collection is marked by Stoker's signature Gothic style replete with atmospheric settings, intense characterizations, and a palpable sense of dread. Each tale, whether it be a chilling vampire story or a spine-tingling true crime narrative, contributes to a broader commentary on the human condition, fear, and the unknown, reflecting the anxieties of the Victorian era in which Stoker lived and wrote. Bram Stoker, best known for his iconic novel *Dracula*, was a master of horror who drew upon his background in theatre, literature, and folklore to craft suspenseful narratives. The obsessive themes of monstrosity and morality in his works may have been influenced by his own experiences and the socio-cultural landscapes of late 19th-century London, where he grappled with emergent modernity and its discontents. His rich education and lifelong fascination with the macabre undoubtedly shaped the expansive vision behind this ultimate collection. For aficionados of horror and Gothic literature, Stoker's Ultimate Collection is an indispensable addition to any library, offering a comprehensive exploration of a writer who effectively defined the genre. This anthology not only celebrates Stoker's legacy but also invites contemporary readers to delve into the timeless fears and moral complexities that resonate throughout his work.

Mary Taranta, 2017-08-08 To save her sister's life, Faris must smuggle magic into a plague-ridden neighboring kingdom in this exciting and dangerous start to a brand new fantasy duology. Faris grew up fighting to survive in the slums of Brindaigel while caring for her sister, Cadence. But when Cadence is caught trying to flee the kingdom and is sold into slavery, Faris reluctantly agrees to a lucrative scheme to buy her back, inadvertently binding herself to the power-hungry Princess Bryn, who wants to steal her father's throne. Now Faris must smuggle stolen magic into neighboring Avinea to incite its prince to alliance, magic that addicts in the war-torn country can sense in her blood and can steal with a touch. She and Bryn turn to a handsome traveling magician, North, who offers protection from Avinea's many dangers, but he cannot save Faris from Bryn's cruelty as she leverages Cadence's freedom to force Faris to do anything or kill anyone she asks. Yet Faris is as fierce as Bryn, and even as she finds herself falling for North, she develops schemes of her own. With the fate of kingdoms at stake, Faris, Bryn, and North maneuver through a dangerous game of magical and political machinations where lives can be destroyed or saved with only a touch.
