It is one of the two nations the other being the state of Israel founded on the basis of religion. Although it was created to provide a homeland for the Muslim community of British India in its original form it was able to accommodate only about half of the people of Islamic faith who lived in the subcontinent. Pakistan's birth in 1947 resulted in one of the largest movements of people in human history when some 14 million people left their homes with 8 million Muslims leaving India for what is now Pakistan and 6 million Hindus and Sikhs moving in the opposite direction. This was the first large scale incidence of ethnic cleansing the world was to witness.
