## **History Of Christianity Vol 1 Beginnings To 15:**

Cambridge History of Christianity: Volume 1, Origins to Constantine Margaret M. Mitchell, Frances M. Young, K. Scott Bowie, **God's Mission in Asia** Ken Christoph Miyamoto, 2007-06-15 Ecumenism in postwar Asia institutionalized in the Christian Conference of Asia displayed a remarkable this worldliness from its inception in the 1940s This tendency was in contrast to the tension between the church centric and world centric approaches to Christian mission that marked conciliar mission thinking in the West This work examines the development of such this worldly holiness in Asian ecumenism focusing on M M Thomas of India and C S Song from Taiwan Special attention is drawn to the idea of God s this worldly presence that considers God as redemptively at work in world history apart from the church The study first compares the development of this worldly holiness in the West and Asia and then examines the thinking of Thomas and Song The chapters on these two theologians discuss their backgrounds the basic concerns motivating their intellectual searches and responses to the questions arising from such concerns These chapters also try to understand how these theologians view the relationship between God and the world In so doing the study highlights the significance of the idea of God s this worldly presence shared by Thomas and Song in spite of differences in their backgrounds approaches and theological formulations Having compared Thomas and Song the study concludes that the idea of God s this worldly presence became central to Asian ecumenism because it offered a common unifying vision to Asian Christians who come from a region characterized by tremendous diversity The idea helped them to see the diverse peoples cultures and religions in Asia under one God who transcends the diversity and still takes it seriously Rethinking Christ and Culture Craig A. Carter, 2007-01-01 In 1951 theologian H Richard Niebuhr published Christ and Culture a hugely influential book that set the agenda for the church and cultural engagement for the next several decades But Niebuhr s model was devised in and for a predominantly Christian cultural setting How do we best understand the church and its writers in a world that is less and less Christian Craig Carter critiques Niebuhr s still pervasive models and proposes a typology better suited to mission after Christendom **The Shape of Christian History** Scott W. Sunquist, 2022-06-28 How should thoughtful Christians especially historians and missiologists make sense of global Christianity as an unfolding historical movement Highlighting both the continuity and the diversity within the Christian movement over the centuries this comprehensive resource from Scott Sunquist offers a framework for how to read and write church history **Economics as Religion** Robert H. Nelson, 2015-06-13 Robert Nelson s Reaching for Heaven on Earth Economics as Religion and The New Holy Wars Economic Religion Versus Environmental Religion in Contemporary America read almost like a trilogy exploring and charting the boundaries of theology and economics from the Western foundations of ancient Greece through the traditions that Nelson identifies as Protestant and Roman and on into modern economic forms such as Marxism and capitalism as well as environmentalism Nelson argues that economics can be a genuine form of religion and that it should inform our understanding of the religious developments of our times This edition

of Economics as Religion situates the influence of his work in the scholarly economic and theological conversations of today and reflects on the state of the economics profession and the potential implications for theology economics and other social sciences

**A Baptist Democracy** Lee Canipe, 2011 The first decades of the 20th century were days of robust optimism in the United States These were the confident years of Theodore Roosevelt and Woodrow Wilson progressive reform and high purpose This period also marked the high tide of what author Lee Canipe calls Baptist democracy the moral overlap between Baptist theology and American democracy that continues to shape the way Baptists in the United States understand and articulate their faith In this book Canipe traces the rise of Baptist democracy as reflected in the work of three prominent leaders who made their most significant contributions to Baptist life between 1900 and 1925 Walter Rauschenbusch 1861 1918 E Y Mullins 1860 1928 and George W Truett 1867 1944 Celebrating the harmony between the principles of their church and the ideals of their state these three Baptists eloquently articulated what by the turn of the 20th century had become an article of faith for many of their fellow Baptists

*A Study of the Emergence and Early Development of Selected Protestant Chinese Churches in the Philippines* Jean Uy Uayan, 2017-06-30 Dr Jean Uayan comprehensively weaves the story of six Protestant Chinese churches in the Philippines into the local history of their individual settings in this important study Uncovering new insight and historical information from extensive primary and secondary sources Uayan presents a rich and previously unacknowledged heritage and support from four American mission organisations during the US occupation from 1898 1946 The seeds sown amongst Chinese communities across the Philippines resulted in indigenous churches that took differing journeys to full independence and now are also bearing fruit in missionary activity in South Fujian China This book is an important contribution towards a global church history acknowledging the work of the Holy Spirit establishing and building up the church of Jesus Christ among the nations

**Contested Issues in Christian Origins and the New Testament** Luke T. Johnson, 2013-01-15 In a collection of essays spanning some 35 years Luke Timothy Johnson takes on some of the most contested issues in the study of Christian Origins and the New Testament from the historical Jesus and the Jesus of the Gospels through exegetical studies of Luke Acts and Paul to questions pertaining to the development of early Christian history relations with Judaism the uses of polemic sexuality and law Johnson's work is characterized by close attention to texts and a concern for methodological rigor Far from representing scholarly consensus these essays consistently display independence of judgment whether concerning the authorship of Paul's disputed letters the legitimacy of the quest for the historical Jesus or the toxic character of some early Christian texts
