Kohn,2004-06-10 Frequenting gun shops and shooting ranges and devoting particular attention to those whose interest in weaponry extends beyond the casual Abigail A Kohn captures in finegrained and often entertaining yet always humane detail how gun owners actually think and feel about their guns Through her conversations with cowboy action shooters at a regional match sport shooters hunters with shooters of all ages and races we hear of the savage beauty of a beautifully crafted long gun of the powerful historical import owners attach to their guns of the sense of empowerment that comes with shooting skill and the visceral thrill of discharging a dangerous weapon Cutting through the cliches that link gun ownership with violent criminal subcultures and portray shooters as gun nuts or potential terrorists Kohn provides us with a lively and untainted portrait of American gun enthusiasts *Pioneer Collections* ,1900 **Rough Enough** Richard H. Clow,2012 In Their Own Words: Diaries from Long Ago Nancy Boyles,2017-08 This collection of passages for Grade 4 provides students with close reading practice Inside this book read excerpts from the diaries of three girls who lived during different times in American history In their own words find out what it was like to travel west in a covered wagon fear for your life during the burning of Atlanta during the Civil War and watch a runaway slave mistreated and returned to his owner Also included are places to pause and reflect on the text and opportunities to respond to the reading **Bleeding Borders** Kristen Tegtmeier Oertel,2009-04 In *Bleeding Borders* Kristen Tegtmeier Oertel offers a fresh multifaceted interpretation of the quintessential sectional conflict in pre Civil War Kansas Instead of focusing on the white male politicians and settlers who vied for control of the Kansas territorial legislature Oertel explores the crucial roles Native Americans African Americans and white women played in the literal and rhetorical battle between proslavery and antislavery settlers in the region She brings attention to the local debates and the diverse peoples who participated in them during that contentious period Oertel begins by detailing the settlement of eastern Kansas by emigrant Indian tribes and explores their interaction with the growing number of white settlers in the region She analyzes the attempts by southerners to plant slavery in Kansas and the ultimately successful resistance of slaves and abolitionists Oertel then considers how crude frontier living conditions Indian conflict political upheaval and sectional violence reshaped traditional Victorian gender roles in Kansas and explores women s participation in the political and physical conflicts between proslavery and antislavery settlers Oertel goes on to examine northern and southern definitions of true manhood and how competing ideas of masculinity infused political and sectional tensions She concludes with an analysis of miscegenation not only how racial mixing between Indians slaves and whites influenced events in territorial Kansas but more importantly how the fear of miscegenation fueled both proslavery and

antislavery arguments about the need for civil war As Oertel demonstrates the players in Bleeding Kansas used weapons other than their Sharps rifles and Bowie knives to wage war over the extension of slavery they attacked each other's cultural values and struggled to assert their own political wills They jealously guarded ideals of manhood womanhood and whiteness even as the presence of Indians and blacks and the debate over slavery raised serious questions about the efficacy of these principles Oertel argues that ultimately many Native Americans blacks and women shaped the political and cultural terrain in ways that ensured the destruction of slavery but they along with their white male counterparts failed to defeat the resilient power of white supremacy Moving beyond a conventional political history of Bleeding Kansas *Bleeding Borders* breaks new ground by revealing how the struggles of this highly diverse region contributed to the national move toward disunion and how the ideologies that governed race and gender relations were challenged as North South and West converged on the border between slavery and freedom
