trade was vital to the survival of Rome in the late Republic and the Principate In this volume Holleran provides the first systematic account of Rome's retail sector through a comprehensive analysis of the literary legal epigraphic and archaeological evidence together with wide ranging and innovative comparative studies of the distributive trades Investigating the diverse means by which goods were sold to consumers in the city and the critical relationship between retail and broader environmental factors Holleran places Roman retail trade firmly within the wider context of its urban economy In considering the roles played by shops workshops markets fairs auctions street sellers and ambulant vendors in the distribution of goods to the inhabitants of the city the volume sheds new light on the experience of living in the ancient city and explores the retail trade of Rome in its totality Imperial Ideology and Provincial Loyalty in the Roman Empire Clifford Ando, 2013-08-29 The Roman empire remains unique Although Rome claimed to rule the world it did not Rather its uniqueness stems from the culture it created and the loyalty it inspired across an area that stretched from the Tyne to the Euphrates Moreover the empire created this culture with a bureaucracy smaller than that of a typical late twentieth century research university In approaching this problem Clifford Ando does not ask the ever fashionable question Why did the Roman empire fall Rather he asks Why did the empire last so long Imperial Ideology and Provincial Loyalty in the Roman Empire argues that the longevity of the empire rested not on Roman military power but on a gradually realized consensus that Roman rule was justified This consensus was itself the product of a complex conversation between the central government and its far flung peripheries Ando investigates the mechanisms that sustained this conversation explores its contribution to the legitimization of Roman power and reveals as its product the provincial absorption of the forms and content of Roman political and legal discourse Throughout his sophisticated and subtle reading is informed by current thinking on social formation by theorists such as Max Weber Jürgen Habermas and Pierre Bourdieu *The Roman Government of Britain* Anthony R. Birley, 2005-09-29 The Roman Government of Britain is a completely rewritten version of Professor Birley's *Fasti of Roman Britain* 1981 with biographical entries for all higher officials from AD 43 to 409 Several new governors legionary legates tribunes procurators and fleet prefects are included and the entries for those previously known revised and in this edition translations of all sources have been added Introductory sections deal with career structures in the principate and the changed system of the late empire Evidence for imperial visits is also quoted and discussed The work provides a full conspectus of all the literary epigraphic and numismatic sources for the history of Roman rule in Britain *Sophene, Gordyene, and Adiabene* Michał Marciak, 2017-07-31 In *Sophene Gordyene and Adiabene* M Marciak offers the first ever comprehensive study of the history and culture of these three little known countries of Northern Mesopotamia 3rd century BCE 7th century CE The book gives an overview of the historical geography material culture and political history of each of these countries Furthermore the summary offers a regional perspective by describing the history of this area as a subject of the political and cultural competition of great powers This book answers both a recent growth of interest in ancient

Mesopotamia as the frontier area as well as the urgent need for documentation of the cultural heritage of a region that has recently become subject to the destructive influence of sectarian violence      **Persecution in 1 Peter** Travis B. Williams,2012-11-01 In *Persecution in 1 Peter* Travis B Williams offers a comprehensive and detailed socio historical investigation into the nature of persecution in 1 Peter situating the epistle against the backdrop of conflict management in first century CE Asia Minor      *A Companion to the Neronian Age* Emma Buckley,Martin Dinter,2013-05-03 An authoritative overview and helpful resource for students and scholars of Roman history and Latin literature during the reign of Nero The first book of its kind to treat this era which has gained in popularity in recent years Makes much important research available in English for the first time Features a balance of new research with established critical lines Offers an unusual breadth and range of material including substantial treatments of politics administration the imperial court art archaeology literature and reception studies Includes a mix of established scholars and groundbreaking new voices Includes detailed maps and illustrations      *Flavius Josephus and Flavian Rome* Jonathan Edmondson,Steve Mason,James Rives,2005-05-19 *Flavian Rome* has most often been studied without serious attention to its most prolific extant author Titus Flavius Josephus Josephus in turn has usually been studied for what he is writing about mainly events in Judaea rather than for the context in which he wrote *Flavian Rome* For the first time this book brings these two phenomena into critical engagement so that Josephus may illuminate *Flavian Rome* and *Flavian Rome* Josephus Who were his likely audiences or patrons in Rome How did the context in which he wrote affect his writing What do his narratives say or imply about that context This book brings together contributions from leading international scholars of Josephus and Flavian Roman history and literature      **Fragmented Memory** Nicoletta Bruno,Martina Filosa,Giulia Marinelli,2022-02-21 Chance in addition to the unavoidable ambiguity caused by time is one of the main guilty parties in the transmission of ancient texts or lack thereof However the same cannot be said for what concerns the mechanisms of selection and loss of historical and literary memory where the voluntary awareness of obscuring is often part of a precise aim thus leading the cultural memory of a literate society to become fragmented The present volume explores the devices and criteria of selection and loss in Ancient and Medieval texts and the subsequent fragmentation of such literature but it also addresses the questions of the *damnatio memoriae* of literary strategies such as reticence and omission as well as of known texts deemed lost but re found thanks to state of the art methods in digitization The many and diverse nuances of the concepts of omission selection and loss throughout Ancient and Medieval literature and history are illustrated through a number of case studies in the four sections of this volume each examining a different facet of the topic Mechanisms and criteria of textual loss and selection Lost texts re discovered Voluntary omissions and desire for oblivion and Re working the known
