Post, Robert S. Robins, 1995-02-22 Dr Jerrold M Post and Robert S Robins explore the impact of physical and mental illness on political leadership *Passing Wealth on Death* Alexandra Braun, Anne Röthel, 2016-07-28 Wealth can be transferred on death in a number of different ways most commonly by will Yet a person can also use a variety of other means to benefit someone on death Examples include donations mortis causa joint tenancies trusts life insurance contracts and nominations in pension and retirement plans In the US these modes of transfer are grouped under the category of will substitutes and are generally treated as testamentary dispositions Much has been written about the effect of the use of will substitutes in the US but little is generally known about developments in other jurisdictions For the first time this collection of contributions looks at will substitutes from a comparative perspective It examines mechanisms that pass wealth on death across a number of common law civil law and mixed legal jurisdictions and explores the rationale behind their use It analyses them from different viewpoints including those of owners of businesses investors as well as creditors family members and dependants The aims of the volume are to show the complexity and dynamics of wealth transfers on death across jurisdictions to identify patterns between jurisdictions and to report the attitudes towards the different modes of transfer in light of their utility and the potential frictions they give rise to with policies and principles underpinning current laws European Dictatorships 1918-1945 Stephen J. Lee, 2016-02-12 *European Dictatorships 1918-1945* surveys the extraordinary circumstances leading to and arising from the transformation of over half of Europe's states to dictatorships between the first and the second world wars From the notorious dictatorships of Mussolini Hitler and Stalin to less well known states and leaders Stephen J Lee scrutinizes the experiences of Russia Germany Italy Spain Portugal and Central and Eastern European states This fourth edition has been fully revised and updated throughout New material for this edition includes the most recent research on individual dictatorships a new chapter on the experiences of Europe's democracies at the hands of Germany Italy and Russia an expanded chapter on Spain

Jeremy Treglown,2013-08-13 An open minded and clear eyed reexamination of the cultural artifacts of Franco's Spain True false or both Spain's 1939-75 dictator Francisco Franco was a pioneer of water conservation and sustainable energy Pedro Almodóvar is only the most recent in a line of great antiestablishment film directors who have worked continuously in Spain since the 1930s As early as 1943 former Republicans and Nationalists were collaborating in Spain to promote the visual arts irrespective of the artists political views Censorship can benefit literature Memory is not the same thing as history Inside Spain as well as outside many believe wrongly that under Franco's fascist dictatorship nothing truthful or imaginatively worthwhile could be said or written or shown In his groundbreaking new book *Franco's Crypt* Spanish Culture and Memory Since 1936 Jeremy Treglown argues that oversimplifications like these of a complicated ambiguous actuality have contributed to a separate falsehood that there was and continues to be a national pact to forget the evils for which Franco's side and according to this version his side alone was responsible The myth that truthfulness was impossible inside Franco's Spain may explain why foreign narratives For Whom the Bell Tolls Homage to Catalonia have seemed more credible than Spanish ones Yet La Guerra de España was as its Spanish name asserts Spain's own war and in recent years the country has begun to make a more public attempt to reclaim its modern history of fascism How it is doing so and the role played in the process by notions of historical memory are among the subjects of this wide ranging and challenging book *Franco's Crypt* reveals that despite state censorship events of the time were vividly recorded Treglown looks at what's actually there monuments paintings public works novels movies video games and considers in a captivating narrative the totality of what it shows The result is a much needed reexamination of a history we only thought we knew **Farewell My Beloved,**

**Goodbye Dear Leader** Brigitte M. Wareham,2024-04-26 The only certainty in life is death Even the most powerful leaders throughout history were unable to cheat the Grim Reaper World leaders whether revered or reviled are rarely allowed to exit gracefully from life but instead receive a state funeral a major international event incorporating splendid symbols and messages religious faith and tradition The body of Tsar Alexander III was carried across half of Russia before finally being buried in St Petersburg People paid obscene amounts of money for a room that gave a glimpse of Queen Victoria's fascinating State funeral The cortege for China's Empress Dowager Cixi was not to be photographed nevertheless photos showed up a century later For political reasons Generalissimo Franco's body was exhumed decades after his death The world became acquainted with a rather unusual ancient Roman Catholic ritual when Pope John Paul II died The body of India's Indira Gandhi was confined to sacred flames The last journey of Marshal Tito turned into an event of Funeral Diplomacy

whilst Khomeini's funeral ended in frenzy and tumult In 2021 the massive restrictions imposed due to the Covid 19 pandemic meant a rigid downsizing of Prince Philip's funeral hardly any guests were allowed to attend This revealing and entertaining book provides an insight into unique obsequies from across the world seen as both a celebration of life and the honouring of death

Popular Memory and Franco's 'Disappeared' in Spain Francie Cate, 2024-12-01 Francie Cate's *Popular Memory and Franco's Disappeared* is an obra magistral an opus magnum a masterwork It is an in depth and broad study in which further research on memory imposed forgetting counter memory and the dynamics of cultural memory will be rooted Maureen Tobin Stanley University of Minnesota Duluth USA This book examines a people's history of the Spanish Civil War's anti fascists who lost their 1936-1939 fight against far right military insurgents The book argues that the regime's disappeared have in fact since 1936 been the most visible protagonists safeguarded in the shared collective memory of the war's losers Narratives about Franco's up to 150 000 civilian shooting victims stories told in the form of memoirs political speeches visual art film novels and oral testimonies form the centerpiece of this study How have these narratives told by the war's losers focused explicitly on the figure of the dead body been mobilized in periods of political upheaval from 1936 to the present including WWII the 1950s and 60s of the Cold War the 1970s and 80s Spanish Transition ongoing mass media culture wars that have polarized the Right and the Left since public exhumations of unmarked graves began in the year 2000 Through fieldwork in the province of Cádiz the author has also recorded interviews with family members of citizens who were murdered Through oral narratives an entire community violently punished during the years of the dictatorship succeeded in keeping alive an alternative history of the pre war enterprise to establish the 1931 Spanish democratic Republic and to build a modern nation bound by constitutional law The discursive commonalities identified in the wide ranging testimonies including pioneering researchers publications beginning in the 1970s constitute a fascinating textual topography of popular cultural memory This book argues that this treasure trove of storytelling preserved an initially clandestine counter narrative of anti Francoist resistance as well as dreams of justice for the dead
