## History Of Eroticism Victorianism:

A History of Eroticism Ove Brusendorff, Poul Henningsen, 1961      **A History of Eroticism: Victorianism. 1965** Ove Brusendorff, Poul Henningsen, 1963      *Virginal Sexuality and Textuality in Victorian Literature* Lloyd Davis, 1993-01-01 This book examines the figure of the virgin a symbol central to many aspects of society and sexuality in nineteenth century England and its effects on the Victorian literary imagination Studying the virgin as a social sexual and literary phenomenon the volume contributes to current critical accounts of the relations among the body and language gender and discourse These essays explore the ways in which virginity is not a natural ideal but a complex cultural and literary sign The authors rethink the virginal as a textual counter example to the idealization of natural sexuality      Women Writers and the Dark Side of Late-Victorian Hellenism T. Olverson, 2009-11-19 Examining the appropriation of transgressive violent female figures from ancient Greek literature and myth by late Victorian writers Olverson reveals the extent to which ancient antagonists like the murderous Medea and the sinister Circe were employed as a means to protest against and comment upon contemporary social and political institutions      **Routledge Library Editions: History of Sexuality** Various Authors, 2021-02-12 Reissuing seven works originally published between 1977 and 1992 this collection offers a varied selection of surveys of historical practices and attitudes to sexuality from complete reviews of changing attitudes through time to individual studies of France in the 19th and 20th Centuries and England in the 17th This set will be of interest in sociology gender studies cultural studies and history      *Sexualities in Victorian Britain* Andrew H. Miller, 1996-12-22 Presents an introduction to Victorian sexualities This book contains essays that will energize reflection on the complexity of human sexuality and on the many different arrays of meaning that it has generated      **Prostitution and Victorian Society** Judith R. Walkowitz, 1982-10-29 A study of alliances between prostitutes and feminists and their clashes with medical authorities and police      **Histories of Sexuality** Stephen Garton, 2014-12-18 This book presents the first assessment of one of the most rapidly expanding fields of research the history of sexuality From the early efforts of historians to work out a model for sexual history to the extraordinary impact of French philosopher Michel Foucault to the vigorous debates about essentialism and social constructionism to the emergence of contemporary debates about historicism queer theory embodiment gender and cultural history we now have vast and diverse historical scholarship on sex and sexuality Histories of Sexuality highlights the key historical moments and issues pederasty and cultures of male passivity in ancient Greece and Rome the impact of early Christianity and ideals of renunciation on the sexual cultures of late antiquity the sustained existence of homosexual cultures in medieval and renaissance Europe the invention of homosexuality and heterosexuality in eighteenth century Europe and America the truth behind Victorian sexual repression the work of reformers and scientists such as Havelock Ellis Marie Stopes Stella Browne Margaret Sanger Alfred Kinsey William Masters and Virginia Johnson      British Women's History, 1996 This is one of a series of bibliographical guides designed to meet the needs of undergraduates postgraduates and their

teachers in universities and colleges of further education All volumes in the series share a number of common characteristics They are selective manageable in size and include those books and articles which are considered most important and useful All are edited by practising teachers of the subject in question and are based on their experience of the needs of students The arrangement combines chronological with thematic divisions Most of the items listed receive some descriptive comment

*LGBT Victorians* Simon Joyce,2022-07-28 It has been decades since Michel Foucault urged us to rethink the repressive hypothesis and see new forms of sexual discourse as coming into being in the nineteenth century yet the term Victorian still has largely negative connotations *LGBT Victorians* argues for re visiting the period s thinking about gender and sexual identity at a time when our queer alliances are fraying We think of those whose primary self definition is in terms of sexuality lesbians gay men bisexuals and those for whom it is gender identity intersex and transgender people genderqueers as simultaneously in coalition and distinct from each other on the assumption that gender and sexuality are independent aspects of self identification Re examining how the Victorians considered such identity categories to have produced and shaped each other can ground a more durable basis for strengthening our present LGBTQ coalition *LGBT Victorians* draws on scholarship reconsidering the significance of sexology and efforts to retrospectively discover transgender people in historical archives particularly in the gap between what the nineteenth century termed the sodomite and the hermaphrodite It highlights a broad range of individuals including Anne Lister and the defendants in the Fanny and Stella trial of the 1870s key thinkers and activists including Karl Heinrich Ulrichs and Edward Carpenter and writers such as Walt Whitman and John Addington Symonds to map the complicated landscape of gender and sexuality in the Victorian period In the process it decenters Oscar Wilde and his imprisonment from our historical understanding of sexual and gender nonconformity **Sexual Restraint**

**and Aesthetic Experience in Victorian Literary Decadence** Sarah Green,2023-03-09 Can sexual restraint be good for you Many Victorians thought so This book explores the surprisingly positive construction of sexual restraint in an unlikely place late nineteenth century Decadence Reading Decadent texts alongside Victorian writing about sexual health including medical literature adverts advice books and periodical articles it identifies an intellectual Paterian tradition of sensuous continence in which healthy pleasure is distinguished from its harmful counterpart Recent work on Decadent sexuality concentrates on transgression and subversion with restraint interpreted ahistorically as evidence of repression sublimation or queer coding Here Sarah Green examines the work of Walter Pater Lionel Johnson Vernon Lee and George Moore to outline a co extensive alternative approach to sexuality where restraint figured as a productive part of the aesthetic life or a practical ethics shaped by aesthetic principles Attending to this tradition reveals neglected connections within and beyond Decadence bringing fresh perspective to its late nineteenth and twentieth century reception **A Victorian Educational Pioneer's Evangelicalism,**

**Leadership, and Love** Pauline A. Phipps,2022-11-15 This book examines the relatively unknown English late Victorian educational pioneer Constance Louisa Maynard 1849 1935 whose innovative London based Westfield College produced the

first female BAs in the mid 1880s An atypical and powerful woman Maynard is also notable for her unique knowledge of psychology and patriotic Evangelicalism both of which profoundly shaped her ambitions and passions In contrast to most history about an individual s life this book builds a fascinating life story based upon evidence and clues from minutia The focus is on nine enigmatic actions motivated by Maynard in her quests for educational leadership global conversion and same sex love Maynard s acts that she called mistakes caused deep enmities with administrators and college women Yet amid her trials and conflicts Maynard made key decisions about her public and private life Moreover her so called mistakes reveal astonishing new insights into a past mindset and the rapidly changing world in which Maynard lived

Varieties of Victorianism Gary Day,1998-11-12 The essays collected here all take issue with the claim that the Victorian period is the antithesis of our own They show how characteristic postmodern anxieties and celebrations concerning truth certainty and identity informed Victorian culture at all levels Covering everything from attitudes to drink to the poetry of Browning from the Great Exhibition to the Elephant Man this volume shows not only how the Victorians coped with these challenges but also what lessons they have for us today

**Epistolary Encounters in Neo-Victorian Fiction** K. Brindle,2014-01-24 Neo Victorian writers invoke conflicting viewpoints in diaries letters etc to creatively retrace the past in fragmentary and contradictory ways This book explores the complex desires involved in epistolary discoveries of hidden Victorians offering new insight into the creative synthesising of critical thought within the neo Victorian novel

The fallen woman. Representations in dominant victorian discourses Tabea Halbmeyer,2020-09-24 Bachelor Thesis from the year 2013 in the subject History of Europe Modern Times Absolutism Industrialization grade 1 0 Friedrich Alexander University Erlangen Nuremberg language English abstract The aim of this paper is to outline the complexity of the representations of the fallen woman All representations involved the fear of deviancy and the attempt to preserve the social and moral order However the strategies to deal with the problem called fallen woman were divergent This paper is structured along modern forms of thinking In Victorian times the differentiation of the religious medical judicial and literary fields was not as clear cut as it is today For this reason the primary texts selected for the distinctive chapters might appear to belong to several discourses not just the one assigned to them It will become evident that the discourses on the fallen woman reveal similar representations as well as contradictory ones Even though the structure proposes the separation of the representations as victim and as threat there are overlaps and the distinctions are not as definite as the outline suggests In order to demonstrate basic ideas about the fallen woman there will be a strong focus on the female prostitute Many aspects of the discourse on the fallen woman become clear when looking at the topic of prostitution which was thematized in Victorian culture and politics Moreover the term stereotype will play a major role in this analysis

**A Geography of Victorian Gothic Fiction** Robert Mighall,2003 This is the first major full length study of Victorian Gothic fiction Combining original readings of familiar texts with a rich store of historical sources A Geography of Victorian Gothic Fiction is an historicist survey of nineteenth century

Gothic writing from Dickens to Stoker Wilkie Collins to Conan Doyle through European travelogues sexological textbooks ecclesiastic histories and pamphlets on the perils of self abuse Critics have thus far tended to concentrate on specific angles of Gothic writing gender or race or the belief that the Gothic returned at the so called fin de siècle Robert Mighall by contrast demonstrates how the Gothic mode was active throughout the Victorian period and provides historical explanations for its development from late eighteenth century through the Urban Gothic fictions of the mid Victorian period the Suburban Gothic of the Sensation vogue through to the somatic horrors of Stevenson Machen Stoker and Doyle at the century's close Mighall challenges the psychological approach to Gothic fiction which currently prevails demonstrating the importance of geographical historical and discursive factors that have been largely neglected by critics and employing a variety of original sources to demonstrate the contexts of Gothic fiction and explain its development in the Victorian period

**Masculinity and Spirituality in Victorian Culture** Andrew Bradstock, Sue Morgan, 2000-10-04 In its specially commissioned fourteen chapters this important book discusses an impressively wide range of issues around the theme of male spirituality in the nineteenth century drawing from history cultural studies art history and literary criticism Topics explored include ideological and iconographical representations of masculinity across the major Christian denominations militarism and hymnody male homosexuality and homoeroticism The book is not afraid to explore controversial areas nor to go beyond the generally acknowledged canon of prescribers of gender identity it includes for example leading nonconformist figures like William Booth and Charles Haddon Spurgeon and early gay writers like John Addington Symonds

**Bodies and Lives in Victorian England** Pamela K. Stone, Lise Shapiro Sanders, 2020-10-11 This volume offers an overview of what it was like to be female and to live and die in Victorian England c 1837 1901 by situating this experience within the scientific and social contexts of the times With a temporal focus on women's life experience the book moves from childhood and youth through puberty and adolescence to pregnancy birth and motherhood into senescence Drawing on osteological sources medical discourses and examples from the literature and cultural history of the period alongside social and environmental data derived from ethnographic and archival investigations the authors explore the experience of being female in the Victorian era for women across classes In synthesizing current research on demographic statistics maternal morbidity and mortality and bioarchaeological evidence on patterns of aging and death they analyze how changing social ideals cultural and environmental variability shifting economies and evolving medical and scientific understanding about the body combined to shape female health and identity in the nineteenth century Victorian women faced a variety of challenges including changing attitudes regarding appropriate behavior social roles and beauty standards while grappling with new understandings of the role played by gender and sexuality in shaping women's lives from youth to old age The book concludes by considering the relevance of how Victorian narratives of womanhood and the experience of being female have influenced perceptions of female health and cultural constructions of identity today

*The Cambridge Companion to Thomas Hardy* Dale

Kramer,1999-06-24 Thomas Hardy s fiction has had a remarkably strong appeal for general readers for decades and his poetry has been acclaimed as among the most influential of the twentieth century His work still creates passionate advocacy and opposition The Cambridge Companion to Thomas Hardy is an essential introduction to this most enigmatic of writers These commissioned essays from an international team of contributors comprises a general overview of all Hardy s work and specific demonstrations of Hardy s ideas and literary skills Individual essays explore Hardy s biography aesthetics his famous attachment to Wessex and the impact on his work of developments in science religion and philosophy in the late nineteenth century Hardy s writing is also analysed against developments in contemporary critical theory and issues such as sexuality and gender The volume also contains a detailed chronology of Hardy s life and publications and a guide to further reading

Female Adolescence in American Scientific Thought, 1830-1930 Crista DeLuzio,2007-08-13 Publisher description
