Bisexuality and Queer Theory Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin sexuality in our time is typified by a crisis in contemporary sexual definition What is sexuality What does it mean to have a sexual identity or orientation What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other How and why are some sexual erotic and intimate practices normalized and others marginalized Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary homosexuality At the same time bisexuality is a practice identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized It is a portal to the imagination of a world of amorous expression beyond that divide This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices This volume challenges our understanding of what it means to be sexual to have a sexual identity and to practise the arts of loving This book was originally published as a special issue of the Journal of Bisexuality

Bisexuality and the Challenge to Lesbian Politics Paula C Rust, 1995-10-01 The subject of bisexuality continues to divide the lesbian and gay community At pride marches in films such as Go Fish at academic conferences the role and status of bisexuals is hotly contested Within lesbian communities formed to support lesbians in a patriarchal and heterosexist society bisexual women are often perceived as a threat or as a political weakness Bisexual women feel that they are regarded with suspicion and distrust if not openly scorned Drawing on her research with over 400 bisexual and lesbian women surveying the treatment of bisexuality in the lesbian and gay press and examining the recent growth of a self consciously political bisexual

movement Paula Rust addresses a range of questions pertaining to the political and social relationships between lesbians and bisexual women By tracing the roots of the controversy over bisexuality among lesbians back to the early lesbian feminist debates of the 1970s Rust argues that those debates created the circumstances in which bisexuality became an inevitable challenge to lesbian politics She also traces it forward predicting the future of sexual politics **Queering the Ethiopian Eunuch** Sean D. Burke,2013-08-01

Were eunuchs more usually castrated guardians of the harem as florid Orientalist portraits imagine them or were they trusted court officials who may never have been castrated Was the Ethiopian eunuch a Jew or a Gentile a slave or a free man Why does Luke call him a man while contemporaries referred to eunuchs as unmanned beings As Sean D Burke treats questions that have received dramatically different answers over the centuries of Christian interpretation he shows that eunuchs bore particular stereotyped associations regarding gender and sexual status as well as of race ethnicity and class Not only has Luke failed to resolve these ambiguities he has positioned this destabilized figure at a key place in the narrative as the gospel has expanded beyond Judea but before Gentiles are explicitly named in such a way as to blur a number of social role boundaries In this sense Burke argues Luke intended to queer his reader s expectations and so to present the boundary transgressing potentiality of a new community **Bisexuality in Europe** Emiel
