Literature and the Politics of Post-Victorian

Decadence Kristin Mahoney, 2015-06-09 In Literature and the Politics of Post Victorian Decadence Kristin Mahoney argues that the early twentieth century was a period in which the specters of the fin de siècle exercised a remarkable draw on the modern cultural imagination and troubled emergent avant gardistes These authors and artists refused to assimilate to the aesthetic and political ethos of the era representing themselves instead as time travellers from the previous century for whom twentieth century modernity was both baffling and disappointing However they did not turn entirely from the modern moment but rather relied on decadent strategies to participate in conversations concerning the most highly vexed issues of the period including war the rise of the Labour Party the question of women's sexual freedom and changing conceptions of sexual and gender identities *The British Library General Catalogue of Printed Books 1976 to 1982* British Library, 1983

Cavafy's Hellenistic Antiquities

Takis Kayalis, 2023-12-11 This book reinterprets C P Cavafy's historical and archaeological poetics by correlating his work to major cultural political and sexualized receptions of antiquity that marked the turn of the 20th century Focusing on selected poems which stage readings of Hellenistic and late ancient texts and material objects this study probes the poet's personal library and archive to trace his scholarly sources and scrutinize their contribution to his creative practice A new understanding of Cavafy's historicism emerges by comparing his poetics to a broad array of discourses and intellectual pursuits of his time these range from antiquarianism physiognomy and Egyptomania to cultural appropriations of the classics which sought to legitimate British colonial rule as well as homoerotic desire As this volume demonstrates Cavafy embraced antiquarianism as an empathetic and passionate way of relating to the past and shaped it into a method that allowed his poetry to render modern meanings to Hellenistic antiquities *National Union Catalog*, 1982 Includes entries for maps and atlases **The Publishers Weekly**, 1911 *National Union Catalog* Library of Congress, 1979 Includes entries for maps and atlases William Lethaby, Symbolism and the Occult Amandeep Kaur Mann, 2022-03-23 This book delves into the life and work of architect William Richard Lethaby 1857 1931 and his relationship with the occult and alchemy in particular Using detailed analysis of Lethaby's drawings and architecture the research uncovers Lethaby's familiarity with occult concepts and ideology during the spiritual revolution of the nineteenth century Throughout this time countless individuals particularly members of the avant garde rejected more traditional religious pathways and sought answers through experimental and mystical alternatives William Lethaby Symbolism and the Occult reveals how the architect was profoundly influenced by the Zeitgeist which was saturated with references to spiritualism mysticism and the occult and explores the impact of occultism on his contemporaries and the wider Arts and
