether in the school or in the family But my scope has also been wider I have wished to furnish what may be useful for reading in the family what indeed may in some measure serve the place of a popular exposition of the sacred history More than this I hope it may likewise prove a book to put in the hands of students to show them what the Bible really teaches Old Testament History Henry Preserved Smith,1903 Old Testament History William Smith,1875 **The Old Testament History**,1882* **The History of the Religion of Israel** Crawford Howell Toy,1886 **Old Testament History** Ismar John Peritz,1915 **A Brief Biblical History** F. J. Foakes-Jackson,2005-12-01 After the slaying of Goliath David was made the constant companion of Saul and he and Jonathan became sworn friends But as the women of Israel sang the praises of David after the slaying of Goliath and ascribed tens of thousands of slain to David and only thousands to Saul Saul began to dread him as a possible rival from The Reign of Saul This concise overview of the Old Testament from a respected and prolific Biblical scholar strives to offer a level headed assessment of the oldest tales in the world s oldest book Brief synopses of the major characters and storylines from Abraham Isaac and Jacob to the Flight of Israel the Syrian Wars and the Settlement of Judah are presented with an awareness of the different moral climate in which we live today with a critical bent toward the historicity of the events depicted and with a skeptical eye toward the miraculous While never dismissing the importance of faith this classic 1924 work embraces the necessity of both the heart and the mind in gaining a full understanding of the Old Testament **The Old Testament** Konrad Schmid,2012 Renowned Hebrew Bible scholar Konrad Schmid here provides a comprehensive discussion of the task history and conditions of the history of Old Testament literature He carefully considers the dynamics of language orality literacy and the range of social and political conditions that shaped Israel s writing at each period of the people s history and explores the significance of the transformation of various writings into Scripture and a biblical canon *The Old Testament History, from the Creation to the Return of the Jews from Captivity* William Smith,1866 **The Old Testament** Jeff S. Anderson,2010-11 An introduction to the Old Testament that examines the interplay between story and history in the Bible **Bible History, Old Testament** Alfred Edersheim,1977 **The Old Testament Interpretation of History** Christopher R. North,2009-05-20 The religious experience without the vision of History would be empty the historical event without the religious experience blind In this book Professor Christopher North accepts Robert Winkler s statement and treats event and idea as necessarily linked in any true interpretation of Old Testament history He outlines the several stages in the Hebrew interpretation of history and considers whether that interpretation was altogether or approximately true and whether the actual course of Hebrew history warrants us in believing that there was a special providence and purpose in God s dealings with Israel **Bible History of the Old**
