

The background of the cover features a close-up, slightly blurred photograph of several old, leather-bound books stacked on a surface. In the foreground, a vintage black and white photograph with a white border is partially visible, showing a dark, indistinct subject. The overall lighting is soft and warm, creating a sense of age and history.

Frank Harris Henry Miller Two Lives:

Frank Harris and Henry Miller Elmer Gertz, 1996 *Henry Miller* Robert Ferguson, 2012-04-17 Bohemian egoist and prophet of sensualism Henry Miller remains to many writers and readers a literary lion Born in Brooklyn in 1891 son of a tailor of German extraction Miller would embrace a freewheeling existence that carried him through umpteen jobs and sexual encounters providing rich source material for the novels he would write Greenwich Village and Paris in the 1920s offered rich pickings as did Miller's ten year affair with Anais Nin But he was 69 before *Tropic of Cancer* was legally published in the US and made him famous almost 30 years from its composition and long after his peers had devoured it in contraband French editions Robert Ferguson reveals Miller as a amalgam of vulnerability and insouciance who endured thirty years of official opprobrium but won the respect of Orwell T S Eliot and Lawrence Durrell and readers by the thousand This impressive biography is good dirty fun Observer Engaging and perceptive Economist Lively and entertaining J G Ballard

The Candy Men Nile Southern, 2014-09-02 In the early fall of 1958 the notorious Olympia Press in Paris published a novel entitled *Candy* an erotic Rabelaisian satire loosely based on Voltaire's *Candide* by one Maxwell Kenton pseudonym of its coauthors Terry Southern and Mason Hoffenberg The novel drew the attention of the French censors was banned reissued by Olympia's intrepid publisher under the title *Lollipop* rebanned then again reissued Within years it became one of the most talked about novels of the tumultuous 1960s selling in the millions of copies in America alone its success prompting Hollywood to turn it into a movie The hilarious rollicking sometimes tragic story of Candy's public career is recounted here in full From the book's humble beginnings in late 1950s Paris through its agonizing three year gestation sometimes on paper napkins and the authors wily often self destructive business dealings with their equally wily French publisher to its chaotic and controversial publication in the United States *The Candy Men* follows Candy's underground then mainstream success with unblinking scrutiny on the details including the legal shenanigans that surrounded it the blatant piracy that plagued it and the star studded cast that helped make it into one of the worst movies of all time Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Henry Miller: The Inhuman Artist** Indrek Männiste, 2013-06-20 Against skeptics Männiste argues that Miller does indeed have a philosophy of his own which underpins most of his texts It is demonstrated that this philosophy as a metaphysical sense of life forms a system the understanding of which is necessary to adequately explain even some of the most basic of Miller's ideas

Building upon his notion of the inhuman artist Miller's philosophical foundation is revealed through his literary attacks against the metaphysical design of the modern age. It is argued that by repudiating some of the most potent elements of late modernity such as history, modern technology and an aesthetized view of art, Miller paves the way for overcoming Western metaphysics. Finally, it is shown that philosophically this aim is governed by Miller's idiosyncratic concept of art in which one is led towards self-liberation through transcending the modern society and its dehumanizing pursuits. **On Henry Miller**

John Burnside, 2018-03-27 An engaging invitation to rediscover Henry Miller and to learn how his anarchist sensibility can help us escape the air-conditioned nightmare of the modern world. The American writer Henry Miller's critical reputation, if not his popular readership, has been in eclipse at least since Kate Millett's blistering critique in *Sexual Politics*, her landmark 1970 study of misogyny in literature and art. Even a Miller fan like the acclaimed Scottish writer John Burnside finds Miller's sex books, including *The Rosy Crucifixion*, *Tropic of Cancer* and *Tropic of Capricorn*, boring and embarrassing. But Burnside says that Miller's notorious image as a pornographer and woman-hater has hidden his vital, true importance: his anarchist sensibility and the way it shows us how, by fleeing from conformity of all kinds, we may be able to save ourselves from the air-conditioned nightmare of the modern world. Miller wrote that there is no salvation in becoming adapted to a world which is crazy, and in this short, engaging and personal book Burnside shows how Miller teaches us to become less adapted to the world, to resist a life sentence to the prison of social, intellectual, emotional and material conditioning. Exploring the full range of Miller's work and giving special attention to *The Air-Conditioned Nightmare* and *The Colossus of Maroussi*, Burnside shows how, with humor and wisdom, Miller illuminates the misunderstood tradition of anarchist thought. Along the way, Burnside reflects on Rimbaud's enormous influence on Miller as well as on how Rimbaud and Miller have influenced his own writing. An unconventional and appealing account of an unjustly neglected writer, *On Henry Miller* restores to us a figure whose searing criticism of the modern world has never been more relevant. [British Autobiography in the Seventeenth Century](#)

Paul Delany, 2015-08-14 Originally published in 1969, in the seventeenth century neither the literary genre nor the term autobiography existed, but we see in seventeenth-century literature many kinds of autobiographical writings to which their authors gave such titles as *Journal of the Life of Me*, *Confessions*, etc. This work is a study of nearly two hundred of these published and unpublished writings which together represent a very varied group of writings. The book begins with an examination of the rise of autobiography as a genre during the Renaissance. It discusses seventeenth-century autobiographical writings under two main headings: religious, where the autobiographies are grouped according to the denomination of their writer, and secular, where a wide variety of writings is examined, including accounts of travel and of military and political life, as well as more personal accounts. Autobiographies by women are treated separately, and the author shows that they, in general, have a deeper revelation of sentiments and more subtle self-analyses than is found in comparable works by men. Sources and influences are recorded, and also the essential historical details of each work. This book gives a critical analysis of the

autobiographies as literary works and suggests relationships between them and the culture and society of their time Review of the original publication a contribution to cultural history which is of quite exceptional merit Its subject is of great intrinsic interest and manifest importance and Professor Delany has treated it with exemplary thoroughness lucidity and intelligence

Japanese and Western Literature Armando Martins Janeira, 2016-08-09

Japanese and Western Literature delves deeply into Japanese culture to discover the concepts that similarize and differentiate Japanese and Western literary creations Paralleling Japanese literary creations and fundamental thought with those of the West the author draws many illuminating comparisons for example between the novels of Murasaki Shikibu and Marcel Proust between the Portuguese poet Torga and the haiku master Issa and between the picaresque novel in Japan and in the West Contrastive studies are also made into such concepts as time nature love and tragedy This broad yet incisive survey of Japanese literary genres and themes is more than a comparative study of literature however it is an attempt to grasp the core of Japanese culture by setting it against world culture From this born a complex of new ideas and problems and author is able to probe the extent of Western influence on Japanese fiction poetry and essays in the past hundred years

To Life Elmer Gertz, 1990 Elmer Gertz has defended famous people including Henry Miller Nathan Leopold and Jack Ruby and he has become famous in his own right through his struggle for civil liberties and personal rights Gertz has taken on a lengthy list of cases and causes over the six decades of his legal career He fought successfully against the censorship of Henry Miller's book *Tropic of Cancer* which had been banned in Chicago for obscenity He got Nathan Leopold released from prison after Leopold had served 34 years for his part in the death of 14 year old Bobby Franks An ardent foe of the death penalty Gertz labored for years as part of a national team of lawyers that was finally able to overturn Jack Ruby's death sentence for the murder of Lee Harvey Oswald Gertz's cases have helped make libel law in the nation For this edition Gertz adds an afterword that covers the 15 years since the book's first publication Gertz talks of Henry Miller's last days and his travels to the USSR on behalf of the Refuseniks

A Long Time Burning

Donald Thomas, 2024-12-06 Censorship of the written word has proved a constant source for debate and argument To cut or not to cut is a question with a long and fascinating history First published in 1969 *A Long Time Burning* is an account of the political religious and moral censorship of literature in the context of English literary history It is principally concerned with the evolution of a modern pattern of censorship between the abolition of licensing in 1695 and the late Victorian period The

author outlines the motives and methods of censorship illustrating these by more detailed discussion of such cases as those involving Edmund Curll John Wilkes Thomas Paine William Hone Richard Carlile William Dugdale and Henry Vizetelly The unofficial trade in banned books and the campaigns of the Proclamation Society the Society for the Suppression of Vice and the National Vigilance Association are described with the aid of some previously unpublished material The book includes an anthology of illustrative material quoting extracts from publications banned at various times and for various reasons Pages from such books as *Venus in the Cloister* are reprinted for the first time in more than two centuries while the other documents range from the Blasphemy Act of 1698 to a prosecution brought under the Race Relations Act of 1965
