poorer residents to battle city planners and local machine politicians But as brownstoners migrated into poorer areas race and class tensions emerged and by the 1980s as newspapers parodied yuppies and anti gentrification activists marched through increasingly expensive neighborhoods brownstoners debated whether their search for authenticity had been a success or failure *Course of Study: For the pupil* Cleveland (Ohio). Battles of the Crimean War W. Baring Pemberton,2017-04-07 The Crimean War has been called the last great war to be fought without the help of modern resources of science It was also the last great war to be fought by the British army in all its splendour of scarlet and gold using weapons and tactics which would not have astonished the Prince Rupert or the Duke of Marlborough Many who fought in the First and not a few who fought in the Second World War will have known personally those who took part in such battles and heard their accounts from their own lips On the other hand no campaign should be more familiar because none has been covered more fully and more candidly The historian of the Crimean battles has then it would appear only to make a synthesis of the innumerable letters and reports and his story is complete Unfortunately this is not so With smoke from the black powder then used drifting across the battlefield lying heavily over batteries the combatant could often see and report little more than what had happened in his vicinity and even in this he is not necessarily reliable As for those who recollected in tranquillity and there were many it is enough to record the remark of a contemporary Canadian military historian Memory can play tricks upon an officer after some lapse of time especially when the officer s own interest and prejudice are engaged Beset by these difficulties the writer who surrounds every incident with reservations and qualifications will rapidly weary his readers He must on matters of moment such for example as Nolan s responsibility for the Light Brigade charge use his judgment on the evidence available and make up his own mind This I have tried to do
