Kramers Ergot Third Issue:

The Comics of Julie Doucet and Gabrielle Bell Tahneer Oksman, Seamus O'Malley, 2018-12-05 Winner of the 2020 Comics Studies Society Edited Book Prize Contributions by Kylie Cardell Aaron Cometbus Margaret Galvan Sarah Hildebrand Frederik Byrn K hlert Tahneer Oksman Seamus O Malley Annie Mok Dan Nadel Natalie Pendergast Sarah Richardson Jessica Stark and James Yeh In a self reflexive way Julie Doucet s and Gabrielle Bell s comics though often autobiographical defy easy categorization In this volume editors Tahneer Oksman and Seamus O Malley regard Doucet s and Bell s art as actively feminist not only because they offer women s perspectives but because they do so by provocatively bringing up the complicated multivalent frameworks of such engagements While each artist has a unique perspective style and worldview the essays in this book investigate their shared investments in formal innovation and experimentation and in playing with questions of the autobiographical the fantastic and the spaces in between Doucet is a Canadian underground cartoonist known for her autobiographical works such as *Dirty Plotte* and *My New York Diary* Meanwhile Bell is a British American cartoonist best known for her intensely introspective semiautobiographical comics and graphic memoirs such as the *Lucky* series and *Cecil and Jordan in New York* By pairing Doucet alongside Bell the book recognizes the significance of female networks and the social and cultural connections associations and conditions that shape every work of art In addition to original essays this volume republishes interviews with the artists By reading Doucet s and Bell s comics together in this volume housed in a series devoted to single creator studies the book shows how despite the importance of finding a place inside yourself to create this space seems always for better or worse a shared space culled from and subject to surrounding lives experiences and subjectivities Kramers Ergot ,2002 *Comics Versus Art* Bart Beaty,2012-07-17 On the surface the relationship between comics and the high arts once seemed simple comic books and strips could be mined for inspiration but were not themselves considered legitimate art objects Though this traditional distinction has begun to erode the worlds of comics and art continue to occupy vastly different social spaces *Comics Versus Art* examines the relationship between comics and the most important institutions of the art world including museums auction houses and the art press Bart Beaty s analysis centres around two questions why were comics excluded from the history of art for most of the twentieth century and what does it mean that comics production is now more closely aligned with the art world Approaching this relationship for the first time through the lens of the sociology of culture Beaty advances a completely novel approach to the comics form *The Comics Journal* ,2009 **Maphead** Ken Jennings,2012-04-17 This book traces the history of mapmaking while offering insight into the role of cartography in human civilization and sharing anecdotes about the cultural arenas frequented by map enthusiasts It comes as no surprise that as a kid Jeopardy legend Ken Jennings slept with a bulky Hammond world atlas by his pillow every night It recounts his lifelong love affair with geography and explores why maps have always been so fascinating to him and to fellow enthusiasts everywhere He takes readers on a world tour of geogeeks from the London Map

Fair to the computer programmers at Google Earth Each chapter delves into a different aspect of map culture highpointing geocaching road atlas rallying even the unreal estate charted on the maps of fiction and fantasy He also considers the ways in which cartography has shaped our history suggesting that the impulse to make and read maps is as relevant today as it has ever been
