Nightmare in Paris Michael Berg,2021-04-30 Award winning Dutch thriller *In Search of La Grande Illusion* Nicholas Macdonald,2013-11-22 This is an extended analysis of the film from different perspectives The first half is largely a discussion of the cinematic technique with key sequences analyzed shot by shot The second half approaches the film from many other angles including its history the critical reception Renoir s life and career and film theory e g film in relation to music A case is made that Renoir s career was inconsistent especially after *La Règle du jeu* but also during the 1930s And rather than emphasizing the humanist anti war thrust of *La Grande Illusion* the film is approached as a work of art that is deeply expressive cinematically *The Outline of Art, with Over 300 Illustrations of which 24 are in Colour* Sir William Orpen,1924 **The Outline of Literature** John Drinkwater,1924 **The Outline of Art** Sir William Orpen,1924 *Boats on the Marne* Prakash Younger,2017-10-16 *Boats on the Marne* offers an original interpretation of Jean Renoir s celebrated films of the 1930s treating them as a coherent narrative of philosophical response to the social and political crises of the times Grounded in a reinterpretation of the foundational film philosopher Andr Bazin and drawing on work from a range of disciplines film studies art history comparative literature political and cultural history the book s coordinated consideration of Renoir s films writings and interviews demonstrates his obsession with the concept of romanticism Renoir saw romanticism to be a defining feature of modernity a hydra headed malady which intimately shapes our personal lives culture and politics blinding us and locking us into agonistic relationships and conflict While mapping the popular manifestations of romanticism that Renoir engaged with at the time this study restores the philosophic weight of his critique by tracing the phenomenon back to its roots in the work and influence of Jean Jacques Rousseau who first articulated conceptions of human desire identity community and history that remain pervasive today Prakash Younger argues that Renoir s films of the 1930s articulate a multi stranded narrative through which the director thinks about various aspects of romanticism and explores the liberating possibilities of an alternative paradigm illuminated by the thought of Plato Montaigne and the early Enlightenment When placed in the context of the long and complex dialogue Renoir had with his audience over the course of the decade masterpieces such as *La Grande Illusion* and *La Règle du Jeu* reveal his profound engagement with issues of political philosophy that are still very much with us today *The New Statesman* ,1926 *140 All-Time Must-See Movies for Film Lovers Now Available On DVD* John Howard Reid,2012-05-01 John Howard Reid s books are not only noted for the wealth of essential information he provides on each film he discusses but for the insight and clarity of his reviews Reid has been reviewing films professionally since 1955 and has contributed an enormous amount of material to newspapers and magazines in England France Australia and the USA In the course of his work Reid has come into contact with many famous
