historischer Kulminationspunkt vieler gesellschaftlicher politischer und sozialer Veränderungen Anhand detailreicher Romaninterpretationen ausgewählter Autorinnen wie Sophie von La Roche Isabella von Wallenrodt Therese Huber Sophie Mereau Caroline de la Motte Fouquet oder Henriette Frelich stellt diese Studie ein breites Spektrum der literarischen Reaktionen dar

Die Gernlers. Eine Basler Familiengeschichte Claudia Opitz-Belakhal, 2023-05-01 Die Gernlers waren eine Basler Pfarr- und Gelehrtdynastie, welche die Geschichte der Stadt über Jahrhunderte prägte. Im Unterschied zu den Burckhardts, Faeschs oder Staehelins spielt diese Familie im kollektiven Bewusstsein Basels heute jedoch kaum noch eine Rolle. Zu Unrecht, denn ihre Geschichte erweist sich als höchst aufschlussreich, was die Bedeutung familiärer Beziehungen und Solidaritäten zwischen Spätmittelalter und Moderne anbelangt. Die Publikation geht den verschlungenen Schicksalen einzelner Familienmitglieder aus verschiedenen Epochen nach und zeigt, welche Auswirkungen wirtschaftliche und soziale Entwicklungen in der Frühen Neuzeit etwa das Verlagswesen oder die Fremden Dienste auf den Alltag der Menschen hatten. Ein Fokus liegt auf den weiblichen Familienmitgliedern und beleuchtet deren Rolle als Mütter, Töchter, Witwen und Waisen, aber auch als Unternehmerinnen und Meistersgattinnen

A History of Women's Writing in Germany, Austria and Switzerland Jo Catling, 2000-03-23 This volume makes the wide-ranging work of German women writers visible to a wider audience. It is the first work in English to provide a chronological introduction to and overview of women's writing in German-speaking countries from the Middle Ages to the present day. Extensive guides to further reading and a bibliographical guide to the work of more than 400 women writers form an integral part of the volume, which will be indispensable for students and scholars of German literature and all those interested in women's and gender studies.

Gender and Genre Stephanie M. Hilger, 2014-10-23 In the wake of the French Revolution, history was no longer imagined as a cyclical process in which the succession of ruling dynasties was as predictable as the change in the seasons. Contemporaries wrestled with the meaning of this historical rupture, which represented both the progress of the

Enlightenment and the darkness of the Terreur French authors discussed the political events in their country but they were not the only ones to do so As the effects of the French Revolution became more palpable across the border German authors pondered their implications in newspapers political pamphlets and historiographical treatises German women also participated in these debates but they often embedded their political commentary in literary texts because they were discouraged and sometimes even barred from publishing in explicitly political and public venues As such literature in the sense of belles lettres had a compensatory function for women it allowed them to engage in political discussion without explicitly encroaching on certain domains that were perceived as a male preserve As women writers explored the uses of literature for political commentary they adapted major literary genres in order to consolidate their position in the late eighteenth and early nineteenth century literary sphere Those genres included domestic fiction the historical novel historical tragedy autobiography the Robinsonade and the Bildungsroman Women writers challenged the images of women traditionally portrayed in these genres dutiful daughter submissive wife caring mother tantalizing mistress angelic figure and passive victim Gender and Genre discusses six women writers who replaced these traditional female types with women warriors and emigrants as protagonists in texts published between 1795 and 1821 Therese Huber Caroline de la Motte Fouqu Christine Westphalen Regula Engel Sophie von La Roche and Henriette Fr lich These authors protagonists question traditional images of passive femininity yet their battered bodies also depict the precarious position of women in general and women writers in particular during this period Because women writers were attacked by their male counterparts who attempted to halt their foray into the literary marketplace these texts are as much about power dynamics in the German literary establishment as they are about French politics **Frauen reisen** Wolfgang Griep, Annegret Pelz, 1995
