Hendrikus Boers,1979 Here is a review of the history of New Testament theology as a discipline from its roots in the Reformation era through subsequent developments from Johann Philipp Gabler to Rudolf Bultmann and beyond Boers encourages the reader to evaluate and understand a variety of theological approaches in keeping with the diverse nature of the New Testament texts

Reading the New Testament as Christian Scripture (Reading Christian Scripture) Constantine R. Campbell,Jonathan T. Pennington,2020-08-04 This survey textbook by two respected New Testament scholars is designed to meet the needs of contemporary evangelical undergraduates The book effectively covers the New Testament books and major topics in the New Testament assuming no prior academic study of the Bible The authors pay attention to how the New Testament documents fit together as a canonical whole that supplements the Old Testament to make up the Christian Scriptures They also show how the New Testament writings provide basic material for Christian doctrine spirituality and engagement with culture Chapters can be assigned in any order making this an ideal textbook for one semester courses at evangelical schools This is the first volume in a new series of survey textbooks that will cover the Old and New Testaments The book features full color illustrations that hold interest and aid learning and offers a full array of pedagogical aids photographs sidebars maps time lines charts glossary and discussion questions Additional resources for instructors and students are available through Textbook eSources

An Introduction to the New Testament M. Eugene Boring,2012-10-13 This thoroughly researched textbook from well respected scholar M Eugene Boring presents a user friendly introduction to the New Testament books Boring approaches the New Testament as a historical document one that requires using a hands on critical method Moreover he asserts that the New Testament is the church s book in that it was written selected preserved and transmitted by the church Boring goes on to explore the historical foundation and

formation of the New Testament within the context of pre Christian Judaism and the world of Jesus and the early church He then examines the individual books of the New Testament providing helpful background information and methods for interpretation and revealing the narrative substructure found within each of the Gospels and Letters This volume includes helpful illustrations charts notes and suggestions for further reading Sections are laid out in a well organized manner to help students navigate the content more easily *Theological Interpretation of the New Testament* Kevin J. Vanhoozer, 2008-11 Utilizes material from the award winning Dictionary for Theological Interpretation of the Bible to introduce theological interpretation through a book by book survey of the New Testament New Testament Theology Eckhard J. Schnabel, 2023-11-21 Southwestern Journal of Theology 2023 Book Award Honorable Mention Theological Studies New Testament Theology is a major new contribution to New Testament scholarship by renowned scholar Eckhard Schnabel While many New Testament theologies approach the material through a particular thematic construct e g covenant Schnabel takes a different approach First he focuses on Jesus Messiah and his significance for the early church Second he seeks to describe the theology of the New Testament as it was written and read in its historical context This approach honors the fact that the authors and original readers of the New Testament were real people dealing with real issues in their specific ecclesiological cultural and missiological settings Schnabel comprehensively combines a historical description of the New Testament s theology with a systematic reflection on the New Testament s message and the convictions of Jesus and his early followers This valuable contribution to the field will be insightful reading for students scholars and pastors **The Nature of New Testament Theology** Robert Morgan, 1973 Introducing the New Testament Mark Allan Powell, 2018-05-15 This lively engaging introduction to the New Testament is critical yet faith friendly lavishly illustrated and accompanied by a variety of pedagogical aids including sidebars maps tables charts diagrams and suggestions for further reading The full color interior features art from around the world that illustrates the New Testament s impact on history and culture The first edition has been well received over 60 000 copies sold This new edition has been thoroughly revised in response to professor feedback and features an updated interior design It offers expanded coverage of the New Testament world in a new chapter on Jewish backgrounds features dozens of new works of fine art from around the world and provides extensive new online material for students and professors available through Baker Academic s Textbook eSources **The Testimony of the Beloved Disciple** Richard Bauckham, 2007-11-01 How do historical and literary details contribute to a coherent theological witness to Jesus in the Gospel of John A leading British evangelical New Testament scholar answers that question with studies on themes from messianism to monotheism symbolic actions from foot washing to fish catching literary contexts from Qumran to the Hellenistic historians and figures from Nicodemus to the beloved disciple to Papias Originally published in various journals and collections these essays are now available for the first time in one affordable volume with a substantial new introduction that ties them all together A must have for serious students of the Fourth Gospel **A Historical Theology of**

the Hebrew Bible Konrad Schmid, 2019-05-09 In this meticulously researched study Konrad Schmid offers a historical clarification of the concept of theology. He then examines the theologies of the three constituent parts of the Hebrew Bible: the Torah, the Prophets, and the Writings, before tracing how these theological concepts developed throughout the history of ancient Israel and early Judaism. Schmid not only explores the theology of the biblical books in isolation but he also offers unifying principles and links between the distinct units that make up the Hebrew Bible. By focusing on both the theology of the whole Hebrew Bible as well as its individual pieces, *A Historical Theology of the Hebrew Bible* provides a comprehensive discussion of theological work within the Hebrew Bible.

Redemptive History and the New Testament Scriptures Herman N. Ridderbos, 1988 An investigation of the New Testament canon and how it fits into redemptive history.

Historical Handbook of Major Biblical Interpreters Donald K. McKim, 1998 Contributors from both historical and biblical studies profile the methods, perspectives, and seminal works of major biblical interpreters from the second century to the late twentieth century. Includes introductory essays for each period and bibliographies of each interpreter. Edited by Donald K. McKim.

Biblical Theology of the Old and New Testaments Brevard S. Childs, 1993 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Childs's lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation. Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New Testaments. He refuses to follow the common pattern in Christian thought of identifying biblical theology with the New Testament's interest in the Old. Rather, Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices, each of which retains continuing integrity and is heard on its own terms.

New Testament Theology and its Quest for Relevance Thomas R. Hatina, 2013-03-14 New Testament theology raises many questions not only within its own boundaries but also in relation to other fields such as history, literary criticism, sociology, psychology, history, politics, philosophy, and religious studies. But the overarching question concerns the relevance of two thousand year old writings in today's world. How does one establish what is and is not relevant in the New Testament? How does one communicate the ancient ideas presented in an alien language, alien time, and alien culture to a contemporary audience? This book is intended to serve as a methodological introduction to the field of New Testament theology aimed at a range of readers: undergraduate and Seminary students, clergy, and laypersons interested in the relevance of scripture. It is a guide which aims to help readers understand how practitioners of New Testament theology have wrestled with the relationship between historical reconstruction of the New Testament and its interpretation in the modern world.
