Freddie Starr Unwrapped:

Unwrapped Freddie Starr, Alan Wightman, 2001 With 40 years in showbusiness under his belt Freddie Starr's autobiography is full of humorous stories about his exploits both on and off stage and his encounters with some of the biggest stars of the 20th century from John Lennon to Elvis Presley and Dean Martin **Breaking** Mic Wright, 2025-06-12 Brimming with intelligence energy ethics and impeccable research Samira Ahmed The modern media is breaking Now more than ever the media is crucial in shaping what we know about the world around us So what happens when this vital part of our society fails in its basic role and how can we even begin to understand the mess it's in From those who own the news and the battle for balance at the BBC to the intricacies of political journalism and the trade's ethics the modern media is as complex as it is flawed Through personal experience of the newsrooms and insider interviews journalist Mic Wright strips the engine of information entertainment and propaganda back to its constituent parts and lays it bare In this revealing deep dive Breaking shows how our news media works and ultimately how it doesn't With his frank and comprehensive analysis Mic equips the reader with the tools to better interrogate our media separating the fair from the ethically dubious the truths from the half truths and the downright lies Marty Feldman: The Biography of a Comedy Legend Robert Ross, 2011-10-25 Mike Myers thinks he was a genius while John Cleese regards him as a true cultural icon He was an architect of British comedy paving the way for Monty Python and then became a major Hollywood star forever remembered as Igor in Mel Brooks' Young Frankenstein A writer director performer and true pioneer of his art he died aged only 48 His name was Marty Feldman and here at last is the first ever biography Acclaimed author Robert Ross has interviewed Marty's friends and family including his sister Pamela Tim Brooke Taylor Michael Palin and Terry Jones and also draws from extensive previously unpublished and often hilarious interviews with Marty himself taped in preparation for the autobiography he never wrote No one before or since has had a career quite like Marty's Beginning in the dying days of variety theatre he went from the behind the scenes scriptwriting triumphs of Round the Horne and The Frost Report to onscreen stardom in At Last the 1948 Show and his own hit series Marty That led to transatlantic success his work with Mel Brooks and a five picture deal to write and direct his own movies From his youth as a tramp on the streets of London to the height of his fame in America where he encountered everyone from Orson Welles to Kermit the Frog before his Hollywood dream became a nightmare this is the fascinating story of a key figure in the history of comedy told in full for the first time Obituaries in the Performing Arts, 2019 Harris M. Lentz III, 2020-10-28 The entertainment world lost many notable talents in 2019 including television icon Doris Day iconic novelist Toni Morrison groundbreaking director John Singleton Broadway starlet Carol Channing and lovable Star Wars actor Peter Mayhew Obituaries of actors filmmakers musicians producers dancers composers writers animals and others associated with the performing arts who died in 2019 are included in this edition Date place and cause of death are provided for each along with a career recap and a photograph Filmographies are given for film and television performers The

Other Fab Four Mary McGlory, Sylvia Saunders, 2024-03-12 For readers of Sheila Weller's *Girls Like Us* comes a fiercely feminist heartwarming story of friendship and music about The Liverbirds Britain's first all female rock group The idea for Britain's first female rock band The Liverbirds started one evening in 1962 when Mary McGlory then age 16 saw The Beatles play live at The Cavern Club in Liverpool the nightclub famously known as the cradle of British pop music Then and there she decided she was going to be just like them and be the first girl to do it Joining ranks in 1963 with three other working class girls from Liverpool drummer Sylvia Saunders and guitarists Valerie Gell and Pamela Birch also self taught musicians determined to break the male monopoly of the beat world The Liverbirds went on to tour alongside the Rolling Stones the Kinks and Chuck Berry and were on track to hit international stardom until life intervened and the group was forced to disband just five years after forming in 1968 Now Mary and Sylvia the band's two surviving members are ready to tell their stories From that fateful night in 1962 when Mary who once aspired to become a nun decided to provide for her family by becoming a rich and famous rocker to the circumstances that led to the band splitting up Sylvia's dangerously complicated pregnancy and the tragic accident that paralyzed Valerie's beau The Other Fab Four tackles family friendship addiction aging and the forces even destiny that initially brought the four women together *The Beatles in Hamburg* Ian Inglis, 2012-06-15 John Lennon Paul McCartney George Harrison and Ringo Starr are four of the most famous names in the history of music In the 1960s the Beatles became the bestselling pop band in the world inspiring legions of fans and developing into popular music icons Fifty years later their recordings are still in demand But none of this happened overnight As Ian Inglis reveals in this tale of the band's early years before they took the world by storm the Beatles were little more than an inexperienced semi professional group of talented musicians in dire need of practice Inglis tells the story of the Beatles in Hamburg Germany where their agent Allan Williams first sent them in August of 1960 In addition to showing how Hamburg itself played a role in the Beatles remarkable story Inglis details the difficulties they faced unusual performance venues age restrictions and deportations and the experiences and personalities that shaped them as performers and composers Ultimately Inglis explains the Beatles not only became proficient musicians in Hamburg but while there they began to build the reputation that would eventually make them the most popular band in the world An illuminating look at the group's formative years *The Beatles in Hamburg* is the perfect book for any one in thrall of Beatlemania or fan of popular music history **One Two Three Four: "Битлз" в ритме времени** Крейг Браун, 2021-10-21 Baillie Gifford Prize for Non Fiction 18 Private Eye **The British National Bibliography** Arthur James Wells, 2003 **Freddie Starr** Freddie Starr, **CMJ New Music Report** , 2003-03-03 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ's trade publication compiles playlists for college and non commercial stations often a prelude to larger success **CMJ New Music Report** , 2003-02-24 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and
