Main Currents in the History of American Journalism Willard G. Bleyer,1973

History of American Journalism, 1917 (Classic Reprint) James Melvin Lee,2015-07-11 Excerpt from History of American Journalism 1917 Frederic Hudson for many years the managing director of The New York Herald issued in 1873 his Journalism in the United States This book which aimed to cover the period from 1690 to 1872 contains many interesting sketches of editors and their papers but is so full of errors and is so biased in its point of view that it cannot be accepted as an authority even for the period with which Mr Hudson was most familiar The United States Government in 1880 issued in connection with its publications of the census for that year a History and Present Conditions of the Newspaper and Periodical Press of the United States For the historical part the book was based upon the works already mentioned and perpetuated their errors Its statistical matter being compiled from data furnished to the census makes it a valuable contribution to journalism history In 1881 Charles Dudley Warner a member of the editorial staff of The Courant of Hartford Connecticut published an essay The American Newspaper which he had read before the Social Science Association at Saratoga Springs New York on September 6 of that year Brief as was this booklet it was a most comprehensive summary of journalism as it then existed Nothing else of general scope except scattering magazine articles and biographies of individual editors has appeared to record the developments of American journalism The author of this book while acknowledging his indebtedness to the works already enumerated has sought in every instance to verify facts as original sources in his attempt to do so he has been greatly assisted by secretaries of state historical societies to whom acknowledgment for courtesies rendered must first be made To acknowledge in print others who have helped in the preparation of the manuscript is obviously impossible except in a few cases About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
