Frank Sinatra, My Father Nancy Sinatra, 1986 Here at last is Nancy Sinatra's own story of her legendary father the only authorized biography of the phenomenal superstar From his boyhood in Hoboken to his first big breaks from the heights and depths of Hollywood to Washington New York Brazil and the world Nancy gives us the story of The Voice through many other voices among them Cary Grant Bing Crosby Mia Farrow Richard Burton Dean Martin Sammy Davis Jr and frequently in specially written personal commentary by Frank Sinatra himself For the first time we come to know the complex generous controversial charismatic man behind the elusive image Much has been written about Francis Albert Sinatra but the truth behind his agonies and triumphs is now revealed with the intimate understanding that only his daughter possesses

Bang Your Head David Konow, 2009-02-25 Bang your head Metal Health ll drive you mad Quiet Riot Like an episode of VH1's Behind the Music on steroids Bang Your Head is an epic history of every band and every performer that has proudly worn the Heavy Metal badge Whether headbanging is your guilty pleasure or you firmly believe that this much maligned genre has never received the respect it deserves Bang Your Head is a must read that pays homage to a music that's impossible to ignore especially when being blasted through a sixteen inch woofer Charting the genesis of early metal with bands like Black Sabbath and Iron Maiden the rise of metal to the top of the Billboard charts and heavy MTV rotation featuring the likes of Def Leppard and Metallica hitting its critical peak with bands like Guns N Roses disgrace

during the hair metal 80s and a demise fueled by the explosion of the Seattle grunge scene and the alternative revolution *Bang Your Head* is as funny as it is informative and proves once and for all that there is more to metal than sin sex and spandex To write this exhaustive history David Konow spent three years interviewing the bands wives girlfriends ex wives groupies managers record company execs and anyone who was or is a part of the metal scene including many of the band guys often better known for their escapades and bad behavior than for their musicianship Nothing is left unsaid in this jaw dropping funny and entertaining chronicle of power ballads outrageous outfits big hair bigger egos and testosterone drenched debauchery

How Sweet the Sound! Robert Barron Shaw Jr.,2016-03-30 The narrative chronicles the life of Robert Barron Shaw Jr a blind entrepreneur The text is written as a dialogue with his grandchildren Amanda Justin and Jeremy who probe into their grandfather s history which holds many ironies and twists of fate He was just a boy from Memphis TN living with his parents and siblings when one day he received a diagnosis that would change his life forever At first he shrouded himself in secrecy fearing the repercussions of misguided judgments and stereotypes As a result he navigated through the world as though life proceeded as usual but nothing about his life was ordinary by any stretch of the imagination Through courage force of will and a steadfast commitment to personal accountability Barry as he is affectionately known to friends and family redefined and transcended the limits of so called normalcy to achieve unprecedented success in business and in life Just as Barry has been guided by the example of his ancestors he became a mentor to his grandchildren young people in general and virtually anyone who feels marginalized or beset by life s challenges Stand for something Make the rules work for you or write your own set of rules This is but one of Barry s maxims that have defined his story *How Sweet the Sound My Journey Through a Sighted World* is a page turner that promises to have a lasting impact

Music, Movies, Meanings, and Markets Morris Holbrook,2012-01-25 *Music Movies Meanings and Markets* focuses on macromarketing related aspects of film music in general and on the cinemusical role of ambi diegetic jazz in particular The book examines other work on music in motion pictures which has dealt primarily with the traditional distinction between nondiegetic film music background music that comes from off screen and is not audible to the film s characters to further the dramatic development of plot character or other themes and diegetic music source music produced on screen and or that is audible to the film s characters adding to the realism of the mise en sc ne without contributing much to other dramatic meanings This book defines describes and illustrates another hitherto neglected type of film music ambi diegetic film music which appears on screen but which contributes to the dramatic development of plot character and other

themes Consistent with an interest in macromarketing such ambi diegetic film music serves as a kind of product placement suitable for commercialization via the cross promotion of soundtrack albums for example and plays a role in product design It also provides one type of symbolic consumer behavior that indicates choices made by film characters when playing singing listening or dancing in ways that reveal their personalities or convey other cinemusical meanings Morris Holbrook argues that ambi diegetic film music sheds light on various social issues such as the age old tension between art and entertainment as it applies to the contrast between creative integrity and commercialization Music Movies Meanings and Markets explores the ways in which ambi diegetic jazz contributes to the development of dramatic meanings in various films many of which address the art versus commerce theme as a central concern **The Undeniable Sound of Right Now** Laura
