A History of Preaching from the Apostolic Fathers to the Great Reformers, A.D. 70-1572 Edwin Charles Dargan, 1905

**The Big Idea of Biblical Preaching** Keith Willhite, Scott M. Gibson, 2003-02-01 Since 1980 Haddon Robinson has influenced generations of students and preachers through his widely used classic text *Biblical Preaching* in which he shows preachers how to communicate the Bible's big ideas with precision. But does Robinson's big idea approach to expository preaching still work in today's diverse cultures and fast-paced world? *The Big Idea of Biblical Preaching* now in paperback presents a strong defense of the ongoing relevance of this approach to expository preaching. An experienced and skilled group of contributors to this volume includes Paul Borden, Scott M. Gibson, Duane Litfin, Terry Mattingly, John Reed, Bruce L. Shelley, Donald R. Sunukjian, Joseph M. Stowell III, Bruce K. Waltke, Scott Wenig, and Keith Willhite. This volume is written not only for the current generation of students but also for today's preachers who will find in the pages of this book a powerful approach to expository preaching.

Masters of Preaching Ray E. Atwood, 2013-12-19 Who were Catholicism's greatest orators? What was the key to their effectiveness? Was it mere scholastic ability or spiritual inspiration? The answer is both. In this follow-up work, Father Ray E. Atwood examines the lives, theologies, and preaching examples of the Church's greatest preachers. This book tells the story in biographical form of Catholic preaching from the Old Testament through today, concluding with the homilies of Benedict XVI. *Masters of Preaching* takes the reader around the world in search of homiletic gems. Readers will learn about the stories of familiar figures such as Saint Gregory the Great and less familiar figures such as Monsignor Francis Friedl. Readers will also discover how these men moved their congregations to deeper faith and greater understanding of the mysteries of salvation. Two appendices at the end of the book serve as a terrific resource for those looking for practical illustrations of lectionary themes. This book is an excellent resource for anyone interested in the subjects of public speaking and Church history.

The Oxford Edition of the Sermons of John Donne, Volume VII Peter McCullough, Erica Longfellow, 2024-12-11 Volume VII of *The Oxford Edition of the Sermons of John Donne* gathers sermons preached by Donne at different venues for the related liturgical occasions of marriages, christenings, and the churching of women after childbirth. The volume contains ten sermons; seven of them undated and, in the case of the christening sermons, also for parties unknown. One of the two churching sermons survives only in an authorially revised state as two separate but obviously coeval sermons. Longfellow and McCullough establish that these sermons were preached across almost the whole of Donne's preaching career from among his earliest (ca. 1615-16) to 1627, four years before his death. In each case, an authoritative text has been established by freshly collating multiple copies of the seventeenth-century print editions as well as multiple manuscript copies which predate the print witnesses. For the first time, these sermons appear with full critical apparatus. The Introduction provides the first dedicated account of the place of sermons in the social, liturgical, and theological contexts of these occasions in post-Reformation England. A headnote to each sermon describes its textual state.

and supplies local historical social and intellectual context and suggestions for further reading Extensive commentaries document Donne s use of sources both acknowledged and unacknowledged translate passages in foreign languages and gloss important and unfamiliar words Although largely neglected by previous scholarship these sermons emerge here as unique the only known sermons for churchings challenging for views on women and marriage more conservative than many of Donne s contemporaries and as evidence of Donne s Calvinist sacramental theology and his anti Catholicism They are also fine examples of Donne s skill in crafting emotionally compelling sermons suited to the unique demands of both occasion and auditory
