African-American Orators Richard Leeman, 1996-08-28 This long needed sourcebook assesses the unique styles and themes of notable African American orators from the mid 19th century to the present of 43 representative public speakers from W E B Du Bois and Ida B Wells Barnett Martin Luther King Jr and Jesse Jackson to Barbara Jordan and Thurgood Marshall The critical analyses of the oratory of a broad segment of different types of public speakers demonstrate how they have stressed the historical search for freedom upheld American ideals while condemning discriminatory practices against African Americans and have spoken in behalf of black pride This biographical dictionary with its evaluative essays sources for further reading and speech chronologies is designed for broad interdisciplinary use by students teachers activists and general readers in college university institutional and public libraries

Martin Luther King Jr. and the Sermonic Power of Public Discourse Carolyn Calloway-Thomas, John Louis Lucaites, 2005-07-10 Critical studies of the range of King s public discourse as forms of sermonic rhetoric The nine essays in

this volume offer critical studies of the range of King s public discourse as forms of sermonic rhetoric They focus on five diverse and relative short examples from King s body of work Death of Evil on the Seashore Letter from Birmingham Jail I Have a Dream A Time to Break Silence and I ve Been to the Mountaintop Taken collectively these five works span both the duration of King s career as a public advocate but also represent the broad scope of his efforts to craft and project a persuasive vision a beloved community that persists through time

Classical Rhetorical Argumentation for the Rhetorical Critic Mika Hietanen, 2025-07-08 This book offers a reassessment of argumentation in classical rhetoric foregrounding its rational dimension Moving beyond introductions it provides insights from Aristotle Quintilian and other ancient thinkers while addressing common misconceptions and offering clarifications that are particularly valuable for the rhetorical critic Adopting a Scandinavian rhetorical perspective this book argues that classical rhetoric offers enduring tools for both the analysis and the construction of persuasive argumentation By bridging theory and practice it demonstrates how classical rhetoric remains highly relevant while also naturally integrating with analyses that focus on classical concepts such as ethos pathos or style whether through neo Aristotelian methods or contemporary approaches rooted in the classical rhetorical tradition Key concepts are explored in dedicated chapters the art of logos based argumentation is reassessed enthymeme and epicheireme structures are examined and topoi and staseis are discussed in relation to their later developments A chapter on the centenary of rhetorical criticism traces its evolution from Herbert Wichelns 1925 to today proposing a new template for the rhetorical critic This concise yet comprehensive book will interest intermediate and advanced students as well as scholars of rhetoric argumentation persuasion speech and writing studies and communication studies

Live from the Campaign Trail Michael A. Cohen, 2011-02-01 As the country wades into the hotly contested 2008 presidential election season we look to the candidates public pronouncements to gain an understanding of their platforms and to get a sense of the political direction our country might take over the course of the next four years Presidential campaign oratory has always inspired and incited voters In this collection of 27 pivotal campaign speeches Michael Cohen helps bring to life the speeches that defined and dramatized American politics over the last century From FDR s pledge for a New Deal to Nixon s legendary Checkers speech from Dan Quayle s attack on Murphy Brown to select speeches from this year s presidential race the stump speech has been the primary vehicle for candidates to share their political ambitions and ideals with the American people With supporting essays that set the scene and provide the appropriate context for understanding what was said how it was said and why *Live from the Campaign Trail* illustrates how campaign speeches have fundamentally shaped the way we think about American politics

Reagan at Bergen-Belsen and Bitburg Richard Jay Jensen, 2007 Ronald Reagan s inability to sway the American public and press with his speeches at the former site of the infamous Bergen Belsen concentration camp and later at the U S Air Force base in Bitburg Germany has been marked by many as the first major failure of the Great Communicator s second term Richard J Jensen highlights the qualities of the speeches that make them in his estimation

models of presidential discourse But he also looks at the setting for the speeches political and historical that doomed them despite their eloquence Telescoping in from the broadest perspective on Reagan s rhetorical career to the circumstances surrounding the decision to make the speeches to the drafting delivery and reception of the texts Jensen contrasts these two speeches with two very successful ones Reagan had delivered in Normandy the previous year The result is a vivid picture of a man and a moment in history Students and all those interested in public discourse and the presidency will deeply benefit from this mature work by a major scholar of rhetoric **Landmark Essays on American Public Address** Martin J.

Medhurst,2020-08-26 This volume traces the historical evolution of American academic thought concerning public address what it is how it ought to be studied and what can be learned by engaging rhetorical texts in an analytical fashion To begin one must distinguish among three separate but interrelated uses of the term public address as practice theory and criticism The essays in this volume represent landmarks in the literal sense of that term they are marks on the intellectual landscape that indicate where scholars and ideas have passed and in that passing left a mark for future generations It is appropriate to revisit the landmarks that have set public address off as a field of study and it allows readers to remember the struggles that have led to the current situation Most of the authors of the following chapters are deceased but their ideas live on transformed adapted modified rejected and reborn The scholarly dialectic continues What constitutes a study in public address how best to approach rhetorical texts which analytical tools are required for the job how best to balance text with context and what role ought theory to play in the conduct or outcome of critical inquiry these questions live on To answer them at all is to engender debate and that is how it should be if the intellectual vitality of public address is to be maintained The papers are a prolegomenon to such studies for they mark where scholars have been and point the way to where they still must go *Images, Scandal, and Communication Strategies of the Clinton Presidency* Rachel L. Holloway,2003-04-30

Denton Holloway and their contributors present analyses of communication strategies used in the Clinton administration with a special focus on President Clinton s responses to the Lewinsky scandal and impeachment Chapters explore the Clinton administration s attempts to control his image through rhetorical and media strategies his appeal to women voters the changing image of Hillary Rodham Clinton and Clinton s discourse on race The second half of the book focuses on Clinton s responses to the Lewinsky scandal media coverage and polling during the scandal and Clinton s impact on the symbolic nature of the American presidency This book will be of particular interest to scholars students and other researchers involved with communication political science political sociology political communication and scandal Speechwriting in

Perspective Thomas H. Neale,Jean M. Bowers,2003 Writing for the spoken word is a special discipline it requires that speechwriters products be written primarily although not exclusively to be heard not read Speeches are better cast in simple direct and often short sentences that can be easily understood by listeners Rhetorical devices such as repetition variation cadence and balance are available to and should be used by the speechwriter It is important for speechwriters to analyse

audiences according to factors such as age gender culture profession and income level size of audience political affiliation if any and on the occasion for or purpose of the speech Most effective speeches do not exceed 20 minutes in length After researching a topic speechwriters must prepare an outline from which the speech will be developed They should strive to maintain a clear theme throughout the speech Most speeches will have a three part structure consisting of an introduction a body and a conclusion The accepted style of contemporary American public address is natural direct low key casual and conversational This puts the listeners at ease and promotes a sense of community between the audience and speaker Punctuation should reflect the sound structure of the speech reinforcing the rhythm and pace of actual speech Clarity of expression is as important a consideration in speech grammar as rigid adherence to the rules for written law This book presents the essentials of speechwriting Preface Speechwriting in Perspective A Brief Guide to Effective and Persuasive Communication Thomas H Neale Public Speaking and Speechwriting Selected References Jean M Bowers Index

Discourse as Structure and Process Teun A. van Dijk, 1997 What are the structures of discourse and what are the functions of these structures in the communicative context This volume explains how and why discourse is organized at various levels The multidisciplinary contributions illustrate that discourse analysis goes far beyond the linguistic answer of designing grammars and goes hand in hand with the study of their uses and functions in the social context Comprehensive and accessible the volume covers a huge variety of discourse genres including written and spoken and storytelling and argumentation The chapters also illustrate the necessity to examine the mental processes of the language users How do people go about producing understanding and remembering text or talk The book stresses that both discourse and its mental processing have a social basis and can only be fully understood in relation to social interaction Independent Offices and Department of Housing and Urban Development Appropriations for 1971 United States.
