that the 1616 version of the play revived the chapbooks accounts of spiritual ravishment and intellectual ecstasy Imaginary explorations of cosmic space became popular in the seventeenth century and gave rise to strongly diverging works of literature embracing the arcane spirituality of Milton's *Paradise Lost* as well as Fontenelle's sociable but essentially secular fantasy of cosmic travel This book shows that contemporary responses to early modern science also tended to address the most urgent concerns of the Faustus legend explaining the re emergence of the typology in Mountfort's late seventeenth century farcical Faustus play and early eighteenth century harlequinades about Doctor Faustus

Seventeenth-Century Fiction Jacqueline Glomski, Isabelle Moreau, 2016-06-03 In the past few years discussion of fiction in all sorts of media has intensified The prominence of literary critics has increased the awarding of lucrative book prizes has become more publicized and reports of the formation of reading groups have proliferated *Seventeenth Century Fiction* Text Transmission responds to the present interest in the novel by offering a fresh approach to the history of early modern fiction that shifts away from the outmoded rise of the novel perspective and reaches beyond the boundaries of a single national

literature Starting from the literary text and looking outwards this volume focuses on the changes in prose forms and their usage at a critical point in the evolution of modern fiction and comes to grips with the instabilities of the novel and novella during this period It explores the nature of seventeenth century fiction and examines how authors fused fictional and non fictional materials to create new hybrid genres Furthermore it takes into consideration the cultural interchange between different geographical regions and languages English French Spanish Italian Neo Latin and uncovers the deeper roots of seventeenth century literary innovation by casting light on the Continental influences on the formation of the English novel and on the role played by women s writings at the time This landmark volume not only contributes to a more comprehensive history of the novel but promotes an authentic appreciation of early modern fiction
