History Of Clan Macfarlane:

History of Clan MacFarlane (Classic Reprint) James Macfarlane, 2015-09-27 History of Clan MacFarlane provides a complex and thorough look at MacFarlane clan history from inception to modern times Written by James MacFarlane and published by the Clan MacFarlane Society this text explores both the ancestry of one specific clan and addresses a broader understanding of the clan system as a whole Scottish clans are a social group dependent upon lineage and political alliances Surprisingly not every MacFarlane is born into the clan instead throughout history groups swearing allegiance to the clan were allowed to petition for entrance into the clan and were they accepted their children automatically became part of the clan as well While this information may seem irrelevant to some knowledge of one s clan can give individuals a better sense of who they are and where they come from along with a feeling of shared identity This publication contends that it is the largest and most comprehensive although not complete history of the MacFarlane clan for the purpose of historic and genealogical research Beginning with a list of the chiefs of the MacFarlane Clan from 1225 through 1866 the book indicates that all leaders of the clan are chosen by birthright and via political machinations The text then explores at length the exciting history of these chiefs including entertaining stories and detailed exploits In an effort to bring the text to life the book includes many illustrations of clan tartans crests castles and important places and people all information pertinent to the MacFarlane clan History of Clan MacFarlane is a wonderful resource for readers interested in Scottish genealogy and history especially those with family history linked to the clan This book is an interesting read for anyone interested in history Scotland clanship and genealogical research and while it contains a considerable amount of information it is easily digestible by readers with any level of understanding in family history Truly a stellar addition to any budding genealogist s collection About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
