History Of Monks Of Syria:

A History of the Monks of Syria Theodoret (Bishop of Cyrrhus.),1985 An apologist an exegete and a champion of antiochene christology Bishop Theodoret presents an austere ideal of holiness which Syrian Christians found irresistible

Theodoret of Cyrrhus Theresa Urbainczyk, 2002 Authoritatively places the fifth century bishop Theodoret and his work in the proper historical and literary context The Early Christian World Philip Francis Esler, 2000 The Early Christian World presents an exhaustive erudite and lavishly illustrated treatment of the first Christian centuries from the Jewish War and fall of the Temple to the final abolition of paganism by Theodosius The Cambridge History of Medieval Monasticism in the Latin West Alison I. Beach, Isabelle Cochelin, 2020-01-09 Monasticism in all of its variations was a feature of almost every landscape in the medieval West So ubiquitous were religious women and men throughout the Middle Ages that all medievalists encounter monasticism in their intellectual worlds While there is enormous interest in medieval monasticism among Anglophone scholars language is often a barrier to accessing some of the most important and groundbreaking research emerging from Europe The Cambridge History of Medieval Monasticism in the Latin West offers a comprehensive treatment of medieval monasticism from Late Antiquity to the end of the Middle Ages The essays specially commissioned for this volume and written by an international team of scholars with contributors from Australia Belgium Canada England France Germany Italy the Netherlands Spain Switzerland and the United States cover a range of topics and themes and represent the most up to date discoveries on this topic Holiness and Masculinity in the Middle Ages P. H. Cullum, Katherine J. Lewis, 2005-01-01 Studies in gender in medieval culture have tended to focus on femininity however the study of medieval masculinities has developed greatly over the last few years Holiness and Masculinity in the Middle Ages is the first volume to concentrate on this specific aspect of medieval gender studies and looks at the ways in which varieties of medieval masculinity intersected with concepts of holiness Patricia Cullum and Katherine J Lewis have collected an exceptional group of essays that explore differing notions of medieval holiness understood variously as religious saintly sacred pure morally perfect and consider topics such as significance of the tonsure sanctity and martyrdom eunuch saints and the writings of Henry Suso Holiness and Masculinity in the Middle Ages deals with a wide variety of texts and historical contexts from Byzantium to Anglo Saxon and late medieval England Chrysostom's Devil Samantha L. Miller, 2020-03-17 References to demons and the devil permeate the rhetoric of John Chrysostom the golden tongued early church preacher and theologian Samantha Miller examines Chrysostom's theology and world helping us understand the role of demons in his soteriology and exploring what it means to be human and to follow Christ in a world of temptation **Demons and the** Making of the Monk David Brakke, 2006-01-30 Demons whether in embodied form or as inward temptation make vivid appearances in early Christian monastic literature In this finely written study of demonology and Christian spirituality in fourth and fifth century Egypt David Brakke examines how the conception of the monk as a holy and virtuous being was

shaped by the combative encounter with demons Brakke studies the making of the monk from two perspectives First he describes the social and religious identities that monastic authors imagined for the demon fighting monk the new martyr who fights against the pagan gods the gnostic who believes he knows both the tricks of the demons and the secrets of God and the prophet who discerns the hidden presence of Satan even among good Christians Then he employs recent theoretical ideas about gender and racial stereotyping to interpret accounts of demon encounters especially those in which demons appear as the Other as Ethiopians as women or as pagan gods Drawing on biographies of exceptional monks collections of monastic sayings and stories letters from ascetic teachers to their disciples sermons and community rules Brakke crafts a compelling picture of the embattled religious celibate Demons and the Making of the Monk is an insightful and innovative exploration of the development of Christian monasticism Wandering Monks, Virgins, and Pilgrims Maribel Dietz, 2010-11-01 Dietz finds that this period of Christianity witnessed an explosion of travel as men and women took to the roads seeking spiritual meaning in a life of itinerancy This book is essential reading for those who study the history of monasticism for it was a monastic context that religious travel first claimed an essential place within Christianity **Insanity and Sanctity in** Byzantium Youval Rotman, 2016-09-19 Prologue Insanity and religion Part I Sanctified insanity between history and psychology The paradox that inhabits ambiguity Meanings of insanity Part II Abnormality and social change early Christianity vs rabbinic Judaism Abnormality and social change Socializing nature the ascetic totem Epilogue Psychology religion and social change Historica, Biblica, Ascetica Et Hagiographica Frances Margaret Young, Mark J. Edwards, Paul M. The Making of Syriac Jerusalem Catalin-Stefan Popa, 2023-05-31 This book discusses hagiographic Parvis,2006 historiographical hymnological and theological sources that contributed to the formation of the sacred picture of the physical as well as metaphysical Jerusalem in the literature of two Eastern Christian denominations East and West Syrians Popa analyses the question of Syrian beliefs about the Holy City their interaction with holy places and how they travelled in the Holy Land He also explores how they imagined and reflected the theology of this itinerary through literature in Late Antiquity and the Middle Ages set alongside a well defined local tradition that was at times at odds with Jerusalem Even though the image of Jerusalem as a land of sacred spaces is unanimously accepted in the history of Christianity there were also various competing positions and attitudes This often promoted the attempt at mitigating and replacing Jerusalem's sacred centrality to the Christian experience with local sacred heritage which is also explored in this study Popa argues that despite this rhetoric of artificial boundaries the general picture epitomises a fluid and animated intersection of Syriac Christians with the Holy City especially in the medieval era and the subsequent period through a standardised process of pilgrimage well integrated in the custom of advanced Christian life and monastic canon The Making of Syriac Jerusalem is suitable for students and scholars working on the history literature and theology of Syriac Christianity in the late antique and medieval periods Writing and Holiness Derek Krueger, 2013-04-03 Drawing on comparative literature ritual and

performance studies and the history of asceticism Derek Krueger explores how early Christian writers came to view writing as salvific as worship through the production of art Exploring the emergence of new and distinctly Christian ideas about authorship in late antiquity Writing and Holiness probes saints lives and hymns produced in the Greek East to reveal how the ascetic call to imitate Christ's humility rendered artistic and literary creativity problematic In claiming authority and power hagiographers appeared to violate the saintly practices that they sought to promote Christian writers meditated within their texts on these tensions and ultimately developed a new set of answers to the question What is an author Each of the texts examined here used writing as a technique for the representation of holiness Some are narrative representations of saints that facilitate veneration others are collections of accounts of miracles composed to publicize a shrine Rather than viewing an author's piety as a barrier to historical inquiry Krueger argues that consideration of writing as a form of piety opens windows onto new modes of practice He interprets Christian authors as participants in the religious system they described as devotees monastics and faithful emulators of the saints and he shows how their literary practice integrated authorship into other Christian practices such as asceticism devotion pilgrimage liturgy and sacrifice In considering the distinctly literary contributions to the formation of Christian piety in late antiquity Writing and Holiness uncovers Christian literary theories with implications for both Eastern and Western medieval literatures **Biblical Prophets in Byzantine Palestine David** Satran, 2023-08-28 The Lives of the Prophets a series of brief biographical sketches of the major and minor prophets of the Hebrew Bible is a unique composition Generally held to be a Jewish document from the end of the period of the Second Temple the Lives offers an abundance of geographical genealogical and narrative detail which is not readily paralleled This study provides the first thorough assessment of the work in nearly a century A survey of the textual state of the composition and its reception is followed by a detailed examination of the literary structures which underlie the individual vitae It is argued that the Lives is an evolved heavily redacted document whose present form cannot predate the fourth century C E Only within the context of early Byzantine Christian concerns holy men sacred sites and the veneration of the saints does the Lives of the Prophets become a comprehensible and vital text The Oxford Handbook of Ancient Biography Koen De Temmerman, 2020-12-10 Biography is one of the most widespread literary genres worldwide Biographies and autobiographies of actors politicians Nobel Prize winners and other famous figures have never been more prominent in book shops and publishers catalogues This Handbook offers a wide ranging multi authored survey on biography in Antiquity from its earliest representatives to Late Antiquity It aims to be a broad introduction and a reference tool on the one hand and to move significantly beyond the state of the art on the other To this end it addresses conceptual questions about this sprawling genre offers both in depth readings of key texts and diachronic studies and deals with the reception of ancient biography across multiple eras up to the present day In addition it takes a wide approach to the concept of ancient biography by examining biographical depictions in different textual and visual media epigraphy sculpture architecture and by providing outlines of

biographical developments in ancient and late antique cultures other than Graeco Roman Highly accessible this book aims at a broad audience ranging from specialists to newcomers in the field Chapters provide English translations of ancient and modern terminology and citations In addition all individual chapters are concluded by a section containing suggestions for further reading on their specific topic Theodoret of Cyrus on Romans 11:26 Joel A. Weaver, 2007 Theodoret of Cyrus on Romans 11 26 Recovering an Early Christian Elijah Redivivus Tradition explores the interesting reading of Romans 11 26 offered by the fifth century Antiochene bishop Theodoret of Cyrus who states that the Jews will believe when the excellent Elijah comes bringing to them the doctrine of faith Surveying the diverse Elijah redivivus traditions of Middle Judaism and early Christianity the author identifies the two main trajectories of Christian Elijah redivivus traditions that emerge Theodoret's application of one such tradition to Romans 11 26 is set within the framework of the modern debate on the salvation of Israel allowing an ancient voice to speak to the modern scholarly divide The Spirit of Early Christian Thought Robert Louis Wilken, 2003-01-01 Many of the problems afflicting American education are the result of a critical shortage of qualified teachers in the classrooms The teacher crisis is surprisingly resistant to reforms and is getting worse This analysis of the causes underlying the crisis seeks to offer concrete affordable proposals for effective reform Vivian Troen and Katherine Boles two experienced classroom teachers and education consultants argue that because teachers are recruited from a pool of underqualified candidates given inadequate preparation and dropped into a culture of isolation without mentoring support or incentives for excellence they are programmed to fail Half quit within their first five years Troen and Boles offer an alternative a model of reform they call the Millennium School which changes the way teachers work and improves the quality of their teaching When teaching becomes a real profession they contend more academically able people will be drawn into it colleges will be forced to improve the quality of their education and better prepared teachers will enter the classroom and improve the profession New Testament Apocrypha, v1 Burke & Landau, 2016 Compilation of little known and never before published apocryphal Christian texts in English translation This anthology of ancient nonbiblical Christian literature presents informed introductions to and readable translations of a wide range of little known apocryphal texts most of which have never before been translated into any modern language An introduction to the volume as a whole addresses the most significant features of the writings included and contextualizes them within the contemporary study of the Christian Apocrypha The body of the book comprises thirty texts that have been carefully introduced copiously annotated and translated into English by eminent scholars With dates of composition ranging from the second century CE to early in the second millennium these fascinating texts provide a more complete picture of Christian thought and expression than canonical texts alone can offer New Testament Apocrypha, vol. 1 Tony Burke, Brent Landau, 2016-12-02 Compilation of little known and never before published apocryphal Christian texts in English translation This anthology of ancient nonbiblical Christian literature presents informed introductions to and readable translations of a wide range of little

known apocryphal texts most of which have never before been translated into any modern language An introduction to the volume as a whole addresses the most significant features of the writings included and contextualizes them within the contemporary study of the Christian Apocrypha The body of the book comprises thirty texts that have been carefully introduced copiously annotated and translated into English by eminent scholars With dates of composition ranging from the second century CE to early in the second millennium these fascinating texts provide a more complete picture of Christian thought and expression than canonical texts alone can offer **The Blue Sapphire of the Mind** Douglas E. Christie, 2012-12-04 There are no unsacred places the poet Wendell Berry has written There are only sacred places and desecrated places What might it mean to behold the world with such depth and feeling that it is no longer possible to imagine it as something separate from ourselves or to live without regard for its well being To understand the work of seeing things as an utterly involving moral and spiritual act Such questions have long occupied the center of contemplative spiritual traditions In The Blue Sapphire of the Mind Douglas E Christie proposes a distinctively contemplative approach to ecological thought and practice that can help restore our sense of the earth as a sacred place Drawing on the insights of the early Christian monastics as well as the ecological writings of Henry David Thoreau Aldo Leopold Annie Dillard and many others Christie argues that at the most basic level it is the quality of our attention to the natural world that must change if we are to learn how to live in a sustainable relationship with other living organisms and with one another He notes that in this uniquely challenging historical moment there is a deep and pervasive hunger for a less fragmented and more integrated way of apprehending and inhabiting the living world and for a way of responding to the ecological crisis that expresses our deepest moral and spiritual values Christie explores how the wisdom of ancient and modern contemplative traditions can inspire both an honest reckoning with the destructive patterns of thought and behavior that have contributed so much to our current crisis and a greater sense of care and responsibility for all living beings These traditions can help us cultivate the simple spacious awareness of the enduring beauty and wholeness of the natural world that will be necessary if we are to live with greater purpose and meaning and with less harm to our planet **Syriac Hagiography**, 2020-12-29 Chapters gathered in Syriac Hagiography Texts and Beyond explore a wide range of Syriac hagiographical works while following two complementary methodological approaches i e literary and cultic or formal and functional Grouped into three main sections these contributions reflect three interrelated ways in which we can read Syriac hagiography and further grasp its characteristics Texts as Literature seeks to unfold the mechanisms of their literary composition Saints Textualized offers a different perspective on the role played by hagiographical texts in the invention and or maintenance of the cult of a particular saint or group of saints Beyond the Texts presents cases in which the historical reality behind the nexus of hagiographical texts and veneration of saints can be observed in greater details
