Library Services for Off-campus and Distance Education Sheila Latham,Alexander L. Slade,Carol Budnick,1991

*Library Services for Open and Distance Learning* Marie Kascus,ALEXANDE L. SLADE,2000-06-15 As the electronic era blurs the boundaries between conventional and distance education and between remote and in person library users the literature on library issues and distance learning has proliferated immensely This work helps you keep abreast of the phenomenal changes taking place in the field of education and the issues they raise for libraries Identifying and describing more than 750 works published since its precursor was completed in 1995 the book provides a comprehensive record of the current literature about distance and open learning in post secondary education programs The authors cover all types of materials from around the world ranging from brief news items to major research reports and dissertations In this edition special emphasis is given to web based distance education Access is provided through four indexes author geographical institution and subject and indexes are cumulative from the previous two bibliographies *Library Services for Off-Campus and Distance Education* Shelia Latham,Carol Budnick,Alexander L. Slade,1991-05-01 International Handbook of Distance Education Terry Evans,Margaret Haughey,David Murphy,2008-02-13 Distance education is arguably one of the major developments in education during the 20th Century This title explores the array of distance education theories and practices as they have been shaped by the late 20th Century and then positions these in terms of the contemporary circumstances of the 21st Century Handbook of Distance Education Michael Grahame Moore,William C. Diehl,2018-12-07 The Handbook of Distance Education 4th Edition is a comprehensive compendium of research in the field of distance education The volume is divided into four sections covering the historical and theoretical foundations of distance education attributes of teaching and learning using technology management and administration and different audiences and providers Throughout leading scholars address future research needs and directions based on current research established practices and recent changes to implementation pedagogy and policy *Learning, Culture, and Community in Online Education* Michelle M. Kazmer,2004 In 1996 the Graduate School of Library and Information Science at the University of Illinois at Urbana Champaign began an Internet based teaching program allowing students across the United States and the world to earn a Master s degree from a distance The program known as LEEP Library Education Experimental Project has been an outstanding success and as an early innovation in Internet use provides important lessons on how to flourish in an online environment Learning Culture and Community in Online Education brings together significant new research on online education using the LEEP program as a model to reveal a wealth of information about innovative online practices Contributions by administrators philosophers faculty librarians technical staff and researchers in the traditions of education computer science folklore information science and sociology reveal the many perspectives to be taken into account when creating and maintaining distance learning programs More than an analysis of the LEEP program this book is an essential introduction to the variety of social and

educational phenomena that occur within the socio technical environments that support online learners      *The Off-campus Library Services Conference Proceedings* ,1998      **Handbook of Distance Education** Michael G. Moore,2013 This work provides overviews and summaries of the research and practice of distance education in the USA It addresses such questions as how distance education is best practised at the level of the teacher as well as the administrator      *The Sixth Off-campus Library Services Conference Proceedings* ,1993      *The Fifth Off-campus Library Services Conference Proceedings* ,1991

*Resources in Education* ,1999      **Providing Library Services for Distance Education Students** Carol F. Goodson,2001 A practical guide for librarians supporting distance education programmes It describes distance education delivery systems and trends as well as requirements of various regional accrediting associations and guidelines There are also chapters on PR legal and financial issues and more      **The Twelfth Off-Campus Library Services Conference Proceedings** Julie A. Garrison,2013-04-03 An essential tool for digital services for every campus library The Twelfth Off Campus Library Services Proceedings is a selection of superb presentations from the twelfth annual conference on library services held in Savannah Georgia in April 2006 Respected experts tackle the latest issues in library services distance learning and administration focusing on theory best practices and practical digital applications using the most current research available at the time of the conference Case studies provide a clear view of the challenges present in various types of campus libraries and practical strategies are offered to more fully utilize electronic resources in the future This comprehensive collection provides valuable advice on copyright issues evaluating library services Web sites best practices for distance learning instruction Weblogs in instruction collaborative efforts and many other of the latest issues Practical ideas consider budget and knowledge constraints emphasizing strategies using the latest digital software The future of electronic services in campus libraries is considered in detail The book also contains workshop and poster abstracts including full papers when provided by the author The Twelfth Off Campus Library Services Proceedings contains several helpful tables and appendixes to clearly illustrate surveys and data results Each chapter is carefully referenced Topics in The Twelfth Off Campus Library Services Proceedings include providing education on the key differences between copyright and plagiarism results of a survey from users to determine usefulness of content and services offered in an electronic environment findings of a survey on the form and function models within regional campus librarians comparison between ARL ACRL SPEC Kit data and a selection of current library literature survey results on the professional development needs of distance librarians the use of blogs as a supplement to face to face instruction and as outreach the role of e mail reference in electronic services virtual real time chat reference collaborations recommendations for modifications to the process of adapting and testing an analytic rubric used with graduate literature reviews case study in statewide cooperation in the delivery of library services much much more The Twelfth Off Campus Library Services Proceedings is an invaluable resource that explores present and future digital library services challenges for campus librarians of all types everywhere

Off-Campus Library Services Barton M. Lessin,1991-12 a compact reasonably priced introduction recommended for library science students librarians and administrators as well as extended campus educators JOURNAL OF ACADEMIC LIBRARIANSHIP     Learning Online Maggie McVay Lynch,2012-09-10 Whether taking classes in school college or university or in a corporate training setting it is likely that learners will be expected to do at least part of their studies via the computer This book provides realistic guidelines to ensure their success in the virtual learning environment From detailing tools such as WebCT and Blackboard to overcoming personal barriers to success in distance learning this handy text deals with issues that readers of any age stage or situation are likely to encounter by demystifying terms and concepts common to online learning addressing issues of online ethics such as netiquette plagiarism and software piracy offering practical advice on interacting effectively online submitting assignments and doing research furnishing numerous links to Web pages and other resources for further study and research The author offers serious and humorous anecdotes to help readers avoid the pitfalls and capitalize on opportunities that will help them become a successful online student Current and prospective online learners will greatly benefit from this practical book filled with clear detailed assistance for learning online     International Students and Academic Libraries Diane E. Peters,2010-04-12 The growing emphasis on globalization in the context of higher education has resulted in changes in academic curricula increasing numbers of global partnerships and in more concentrated efforts to recruit international students at North American universities This book focuses on the impact of these efforts on academic libraries The introductory essay addresses issues faced by both international students and by librarians who work with them The student related issues include general culture shock communication and language concerns learning styles differences between libraries in North America and those in other parts of the world and library anxiety Library related issues include responding to language technological and cultural barriers responding to specific culture based concerns classroom communication outreach and staff training Suggestions are offered as to ways to make the relationship between students and librarians more positive and productive The annotated bibliography provides an overview of the literature on the topic covering such issues as basic library orientation bibliographic instruction information literacy collection development computers and the internet language and communication marketing and outreach reference services and staff development and training including staff exchanges and international visits Author and subject indexes are appended

**Illinois Libraries** ,1994 Includes proceedings of the Illinois Library Association     **1979-1990** Henryk Sawoniak,2012-02-14 No detailed description available for 1979 1990     *Electronic Collection Management* Suzan D McGinnis,2013-10-18 Build and manage your collection of digital resources with these successful strategies This comprehensive volume is a practical guide to the art and science of acquiring and organizing electronic resources The collections discussed here range in size from small college libraries to large research libraries but all are facing similar problems shrinking budgets increasing demands and rapidly shifting formats Electronic Collection Management offers new

ideas for coping with these issues Bringing together diverse aspects of collection development Electronic Collection Management investigates traditional strategies that still have value and suggests innovative solutions to new problems It also offers informed discussion on how collection development and management are likely to change in the future More and more the emphasis is turning from collecting information to organizing it a paradigm shift that is nothing short of a revolution in library science Electronic Collection Management examines some of the toughest issues of electronic collections management including handling tensions in liberal arts colleges over patron expectations library budgets and collection priorities taking technical issues into account in selecting electronic resources controlling costs for scientific serials organizing electronic resources for ease of access facing the challenges of distance learning finding fresh perspectives on traditional publication formats Electronic Collection Management presents practical advice and solid information on the urgent issues subject bibliographers and collection development librarians are confronting today

**Guides to Library**

**Collection Development** John Thomas Gillespie, Ralph J. Folcarelli, 1994-08-15 Intended to enhance collection development in school public and college libraries this volume lists and annotates approximately 1 500 significant bibliographies published from 1985 through 1993 with some earlier but still useful publications Annotations indicate scope of the work size often the number of entries kinds of material included purpose arrangement nature of entries indexes special features and a recommendation Author title and subject indexes provide easy access to the entries With its deep and comprehensive coverage this work will help not only in the process of selecting and acquiring materials for the library but also in the process of identification of items for reference readers advisory interlibrary loan and collection evaluation
