## **In Search Of The Unitive Vision:**

Gurdjieff Unveiled Seymour B. Ginsburg, 2005 Presents an overview and introduction to Gurdjieff's teaching This title helps students to integrate theoretical knowledge with practical experience and gain a taste of what it means to work on oneself by following Ginsburg's six lessons

In Search of Solutions Clinton Bennett, 2014-12-05 Religion has played a role in conflict throughout history with religious scriptures often being used to justify violence In Search of Solutions evaluates the role of religion in Northern Ireland Bosnia and Israel Palestine The book argues that religion has a tendency towards conflict and that peace is best guaranteed when human individuals commune directly with the divine without the mediation of organized religions Different approaches to the reading of scriptures are introduced drawing on post modern theory In Search of Solutions will be invaluable for the student seeking a clear overview of both the theory and the practice of religion in conflict resolution

**Gurdjieff's America** Paul Beekman Taylor, 2004 Offers information and stories about Gurdjieff setting him within the cultural and social contexts of America between 1924 and 1935

*Gurdjieff: The Key Concepts* Sophia Wellbeloved, 2013-04-15 This unique book offers clear definitions of Gurdjieff's teaching terms placing him within the political geographic and cultural context of his time Entries look at diverse aspects of his Work including possible sources in religious Theosophical occult esoteric and literary traditions the integral relationships between different aspects of the teaching its internal contradictions and subversive aspects the derivation of Gurdjieff's cosmological laws and Enneagram the passive form of New Work teaching introduced by Jeanne de Salzmann

The Secret Life of Genius John Chambers, 2009-06-25 A look at the metaphysical experiences that shaped the lives and work of 24 great men and women from the Renaissance to modern times Chronicles the changing relationship with God nature and spirituality from the 16th century to the 20th century Includes encounters with the paranormal of Ben Johnson Isaac Newton Mary Shelley Leo Tolstoy Doris Lessing and Winston Churchill What role did the esoteric thought of Swedenborg play in the creative output of Honor de Balzac Did a supernatural encounter prompt Mary Wollstonecraft Shelley to focus her work on the theme of immortality Building on his earlier research on communications with the spirit world that Victor Hugo author of Les Misérables experienced while in exile on the isle of Jersey John Chambers now looks at the role occult knowledge and supernatural experiences played in the lives of 24 geniuses His investigation spans the life and work of William Blake Helena Blavatsky and W B Yeats whose esoteric interests are well known as well as those little suspected of such encounters with worlds beyond ours including Doris Lessing Leo Tolstoy Norman Mailer Yukio Mishima and Winston Churchill Chambers presents more than a collection of anecdotes and newly revealed secrets His research provides insightful historical context of the decisive turning point that took place with the collapse of Prague the occult capital of Europe in 1620 which resulted in the victory of Cartesian reality and Newton's scientific paradigm over the esoteric traditions that flourished until that time The magical and occult world shown in the lives of these 24 great men and women offers us a glimpse of what could still be ours

a world that though it is now overshadowed by modern scientific and technological principles is yet still visible on the horizon through the visions and paranormal experiences of these geniuses      *Masters Speak* Seymour B. Ginsburg, 2014-04-01 If you want to pursue in a Western way the path that we follow here at Mirtola you need to study and work with the Gurdjieffian teaching Thus did the guru Madhava Ashish at their first meeting invite American businessman Sy Ginsburg on a spiritual journey that would last 19 years until the guru's death and include both annual visits to Sri Madhava Ashish's Mirtola ashram near Almora in India's Himalayan foothills and a lengthy correspondence Along the way the entrepreneur author would not only be caught up in the teachings of G I Gurdjieff but also in the search for the elusive unitive vision the world viewed from the perspective of the greater Self and not the personality In this remarkable spiritual document the reader shares the search increasingly catching glimpses of the unitive vision as the book draws toward a close that is also an opening out into the vaster dimensions of the human mind      *In Search of Community* Eileen B. Leonard, Hermann Strasser, Kenneth

Westhues, 1993 *In Search of Community* is a collection of thirteen essays by former students of Dr Werner Stark influential historian of social thought The work opens with an introduction succinctly relating an outline of Stark's life's work encompassing the historical framework that influences him and the personal events that shape his outlook and scholarship The essayists address the entire range of central subjects of the sociological discipline by focusing on four areas of scientific debate the epistemic Sociology of Knowledge the theoretical Social Thought the societal Social Bond and the religious Sociology of Religion Those four areas were also of substantive concern to Werner Stark and his extraordinary range and depth of knowledge is reflected in this collection of essays      *Reflections on Gurdjieff's Whim* Keith A. Buzzell, 2012-04

*An Open Window* Sri Madhava Ashish, 2014-02-05 Movement on the spiritual path necessarily involves taking light into the dark corners of our psyche and it is there that dreams provide an open window into the inner reality In the early years of the twentieth century Sigmund Freud and Carl Gustav Jung proposed that more often than not dreams represent those thoughts and memories which are unbearably painful and have been relegated to the realm of the unconscious Unlocking the meanings in these dreams can help people free their mind and feelings from irrational desires fears and insecurities This brief but profound book assails the conventional understanding of dreams and their interpretation drawing attention to a much neglected aspect of dreams as a source of guidance to the spiritual aspirant It uses the insights of psychology but transcends it to confront the inescapable questions most people should be driven by What is the purpose of life and does it all end with death Laying bare dreams of childhood anxiety traumas and sexuality cleaning the windows to uncover the deeply buried material that blocks our efforts on the inner path it then invites contention from materialists in its discussion of subjects beyond psychology such as precognitive dreams reincarnation out of the body experiences death dreams and numinous or big dreams an open window through which deeper non physical levels of reality can shine Drawing on examples from real life Sri Madhava Ashish teaches the language of dreams ensuring a better understanding and awareness of the

unconscious self guiding the reader on the path to mental and spiritual freedom     *The Quest* ,2006     **Charles Williams and his Contemporaries** Richard Sturch,2009-10-02 Charles Williams 1886 1945 poet novelist critic biographer lay theologian and Inkling exercised a great influence both as a personality and through his writings on English letters in his own day and now after a period of relative neglect interest in him has grown once more This international symposium a product of this revival is presented as a contribution to the serious study of Williams and his work Its contents reflect not only the extraordinarily wide range of his writing but also the many contacts he made both personally and through his work at the Oxford University Press Contributors look at his literary background and context describe the part he played in introducing Kierkegaard to the English speaking public discuss his theology of love and compare his work with that of friends disciples and associates Two papers concentrate specifically on one of his remarkable novels *The Place of the Lion* Between them they give a glimpse or a series of glimpses of an unusual man and a fascinating writer whose influence and importance are being recognized more and more     *The Plain View* ,1953     *Proust's Way: A Field Guide to In Search of Lost Time* Roger Shattuck,2011-02-07 Shattuck leaves us not only with a deepened appreciation of Proust s great work but of all great literature as well Richard Bernstein New York Times For any reader who has been humbled by the language the density or the sheer weight of Marcel Proust s *In Search of Lost Time* Roger Shattuck is a godsend Winner of the National Book Award for Marcel Proust a sweeping examination of Proust s life and works Shattuck now offers a useful and eminently readable guidebook to Proust s epic masterpiece and a contemplation of memory and consciousness throughout great literature Here Shattuck laments Proust s defenselessness against zealous editors praises some translations and presents Proust as a novelist whose philosophical gifts were matched only by his irrepressible comic sense Proust s *Way* the culmination of a lifetime of scholarship will serve as the next generation s guide to one of the world s finest writers of fiction     **Living The Mystery** Sanrami,2003-06 If life is a giant magic show where is the magician and why are some of us tricked Weaving throughout this story is the mystical and the divine In the everyday mundane living within all happiness and our sorrows lies the secret of life This is about Sanrami s journey her meditations mystical experiences adventures and spiritual awakenings Through meditations the Heart Awakening Project and Biblical Studies Sanrami has come to be aware of the synchronicity threading within each moment finding the deeper levels of the story and purpose of all life on earth The story shows us how when we open our hearts and minds the soul will guide us to envision the true purpose of our existence We will find the Ageless Wisdom the mystery of our life     *The Divine Universe* Swami Abhayananda,2008-09 In *The Divine Universe* mystic poet and philosopher Swami Abhayananda turns his eye to the Divine origin and manifestation of the universe and offers a spiritual interpretation of The Big Bang and the singularity from which contemporary cosmologists say it was produced In addition he applies his unique vision to the subjects of nondualism mystical experience and the nature of the soul in his broad portrayal of a living universe ensouled in the Mind of God Blending his mystical insights with an uncommon grasp of
