Paraguay, First Edition Margaret Hebblethwaite, 2010 Paraguay is still largely undiscovered by travellers but those who make their way here are delighted by the country's distinctive culture and strong indigenous features. A bilingual nation with Guaraní spoken alongside Spanish, its folk dance tradition is hugely popular among young people; its harp playing is legendary and Paraguayans are proud of their different handicrafts, particularly their sewing. The country is also home to the historic Jesuit missions or reductions as depicted in the film *The Mission*. Bradt's Paraguay, the only English language guidebook to this emerging tourism destination, covers the region with unrivalled detail and knowledge. It delves deep into a country that has so far eluded the grasp of mass tourism and where rich indigenous culture and folk traditions still hold strong.

Pamphlets, Etc. New Series Library of Congress. Copyright Office, 1915 Motivation, Volition, and Engagement in Online Distance Learning Ucar, Hasan, Kumtepe, Alper Tolga, 2021-06-25 Motivation is an important factor in and for all education levels. However, as learners in online distance education milieus are away from both teachers, other learners, and the learning environments, physically, this concept becomes more important for online education. Motivating learners in distance education and keeping their motivation alive throughout the learning process is an issue that should be emphasized and taken care of for teachers and instructional designers. At this point, although there are many approaches, models, and theories regarding enhancing and sustaining motivation and engagement in the education processes, it is seen that there is not enough work on effective and efficient strategies that can be applied in online distance learning environments. *Motivation, Volition, and Engagement in Online Distance Learning* evaluates motivational obstacles in online distance education, both theoretically and practically, identifies the strengths and weaknesses of the online education environments regarding motivation, and provides actionable motivational and volitional strategies for online educators. This book offers coverage of topics such as learning theories, motivation research, and synchronous online learning environments, making it a valuable resource for researchers, professionals, decision makers, institutions in all education levels, academicians, pre-service teachers, and most importantly, online educators from various disciplines and learners from all educational landscapes.

Fieldwork of Empire, 1840-1900 Adrian S. Wisnicki, 2019-03-20 *Fieldwork of Empire 1840-1900* Intercultural Dynamics in

the Production of British Expeditionary Literature examines the impact of non western cultural political and social forces and agencies on the production of British expeditionary literature it is a project of recovery The book argues that such non western impact was considerable that it shaped the discursive and material dimensions of expeditionary literature and that the impact extends to diverse materials from the expeditionary archive at a scale and depth that critics have previously not acknowledged The focus of the study falls on Victorian expeditionary literature related to Africa a continent of accelerating British imperial interest in the nineteenth century but the study s findings have the potential to inform scholarship on European expeditionary imperial and colonial literature from a wide variety of periods and locations The book s analysis is illustrative not comprehensive Each chapter targets intercultural encounters and expeditionary literature associated with a specific time period and African region or location The book suggests that future scholarship especially in areas such as expeditionary history geography cartography travel writing studies and book history needs to adopt much more of a localized non western focus if it is to offer a full account of the production of expeditionary discourse and literature

General Staff,1919 The Gospel of John Frederick Dale Bruner,2012-02-22 The author of a much loved two volume Matthew commentary 1990 that he greatly revised and expanded fourteen years later Frederick Dale Bruner now offers The Gospel of John A Commentary more rich fruit of his lifetime of study and teaching Rather than relying primarily on recent scholarship Bruner honors and draws from the church's major John commentators throughout history including Augustine Chrysostom Aquinas Luther Calvin Bultmann Barrett and many more Alongside this historical interpretation is Bruner's own contemporary interpretation which incorporates a lucid translation of the text references to recent scholarship and his pastoral application of the Gospel to present day experience Like Bruner's other work this commentary is rich in biblical insights broadly historical and deeply theological Here is what Eugene Peterson said about Bruner's earlier work on Matthew This is the kind of commentary I most want a theological wrestling with Scripture Frederick Dale Bruner grapples with the text not only as a technical exegete although he does that very well but as a church theologian caring passionately about what these words tell us about God and ourselves His Matthew commentary is in the grand traditions of Augustine Calvin and Luther expansive and leisurely loving the text the people in it and the Christians who read it The same could well be said about the present John commentary which promises to be another invaluable resource for pastors teachers and laypeople alike **First Language Attrition** Monika S. Schmid,Barbara Köpke,2013-05-22 This volume consists of a collection of papers that focus on structural grammatical aspects of the process of first language attrition It presents an overview of current research methodological issues and important questions

regarding first language attrition. In particular, it addresses the two most prominent issues in current L1 attrition research: Can attrition effects impact on features of core syntax or are they limited to interface phenomena? and What is the role of age at onset pre/post puberty in this regard? By investigating attrition in a variety of settings, from a case study of a Spanish speaking adoptee in the US to an empirical investigation of more than 50 long-term attriters of Turkish in the Netherlands, the investigations presented take a new perspective on these issues. We gratefully acknowledge the financial support of COST European Cooperation in Science and Technology funded by the Horizon 2020 Framework Programme of the European Union. Current grammatical knowledge about particular sign languages is fragmentary and of varying reliability, and it appears scattered in scientific publications where the description is often intertwined with the analysis. In general, comprehensive grammars are a rarity. The SignGram Blueprint is an innovative tool for the grammar writer: a full-fledged guide to describing all components of the grammars of sign languages in a thorough and systematic way and with the highest scientific standards. The work builds on the existing knowledge in Descriptive Linguistics but also on the insights from Theoretical Linguistics. It consists of two main parts running in parallel: the Checklist with all the grammatical features and phenomena the grammar writer can address, and the accompanying Manual with the relevant background information, definitions, methodological caveats, representative examples, tests, pointers to elicitation materials, and bibliographical references. The areas covered are Phonology, Morphology, Lexicon, Syntax, and Meaning. The Manual is endowed with hyperlinks that connect information across the work and with a pop-up glossary. The SignGram Blueprint will be a landmark for the description of sign language grammars in terms of quality and quantity.
