In the Magic Land of Peyote Fernando Benítez, 1975 **In the magic land of peyote (En la tierra mágica del peyote, engl.)** Introd. by Peter T. Furst. Transl. by John Upton Fernando Benítez, 1975 *In the Lands of Fire and Sun* Michele McArdle Stephens, 2018-05-01 The Huichols or Wix rika of western Mexico are among the most resilient and iconic indigenous groups in Mexico today In the Lands of Fire and Sun examines the Huichol Indians as they have struggled to maintain their independence over two centuries From the days of the Aztec Empire the history of west central Mesoamerica has been one of isolation and a fiercely independent spirit and one group that maintained its autonomy into the days of Spanish colonization was the Huichol tribe Rather than assimilating into the Hispanic fold as did so many other indigenous peoples the Huichols sustained their distinct identity even as the Spanish Crown sought to integrate them In confronting first the Spanish colonial government then the Mexican state the Huichols displayed resilience and cunning as they selectively adapted their culture land and society to the challenges of multiple new eras By incorporating elements of archaeology anthropology cultural geography and history Michele McArdle Stephens fills the gaps in the historical documentation teasing out the indigenous voices from travel accounts Spanish legal sources and European ethnographic reports The result is a thorough examination of one of the most vibrant visible societies in Latin America [Peyotism and the Native American Church](#) Phillip M. Myers, 2011-04 Gnostic texts are filled with encounters of strange other worldly beings journeys to visionary heavenly realms and encounters with the presence and spirit of the divine In Gnostic visions author and Gnostic scholar Luke A Myers presents evidence demonstrating how Gnostic visions were created and the connection these visions have to naturally occurring visionary compounds that are still in existence today The culmination of more than ten years of research Gnostic Visions advances the understanding of classical ethnobotany Gnosticism and the genesis of early Christian history In

this book the author discusses the prehistoric foundations of early human religion as well as the visionary religious traditions of the classical Greeks and Egyptians Using these as a foundation the book presents new and never before seen research explaining how Gnostic visions were created and what types of compounds were used by these ancient people to create them Gnostic Visions presents evidence directly linking visionary Ayahuasca analogs with the creation of Gnostic and Hermetic visionary experiences Gnostic Visions also describes the decline of Gnosticism other visionary practices used in the Dark Ages and gives a brief tour of the visionary plants of the new world In Gnostic visions Myers tells of his personal experience with the divine and includes some of his own reflections of the importance of mankind s relationship to the natural world He communicates that altered states of consciousness have been responsible for many of the most profound mystical religious experiences in human history
