Krishnamurti 100 Years:

Krishnamurti Evelyn Blau, 1995 To tell Krishnamurti's vast even mythic life story Blau turns to a group of witnesses such as Aldous Huxley Joseph Campbell Henry Miller and Van Morrison who reveal their personal recollections of him Through various passages of his own writings readers hear his authentic voice unadulterated by interpretation 100 photos

The Blavatskian and Biblical Roots of Krishnamurti's Imagined Role Al Boag, 2025-09-16 This book focuses on Jiddu Krishnamurti 1895 1986 and charts the development of his teaching It covers the period from 1922 when Krishnamurti claimed he was God until his death including his declarations to be the World Teacher and eventual departure from the Theosophical Society The author explores the understanding transmitted to Krishnamurti by his mentors as an inheritance from Helena Petrovna Blavatsky 1831 1891 the Theosophical Society co-founder who is associated with the practice of occult breathless meditation This book highlights that Krishnamurti's writings and talks reveal his unacknowledged appropriation of the vocabulary of profound biblical motifs It considers how Krishnamurti fashioned his life and teaching on the New Testament Gospels composite biography of Jesus and on biblical eschatological and Christological texts The study will be of particular interest to students and scholars of esotericism new religious movements and the history of religions

Educating for Wisdom and Compassion John P. The Eyes of an Autistic Yogi Nathan H. Fox, 2012 The Eyes of an Autistic Yogi details one man's understanding of spirituality and life Even so spirituality is only one of a plethora of aspects of author Nathan Fox's life Aside from his spiritual quest as a Yogi Nathan is a musician writer and husband He also has Asperger's Syndrome a high functioning form of autism Nathan first realized that his perception was skewed as a child and he remained aware and even overwhelmed as he continued to develop It was not until a moment of spiritual awakening on the side of the highway in Indianapolis Indiana that he finally transcended the limitations of his diagnosis for the first time in his life he saw the world for its beauty and simplicity Sometime later as the vision faded Nathan knew he needed the experience again He also knew he must share his insight with the world Nathan reminds us of our own individuality For now we live in a strange world with even stranger people We call this earth and it is our home Remembering our home we do not seem that strange after all

The Christ Is Not a Person J.C. Tefft, 2009-02-11 Why are we born For what purpose are we here The longer

we remain unaware of what is taking place within us of what drives us and what can liberate us from the bonds of egocentric behavior the longer we allow what the Buddha called the sorrow of life to hold sway The sorrow of life is the sum and consequence of our total identification with the world that is created by self The word Consciousness means something more than what the mind of self thinks imagines or conceives Awareness in Pure Consciousness is an awareness that is other than self and beyond thought Contrary to traditional thinking the so called unseen unknown world is nothing more than Consciousness of which we are unaware Unawareness in Consciousness has been evolving into Awareness in Consciousness since before time began The author of this work comprehensively sets forth a meaning of ancient scripture that likely has not been advanced to you before He demystifies ancient legends and myths so the essential truth of ancient teachings shines through Using ancient scripture as a guide he insightfully explores a growing conscious awareness that has been emerging within mankind over the last few thousand years A must read for anyone looking to discover the deeper meaning of ancient scripture beyond a literal interpretation of the words *The Seven Stone Path* Peter Bolland,2023-08-23 What is wisdom and why do we need it For thousands of years we've tried to answer those two questions Yet even the most dedicated students often find the path to wisdom daunting The Seven Stone Path An Everyday Journey to Wisdom explores seven archetypal ideas found throughout the world's wisdom traditions turning them into tools anyone can use to deepen and enrich their lives The seven ideas are acceptance surrender engagement allowance enjoyment love and integration The goal of this book is to broaden our understanding of these crucial ideas and root them deeply into our everyday lives Moving toward wisdom is not an esoteric practice reserved only for specialists and insiders Cultivating wisdom like breathing is an innate natural process available to everyone Discover how following the seven stone path will allow you to emerge from a cave of conditioned consciousness a little wiser a little freer and a lot happier Beyond the One Room School P. Bruce Uhrmacher,Kristen E Bunn,2011-10-19 The purpose of this book is to showcase K 12 unique and educational significant activities that we may all learn from The essays in the book under girded by sound research highlight remarkable activities that are already taking place around the world The essays offer a detailed description of a classroom or a school provide an interpretation of what is taking place in this setting and why and inform readers about what can be learned from the setting Some readers will appreciate the vivid descriptions which will encourage them to push their own thinking Others may learn from the author's discussion of essential ideas from the essay which can be reflected upon and transferred into other situations All readers are likely to appreciate hearing about the varied and creative activities The stories of these noteworthy teachers fall into four categories risk taking creativity care and community and interconnectedness Within these themes are ideas that teachers can use to create their own remarkable classrooms Each theme is discussed and then several examples of how the theme plays out in the educational setting are described The Shadow That Seeks the Sun Ray Brooks,2018-02-13 An uplifting story of enlightenment that reveals simple yet profound truths about our true nature set amidst the atmospheric

banks of the River Ganges that will appeal to both the self help non duality and Eat Pray Love travel markets No effort is necessary Ray no new knowledge required or acquired No transcendental experience or higher consciousness needs to be achieved When the recognition of what you are is seen nothing at all happens Why would it You simply find yourself as you already are It is widely thought that finding peace happiness and freedom requires tremendous effort that in order to achieve a state of contentment and harmony in life a journey must be taken or someone or something must be awakened or overcome After a chance encounter with an Anglo Indian holy man on the ghats of the sacred River Ganges Ray Brooks discovers through the course of nine conversations that his quest for wholeness has been futile no such journey was necessary and just like a shadow that seeks the sun he had been searching for a self that had never been lost in the first place After acknowledging that simple yet profound truth that the seeker and that which is sought are one in the same the search for oneness is complete This book offers no systems of belief or promises Instead it clearly points to that which is ever present yet completely overlooked the ordinariness and beauty of our true nature **Rudolf Steiner's Endowment** Virginia Sease,2012 The author s reflections emphasize especially three considerations First that the Endowment impulse would allow us to experience the art of interpreting in the Rosicrucian way Second that the best initiative even one undertaken by a great individuality is doomed to failure if the participants are unable to overcome their personal ambitions And third that we may live with the fact that despite the passage of time the latent seeds in Rudolf Steiners attempt still have the possibility to reach fruition in the future *Feeling Good* C. Robert Cloninger,2004-05-06 A study on the elements philosophical scientific religious intellectual that make up the components of mental and emotional well being in humans **The Seven Sages** Ramachandra Gandhi,2015-05-22 A scintillating collection from one of our most original minds Eminent philosopher professor and public intellectual Ramchandra Gandhi 1937 2007 was regarded as a sage in his lifetime This book brings together some of his long essays and hitherto unpublished talks and writings on themes ranging from non violence and karma to svaraj brahmacharya and modern Indian spirituality that are contextualized in an introduction by close disciple A Raghuramaraju Bridging the moral religious and social the book offers many original insights on how Sri Ramakrishna and Sri Sarada Devi s catholic vision of religion annihilated exclusivism the manner in which Gandhi s martyrdom broke the prevailing power of evil and violence worldwide how going beyond celibacy brahmacharya is a joyous renunciation of sex and on svaraj being a struggle for the kingdom of self and autonomy not mere political independence Brilliantly argued and inspiring *The Seven Sages* brings Ramchandra Gandhi s ideas to a new audience beyond his admirers Curriculum as Meditative Inquiry A. Kumar,2013-05-01 2013 Outstanding Academic Title by Choice Review Kumar asks in this volume Since characteristic features of human consciousness fear conditioning and fragmentation work against the educational experience how can we re imagine curriculum as a space for meditative inquiry and allow it to provide transformative educational experiences to teachers and their students **One After Another** Kennet Gillman,2010-04-23 Astrology rectification and

prediction using the sequence of planets present at an individual's moment of birth **Medicine for the Earth** Sandra Ingerman, 2010-05-05 From cross cultural legends recounting shamanic cures to the biblical accounts of the parting of the Red Sea and Jesus multiplying the loaves and fishes many spiritual traditions are rich in stories about seemingly inexplicable transformations of the natural world The ancient healing art of transmutation in which toxic substances are transformed into safe substances is mentioned in all the world's great spiritual traditions including Hinduism and Taoism And while many have tapped this body of work to heal the self it has yet to be used to heal our environment For twenty years Sandra Ingerman has studied alternative ways to reverse environmental pollution In this book Ingerman takes us on a remarkable journey through the history of transmutation teaching us how we can use this forgotten technique to change ourselves and our environment She provides us with creative visualizations ceremonies rituals and chants derived from ancient healing practices that produce miraculous scientifically proven results In one dramatic illustration of what can be accomplished when

consciousness and awareness fuel our actions Ingerman describes her own success in transforming the nature of chemically polluted water **Krishnamurti** Evelyne Blau, 2007-12 Publicado por primera vez con ocasi3n del centenario de su nacimiento este libro es la nica biograf3a ilustrada de Jiddu Krishnamurti Evelyne Blau repasa con gran maestr3a la vida del mundialmente conocido fil3sofo y l3der espiritual indio entretejiendo sus propios textos con escritos personales de Krishnamurti entre los que se incluyen fragmentos de sus diarios poemas y citas de sus conferencias y cartas Adem3s la autora ha entrevistado a muchas de las personas que han recibido la influencia directa del maestro A destacar personajes tan variopintos como Deepak Chopra Aldous Huxley Henry Miller David Bohm Van Morrisson Joseph Campbell o George Bernard Shaw que contribuyen a este libro con relatos vivenciales de sus encuentros con Krishnamurti From Subjects to Citizens

Pierre Boyer, Linda Cardinal, David Headon, 2004-02-27 Australia and Canada are both lively multicultural societies with British constitutional traditions Historically they have faced similar challenges in defining and sustaining citizenship that reach back into a common past They also have similar approaches to address contemporary issues and anticipate the challenges of a 21st century future New perspectives on the culture and politics of citizenship emerge in this timely text that is essential reading for those interested in the steadily expanding ties between Australia and Canada Published in English
