History Of Art The Renaissance:

A New History of Italian Renaissance Art Stephen John Campbell, Michael Wayne Cole, 2017 Campbell and Cole respected teachers and active researchers draw on traditional and current scholarship to present complex interpretations in this new edition of their engaging account of Italian Renaissance art The book's unique decade by decade structure is easy to follow and permits the authors to tell the story of art not only in the great centres of Rome Florence and Venice but also in a range of other cities and sites throughout Italy including more in this edition from Naples Padua and Palermo This approach allows the artworks to take centre stage in contrast to the book's competitors which are organized by location or by artist Other updates for this edition include an expanded first chapter on the Trecento and a new Techniques and Materials appendix that explains and illustrates all of the major art making processes of the period Richly illustrated with high quality reproductions and new photography of recent restorations it presents the classic canon of Renaissance painting and sculpture in full while expanding the scope of conventional surveys by offering a more thorough coverage of architecture decorative and domestic arts and print media *History of Italian Renaissance Art* Frederick Hartt, 1975 **Art in Renaissance Italy, 1350-1500** Evelyn S.
