## **In The Prism Of Transcendentalism And Other Essays:**

**The Prism of the Self** S.G. Crowell, 2013-03-09 This volume contains sixteen essays written by his students and colleagues in honor of Maurice Natanson. The essays explore some of the diverse themes Professor Natanson has pursued through forty years of teaching and philosophizing in the tradition of existential phenomenology. Because it also includes a lengthy biographical and philosophical interview where one can find an absorbing account of Natanson's *Lebenslauf* in his own words, there is no need to detail that polypragmatic career here. Suffice to say that even passing acquaintance with the man and the work will reveal that Edmund Husserl's self-description holds equally of his distinguished interpreter. I seek not to instruct but only to lead to point out and describe what I see. I claim no other right than that of speaking according to my best lights principally before myself but in the same manner also before others as one who has lived in all its seriousness the fate of a philosophical existence. For Natanson, as the diversity of the contributions to this volume attest, such seriousness involves something other than that narrow technical vision for which a topic is the more philosophical the less it has to do with anything else. In Natanson's pages to say nothing of his teaching and conversation, there are no men of straw but living breathing human beings with whom philosophy's tentacles are ubiquitous. *Essays in Cuban Intellectual History* R.

Rojas, 2008-03-17 Well known essayist and Cuban historian Rafael Rojas presents a collection of his best work, one which focuses on and offers alternatives to the central myths that have organized Cuban culture from the nineteenth century to the present. Rojas explores the most important themes of Cuban intellectual history including the legacy of José Martí, the cultural effect of the war in 1898, the construction of a national canon of Cuban literature, the works of classical intellectuals of the republican period, the literary magazine *Orígenes*, the ideological impact of the Cuban Revolution, and the possibilities of a democratic transition in the island at the beginning of the twenty-first century. **Critical Essays on American**
