History Of Jewish Literature Volume 4:

Jewish Traditions in Early Christian Literature, Volume 4 Jewish Apocalyptic Heritage in Early Christianity

William Adler, James VanderKam, 1996-01-01 This volume contains five chapters which investigate the early Christian appropriations of Jewish apocalyptic material. An introductory chapter surveys ancient perceptions of the apocalypses as well as their function, authority, and survival in the early Church. The second chapter focuses on a specific tradition by exploring the status of the Enoch literature, the use of the fallen angel motif, and the identification of Enoch as an eschatological witness. Christian transmission of Jewish texts, a topic whose significance is more and more being recognized, is the subject of chapter three, which analyzes what happened to 4 Ezra as they were copied and edited in Christian circles. Chapter four studies the early Christian appropriation and reinterpretation of Jewish apocalyptic chronologies, especially Daniel's vision of 70 weeks. The fifth and last chapter is devoted to the use and influence of Jewish apocalyptic traditions among Christian sectarian groups in Asia Minor and particularly in Egypt. Taken together, these chapters, written by four authors, offer illuminating examples of how Jewish apocalyptic texts and traditions fared in early Christianity. Editors: James C. VanderKam is lecturing at the University of Notre Dame; William Adler is lecturer at North Carolina State University. Series: *Compendia Rerum Iudaicarum ad Novum Testamentum*. How the Other Half Laughs Jean Lee Cole, 2020-01-27 2021 Honorable Mention Recipient of the Charles Hatfield Book Prize from the Comics Studies Society Taking up the role of laughter in society *How the Other Half Laughs* The Comic Sensibility in American Culture 1895 1920 examines an era in which the US population was becoming increasingly multiethnic and multiracial Comic artists and writers hoping to create works that would appeal to a diverse audience had to formulate a method for making the other half laugh In magazine fiction vaudeville and the comic strip the oppressive conditions of the poor and the marginalized were portrayed unflinchingly yet with a distinctly comic sensibility that grew out of caricature and ethnic humor Author Jean Lee Cole analyzes Progressive

Era popular culture providing a critical angle to approach visual and literary humor about ethnicity how avenues of comedy serve as expressions of solidarity commiseration and empowerment Cole's argument centers on the comic sensibility which she defines as a performative act that fosters feelings of solidarity and community among the marginalized Cole stresses the connections between the worlds of art journalism and literature and the people who produced them including George Herriman R F Outcault Rudolph Dirks Jimmy Swinnerton George Luks and William Glackens and traces the form's emergence in the pages of Joseph Pulitzer's New York World and William Randolph Hearst's Journal American and how it influenced popular fiction illustration and art How the Other Half Laughs restores the newspaper comic strip to its rightful place as a transformative element of American culture at the turn into the twentieth century *Memoirs of a Grandmother* Pauline Wengeroff, 2010-06-25 Pauline Wengeroff the only nineteenth century Russian Jewish woman to publish a memoir sets out to illuminate the cultural history of the Jews of Russia in the period of Jewish enlightenment when traditional culture began to disintegrate and Jews became modern Wengeroff a gifted writer and astute social observer paints a rich portrait of both traditional and modernizing Jewish societies in an extraordinary way focusing on women and the family and offering a gendered account and indictment of assimilation In Volume 1 of *Memoirs of a Grandmother* Wengeroff depicts traditional Jewish society including the religious culture of women during the reign of Tsar Nicholas I who wished his Jews to be acculturated to modern Russian life

Werewolves, Witches, and Wandering Spirits Kathryn A. Edwards, 2002-11-01 Bringing together scholars from Europe America and Australia this volume explores the more fantastic elements of popular religious belief ghosts werewolves spiritualism animism and of course witchcraft These traditional religious beliefs and practices are frequently treated as marginal in more synthetic studies of witchcraft and popular religion yet Protestants and Catholics alike saw ghosts imps werewolves and other supernatural entities as populating their world Embedded within notarial and trial records are accounts that reveal the integration of folkloric and theological elements in early modern spirituality Drawing from extensive archival research the contributors argue for the integration of such beliefs into our understanding of late medieval and early modern Europe *Bulletin of New Books* Mercantile Library Association of the City of New-York, 1895

Turmoil, Trauma and Tenacity in Early Jewish Literature Nicholas P. L. Allen, Jacob J. T. Doedens, 2022-08-01 This volume is written in the context of trauma hermeneutics of ancient Jewish communities and their tenacity in the face of adversity i.e. as recorded in the MT LXX Pseudepigrapha the Deuterocanonical books and even Cognate literature In this regard its thirteen chapters are concerned with the most recent outputs of trauma studies They are written by a selection of leading scholars associated to some degree with the Hungaro South African Study Group Here trauma is employed as a useful

hermeneutical lens not only for interpreting biblical texts and the contexts in which they were originally produced and functioned but also for providing a useful frame of reference As a consequence these various research outputs each in their own way confirm that an historical and theological appreciation of these early accounts and interpretations of collective trauma and its implications perceived or otherwise is critical for understanding the essential substance of Jewish cultural identity As such these essays are ideal for scholars in the fields of Biblical Studies particularly those interested in the Pseudepigrapha the Deuterocanonical books and Cognate literature **In the Seat of Moses** Jack N.

Lightstone,2020-08-18 In the Seat of Moses offers readers a unique frank and penetrating analysis of the rise of rabbinic Judaism in the late Roman period Over time and through masterly rhetorical strategy rabbinic writings in post temple Judaism come to occupy an authoritarian place within a pluralistic tradition Slowly the rabbis occupy the seat of Moses and Lightstone introduces readers to this process to the most significant texts to the rhetorical styles and appeals to authority and even to how authority came to be authority As a seasoned and honest scholar Lightstone achieves his goal of introducing novice readers to the often obscure world of rabbinic literary conventions with astounding success This book is an excellent contribution to the Westar Studies series focused on religious literacy **The Homiletic Review** ,1916 **Judaism and**

Its Bible Frederick E. Greenspahn,2023-08 Judaism and Its Bible explores the profoundly deep yet complex relationship between Jews Judaism and the Hebrew Bible describing the extraordinary two and a half millennia journey of a people and its book that has changed the world **Jewish Education from Antiquity to the Middle Ages** George J. Brooke,Renate

Smithuis,2017-10-17 In Jewish Education from Antiquity to the Middle Ages fifteen scholars offer specialist studies on Jewish education from the areas of their expertise This tightly themed volume in honour of Philip S Alexander has some essays that look at individual manuscripts some that consider larger literary corpora and some that are more thematically organised Jewish education has been addressed largely as a matter of the study house the bet midrash Here a richer range of texts and themes discloses a wide variety of activity in several spheres of Jewish life In addition some notable non Jewish sources provide a wider context for the discourse than is often the case **Empire from the Margins** Martin Jacobs,2025-07-15

The writings of three early modern Jewish historians highlight the divided allegiances of a Jewish diaspora living in and between the Spanish and Ottoman empires In 1492 the year that marked the start of Spain s transatlantic expansion the Spanish monarchs expelled their Jewish subjects and triggered a mass Jewish migration to the lands of the Ottoman empire But while the rise of these rival empires had tremendous impact on the Jewish population s geography the historical accounts of contemporary Jews have remained peripheral to the study of early modern imperialism In Empire from the Margins Martin Jacobs seeks to understand how the history of empires appears through the lens of marginalized communities and to explore how Jews responded to Spanish and Ottoman imperial expansion He approaches this history through the Hebrew chronicles of three sixteenth and seventeenth century Jewish authors Elijah Capsali of Crete Joseph ha Kohen of Genoa and Joseph

Sambari of Cairo all lived in early modern hubs with global connections and in unusual detail for premodern Jewish historians they described how the Spanish and Ottoman empires redrew the political cultural and religious map of the Mediterranean region while simultaneously transforming the transatlantic world As Jews these writers belonged to an ethno religious minority within the Mediterranean basin where the Spanish and Ottoman empires were centered and from here they expressed marginalized views on the Spanish and Ottoman regimes At the same time these Jewish authors belonged to Jewish networks that transcended imperial boundaries and they voiced conflicting loyalties between different authorities and cultures And Jacobs shows that in writing about the Spanish and Ottoman expansion these authors also grappled with the Jews precarious position in their host societies and their own multilayered identities Their shifting positionalities illuminate the divided allegiances of a Jewish diaspora living in and between competing empires **The Mechanics of Providence**

Michael D. Swartz, 2018-10-29 The phenomena we call magic and mysticism had a profound effect on the shaping of Judaism in late antiquity In this volume Michael D Swartz offers a wide ranging study of the purposes world views ritual dynamics literary forms and social settings of ancient Jewish magic and mysticism and their function in religion and history Based on the author s studies over the past few decades he proposes innovative methods for the study of these two phenomena The author focuses especially on the rituals of early Jewish magic and mysticism their social contexts and the textual dimension of this complex literature He also offers introductions to these phenomena Michael D Swartz argues that the authors of these texts employed intricate technologies literary and artistic forms and physical practices to negotiate between the values and world views of their cultures and the texture of everyday life
